**RESEARCH METHODOLOGY IN BEHAVIOURAL SCIENCES** PHI Learning Pvt. Ltd.

This text is a classic in Indian political literature as the original author belongs to the Idealist school of great political thinkers such as T H Green and Bosanquet. It is a comprehensive treatise

on basic structure of established political theories, be it Bosanquet's idealistic theory of the State to liberal and anti-idealist view, as expressed by L T Hobhouse, to the Marxian theory of the State. The textbook follows an ideological approach where it rejects the attitude of those behaviouralists who place undue emphasis on methods, techniques and skills rather than on first principles and value judgements. It is developed for the

undergraduate students of Political Science (Pass and honours courses). Aspirants of various competitive examinations such as Civil Services Examination and state public service commission examinations will also find the book extremely useful.

ADVANCED EDUCATIONAL PSYCHOLOGY PHI

Learning Pvt. Ltd.

Unlike most educational psychology books, which take one theory at a time, explain its assumptions and principles and then identify implications for

educational practice, Essentials of Educational Psychology focuses more on the commonalities than the differences among theories, because although researchers from different traditions have approached human cognition and behavior from many different angles, they sometimes arrive at more or less the same conclusions. This book integrates ideas from many theoretical perspectives into a set of principles and concrete strategies that psychology as a whole can offer you.

See for Yourself exercises will help you discover more about yourself as a thinker and learner and also help you come to a deeper and more personal understanding of educational psychology's core ideas.
