A Beginner's Practice Book For Tracing And Writing Easy Cursive Alphabet Letters And Numbers Independently Published  
Cursive Handwriting Workbook for Teens: Learning Cursive with Inspirational Quotes for Young Adults, 3 in 1 Cursive Tracing Book Including over 130 Pages of Exercises with Letters, Words and Sentences Recommended by teachers It is important to know, that neuroscientists believe that learning cursive is developmentally beneficial for the human brain, at any stage. Writing by hand, especially in cursive, is vital in training the brain to practice and, thus improve, more skills and senses all at once: hand-eye coordination, patience, self-control, and a sense of involvement and ownership. All this, while learning more about the English language. In this workbook, you will find various writing exercises in over 130 pages. The lines in the book are wide/legal ruled with the measurements: 3/8", 9mm distance between the top line and the bottom line, with a dotted midline. The letter size is customized for teenagers and young adults alike, to help with learning cursive writing on legal ruled lines. What's inside? Part 1 starts off with the Alphabet where writing letters in both lowercase and capital forms are practiced through tracing and connecting the dots. Each letter is presented with directional arrows to guide the hand movements. This book has plenty of space with a whole page for practicing each letter. Part 2 and 3 moves on to writing inspirational quotes in cursive from some of the greatest thinkers, leaders and artists throughout history like: Leonardo da Vinci, Abraham Lincoln, Socrates, Queen Victoria, Voltaire and many others. There are two worksheets for each quote. You will gain thorough practice in writing words first, which are extracted from the quote with a traceable cursive font. The next step moves on to writing the entire sentence from the quote multiple times. Go to the top-right of the page and click "Add to Cart"
