Understanding Business Global Edition by Nickels, McHugh, and McHugh has been the number one textbook in the introduction to business market for several editions for three reasons: (1) The commitment and dedication of an author team that teaches this course and believes in the importance and power of this learning experience, (2) we listen to our customers, and (3) the quality of our supplements package. We consistently look to the experts – full-time faculty members, adjunct instructors, and of course students – to drive the decisions we make about the text itself and the ancillary package. Through focus groups, symposia, as well as extensive reviewing of both text and key ancillaries, we have heard the stories of more than 600 professors and their insights and experiences are evident on every page of the revision and in every supplement. As teachers of the course and users of their own materials, the author team is dedicated to the principles of excellence in business education. From providing the richest most current topical coverage to using dynamic pedagogy that puts students in touch with today's real business issues, to creating groundbreaking and market-defining ancillary items for professors and students alike, Understanding Business leads the

way.

"Prealgebra is designed to meet scope and sequence requirements for a one-semester prealgebra course. The text introduces the fundamental concepts of algebra while addressing the needs of students with diverse backgrounds and learning styles. Each topic builds upon previously developed material to demonstrate the cohesiveness and structure of mathematics. Prealgebra follows a nontraditional approach in its presentation of content. The beginning, in particular, is presented as a sequence of small steps so that students gain confidence in their ability to succeed in the course. The order of topics was carefully planned to emphasize the logical progression throughout the course and to facilitate a thorough understanding of each concept. As new ideas are presented, they are explicitly related to previous topics."--BC Campus website.
