### **Color Decorated Living Christmas Trees**

Houghton Mifflin Harcourt Families who put up Christmas trees need this story! It is Christmas time and the pine trees are sprucing up. They are cleaning nests from their

branches, patching holes in their trunks, and telling the forest animals to find other places to live. Why? Mother Nature will visit soon to choose the most spectacular tree as this year's Christmas tree. Mother Nature expects the trees to be clean, green, tall, and straight. This causes a problem for Selena Squirrel, Miss Chickadee, Momma Deer, and other animals of the forest. One tree, however, is willing to help. Little Pine tells the animals that he can be their new home. This fixes one

problem, but causes another. Mother Nature does not like messy trees, and Little Pine is messy.

### **Good Night Christmas Tree** Penguin

As the first rays of the sun peek over nature's valley, a redheaded woodpecker busily drills, a doe's hooves make crunching sounds in the snow, and two Christmas trees--one perfect and one not so perfect--wait for someone to choose them, and hopefully not for firewood. Runt's needles are multi-colored and not two of his branches are the same

size. Grace is perfectly shaped without a blemish or pine cone to scar her profile. As they anxiously wait, Davey and his parents head into the woods to find the perfect tree. But after they choose Grace and haul her home, Runt is left alone without a purpose--or so he thinks. In this delightful holiday tale for children, nature shares a simple and beautiful lesson about the true meaning of the Christmas spirit.

*The New Christmas Tree* Houghton Mifflin Harcourt  
This book's creation was done by chance. A group of my co-workers were discussing Christmas and why decorations, trees, and other customs are practiced. Have you ever wondered the same? One question was regarding the Christmas tree. Where did the idea originate? Whom might be responsible for the tradition? Was a person responsible for the tree or was it a cultural phenomena that grew. I

am going to ask you to think back to your first memory of Christmas. It probably includes a memory of a decorated and brightly lit tree surrounded by colorfully wrapped presents. A smile always can be seen on even the most selfish and bitter person when viewing a well designed Christmas tree.

Central to the holiday is

finding the right Christmas tree. Some like the biggest and brightest nature offers, while others prefer artificial. Still, for most, putting up and decorating the tree ushers in the holiday season with wonder and excitement. In the delightful story, "Ripley The Christmas Tree Dog", children learn that Christmas trees require work and care to grow strong and beautiful. The tale begins and ends

with a little girl hugging Ripley and getting "just the right tree" with her family. The remainder of the storyline focuses on Grandpa and Ripley caring for their tree farm as the seasons progress through the months of the year. Thank you for choosing this book. We hope you will appreciate the educational value as well as the warm visual content. ~Whiter Than Snow Publications
