"Fantastic Learning Tool...Don't let this book title fool you. It is not an oversimplification of accounting and financial principles. It is, however, a serious and very effective examination of a very small but progressively complex business. There are not many books available on the market that make a complex and dry subject understandable and even fun. This book successfully does just that." -Amazon Reviewer
The Clearest Explanation Ever of the Key Accounting Basics
The world of accounting can be intimidating. Whether you're a manager, business owner or aspiring entrepreneur, you've likely found yourself needing to know basic accounting...but baffled by complicated accounting books. What if learning accounting could be as simple and fun as running a child's lemonade stand? It can. The Accounting Game presents financial information in a format so simple and so unlike a common

accounting textbook, you may forget you're learning key skills that will help you get ahead! Using the world of a child's lemonade stand to teach the basics of managing your finances, this book makes a dry subject fun and understandable. As you run your stand, you'll begin to understand and apply financial terms and concepts like assets, liabilities, earnings, inventory and notes payable, plus: -- Interactive format gives you hands-on experience --Color-coded charts and worksheets help you remember key terms --Step-by-step process takes you from novice to expert with ease --Fun story format speeds retention of essential concepts --Designed to apply what you learn to the real world The revolutionary approach of The Accounting Game takes the difficult subjects of accounting and business finance and makes them something you can easily learn, understand, remember and use! "The game approach makes the subject matter most understandable. I highly recommend it to anyone frightened by either numbers or accountants." -John Hernandis, Director of Corporate Communications, American Greetings

The need to understand and follow applicable government regulations is critical to providing safety for everyone affected by the transportation industry. Motor Carrier Safety simplifies the many complexities of legal compliance for the transportation of goods by highway. It provides you with the tools and focus required to achieve full regulatory compliance. The author examines current regulations to determine what issues and requirements pertain to such issues as hazardous materials, drugs and alcohol, employee safety and health. Bulleted lists present the regulations in a clear, easy-to-use format. You will understand the issues and be able to determine the specific regulations that affect your place of business. In addition to regulations and standards, this book covers points of training, record keeping, and suggestions for annual audits. Case studies relating to various regulations help you realize how either violating or complying will impact your business. These features combine to make Motor Carrier Safety the perfect vehicle for launching your in-house training program. The laws governing the transportation of goods by truck vary from

agency to agency. Motor Carrier Safety makes clear the regulations and provides the you with a practical source for complying with them. This book helps you to understand your regulatory exposure for non-compliance and guides you through the steps to becoming compliant. Technical Abstract Bulletin
