VW 09g Transmission  
valve body  
repairAutomatic  
Transmission Valve  
Body RepairThe choice  
to rebuild or replace  
the transmission valve  
body entirely isn't one  
size fits all. Here's  
what to consider when  
you're making that  
decision in your shop.  
Rebuilding vs.

Replacing the Valve  
Body. The valve body  
is a part of all  
automatic  
transmissions that acts  
as the main control  
center of the system.  
When a failing valve  
body causes symptoms  
and/or failures like  
noise during gear  
shifts, slippage, delays,  
and difficulty reversing,  
a driver is left with no  
choice but to fix or  
...Transmission Valve  
Bodies: Rebuild or  
Replace?The valve  
body is possibly the  
most complex part of  
an automatic  
transmission and is  
often the source of  
problems for  
transmission repair  
specialists. Equipment  
enlisted in this section  
allows to find  
sophisticated and  
efficient solutions to  
Valve Body testing,  
diagnosis, and repair.

Solenoid check equipment is also available for Automatic Transmission repair professionals. Valve Body Rebuilding Equipment for automatic transmission ...It did this by providing a new separator plate that divided the sections of the valve body. Also included were all the gaskets, some replacement springs, o-ring seals and a new spool valve. Keep in mind that each kit is designed for that particular automatic transmission and may include more or even less stuff inside. Transmission Valve Body Shift Kits - YouFixCars.com When it comes to replacing a transmission valve body, cost is something to take into account, as it will

depend on the labor and model of your vehicle. An average transmission valve body will cost between \$200 to \$500. In addition, the labor costs tend to be quite intense as the process of replacing can take around 2 to 4 hours to finish. Automatic Transmission Valve Body Functions and Failure ...An average transmission valve body piece will cost between \$200 to \$500. In addition, the labor costs tend to be quite extensive as replacing a transmission valve body can take anywhere from 2 to 4 hours to finish. So, it is important to note that the hourly rate of a mechanic fluctuates between \$60 to \$100. Transmission Valve Body: Function ... - The Auto News
