The Transcendental Game of Zen St. Martin's Essentials
The feeling that it is five minutes to midnight is known to many by now, and is often referred to as the "Doomsday Clock." As the many crises faced by humanity and planet Earth gather and tumble toward an emergency, some have even reduced the time left to two and a half minutes. It is no wonder that we feel

increasingly helpless and at a loss what to do. Osho calls Zen not a teaching but an alarm to wake us up, because as individuals we are all deeply asleep, and this sleep has to be shattered. "For centuries, you have been asleep. Sleep has become your nature. You have forgotten what awareness is, what to be awake means." He wants us to wake up...before it is too late. Zen, more than any other religious or spiritual tradition, is relevant to such times as these, when none of our old approaches to solving problems will do. Immediate, urgent, and direct, Zen is not interested in answers or in questions, not interested in teaching at all, because it is not a philosophy. As Osho begins here, by quoting the great

Zen master, Dize: "All the teachings of the sages, of the saints, of the masters, have expounded no more than this: they are commentaries on your sudden cry, 'Ah, This!'" In this series of talks, Osho unfolds a selection of classic Zen stories and responds to questions. Along the way, we learn how the tools of Zen can be used to embrace uncertainty, to be at ease with not-knowing, to act decisively and with clarity and awareness. To "get woke," in other words, so that we can use each moment between now and midnight for transformation.

The Ultimate Flowering of Love St. Martin's Griffin

One of the most important life events is falling in love, yet we never learn about it in school. Societies and religions force us into models and thought-forms that are often in opposition to an organic model of love, which is instead institutionalized by marriage, religious affiliations, and nationalism. This results in love that is, for most people, a painful challenge in one form or another throughout life. In these modern days, where the focus shifts more and more to realizing one's individual potential, Osho helps us to direct our search for love by widening our view - showing us that love has many manifestations and is not limited to the 'other'. One manifestation of love is meditation, a life-changing experience that allows the flowering of real love within oneself and toward others. The Osho Life Essentials series focuses on the most important questions in the life of the individual. Each volume contains timeless yet contemporary investigations and discussions into questions vital to our personal search for meaning and purpose. The Osho Life Essentials series focuses on questions specific to our inner life and quality of existence; for example, is it possible to have an authentic spirituality without a belief in God? What is meditation and how does it work? What can I do as an individual to make the world a better place?

Understand the life and teachings of Osho, one of the twentieth

century's most unusual gurus and philosophers, in *Autobiography of a Spiritually Incorrect Mystic*. In 1990, Osho prepared for his departure from the body that had served him for fifty-nine years—in the words of his attending physician—“as calmly as though he were packing for a weekend in the country.” Who was this man, known as the Sex Guru, the “self-appointed bhagwan” (Rajneesh), the Rolls-Royce Guru, the Rich Man's Guru, and simply the Master? Drawn from nearly five thousand hours of Osho's recorded talks, this is the story of his youth and education, his life as a professor of philosophy and years of travel teaching the importance of meditation, and the true legacy he sought to leave behind: a religion-less religion centered on individual awareness and responsibility and the teaching of “Zorba the Buddha,” a celebration of the whole human being. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the “1000 Makers of the 20th Century” and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Awareness, the Key Macmillan

Osho Zen Tarot, from the #1 bestselling mystic and spiritual author Osho! When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration: what will happen in the future? What about my health, the children? What will happen if I make this decision and not that one? This is how the

traditional tarot is often used, to satisfy a longing to know about the past and future. The Osho Zen Tarot focuses instead on gaining an understanding of the here and now. It is a system based on the wisdom of Zen, a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings, even though we ourselves might be unclear about what those thoughts and feelings are. So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts. The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative. The text in the accompanying book helps to interpret and understand the images in the simple, straightforward and down to earth language of Zen.

In *Compassion: The Ultimate Flowering of Love*, one of the greatest spiritual teachers of the twentieth century explores how to empathize with others—and ourselves. Examining the nature of compassion from a radically different perspective, Osho reveals that “passion” lies at the root of the word, and then proceeds to challenge assumptions about what compassion really is. Many so-called acts of compassion, he says, are tainted by a subtle sense of self-importance and desire for recognition. Others

are based in the desire not really to help others but to force them to change. Using stories from the lives of Jesus and Buddha and the world of Zen, Osho shows how the path to authentic compassion arises from within, beginning with a deep acceptance and love of oneself. Only then, says Osho, does compassion flower into a healing force, rooted in the unconditional acceptance of the other as he or she is. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.
