U.S. GAAP is also being abandoned by many public and private companies, and will eventually be replaced by a

higher-quality set of global standards. The *Convergence Guidebook for Corporate Financial Reporting* provides the timely, practical guidance that CFOs, controllers, and other financial managers need in order to prepare for the impact of *Convergence* on their companies, departments, and careers. *Guidebook* readers will also learn why they must begin preparing for

"the next big challenge in corporate financial reporting" now. *DipIFR - Diploma in International Financial Reporting - Russian Variant (for December 2017 and June 2018 exams)* John Wiley & Sons IFRSs, the standards set by the International Accounting Standards Board (IASB), are complex and sometimes obscure. Understanding their implications

and applying them appropriately requires something special; and that is why International GAAP 2016 is the essential tool for anyone applying, auditing, interpreting, regulating, studying and teaching international financial reporting. It provides expert interpretation and practical guidance for busy professionals, and includes, in every chapter, detailed

analysis of how complex financial reporting problems can be resolved appropriately and effectively. The International Financial Reporting Group of Ernst & Young includes financial reporting specialists from throughout the world. Complex technical accounting issues are explained clearly in a practical working context that enables

immediate understanding of the point at issue. International GAAP 2016 is the only globally focused work on IFRSs. It is not constrained by any individual country's legislation or financial reporting regulations, and it ensures an international consistency of approach unavailable elsewhere. It shows how difficult practical issues should be approached in the complex,

global world of international financial reporting, where IFRSs have become the accepted financial reporting system in more than 100 countries. This integrated approach provides a unique level of authoritative material for anyone involved in preparing, interpreting or auditing company accounts, for regulators, academic researchers and for all students of accountancy. All aspects of

the detailed requirements of IFRS are dealt with on a topic-by-topic basis. Each chapter of International GAAP 2016 deals with a key area of IFRS and has a common structure for ease of use: • An introduction to the background issues • An explanation of relevant principles • A clear exposition of the requirements of IFRS • A discussion of the implications in

practice and possible alternative solutions available • Worked examples • Extracts from real company accounts • A full listing of the required disclosures

 Becker Professional Education Ltd
 We all know, International Financial Reporting Standards, have finally reached the shores of India in a converged form under the nomenclature of Indian

Accounting Standards (Ind ASs). It has now become imperative to understand and internalise the intricacies of International Financial Reporting Standards, popularly known as IAS / IFRSs. This work professes to assist finance professionals and students of finance fraternity to: a) Deep dive into International Financial Reporting Standards (IAS / IFRSs) b) Explain the concepts with explanations,

more than hundred charts, 200 illustrations and solved problems against each of the standardsc) Compare the International Financial Reporting Standards with existing Indian GAAP **ACCA Diploma in International Financial Reporting, for Exams in December 2007 and June 2008** CreateSpace International GAAP® 2019 is a comprehensive guide to interpreting

and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EYs financial

reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed

companies from around the world. The 2019 edition of International GAAP® has been fully revised and updated in order to: • Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers). • Explore the complex implementation issues arising as entities adopt,

in 2019, IFRS 16 (Leases). • Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of

<p>this standard. • Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no standard applies to a particular transaction or event. • Address amended standards and new interpretations issued since the preparation of</p>	<p>the 2018 edition. • Explain the many other initiatives that are currently being discussed by the IASB and by the IFRS Interpretation s Committee and the potential consequential changes to accounting requirements. • Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book’s authors in dealing with current issues. <i>ACCA Study</i></p>	<p><i>Text</i> John Wiley & Sons Economic reforms initiated in India since early 1990s have led to increasing attention being devoted to accounting standards as a means towards ensuring potent and transparent financial reporting by corporations. International Financial Reporting Standards (IFRSs) - issued by the International Accounting Standards Board (IASB) as the uniform</p>

language of business to protect the interests of international investors - have brought into focus the need for reforms in accounting procedures in different countries. IFRSs have been made applicable in India for specified business entities. The new accounting norms have posed challenges for business enterprises in terms of presentation of accounts, and

accounting policies and procedures. This book explains the requirements of IFRSs and the attending implementation hurdles in India. *Dip IFR 2012* BPP Publishing ACCA Approved and valid for exams from 01 December 2017 up to 30 June 2018 - Becker's DipIFR Study Text has been approved and quality assured by the ACCA's examining team. *Study System Text* Becker Professional
