One Taste Too Many Harper Collins
Traditionally in China and Japan, drinking a cup of tea was an opportunity for contemplation, meditation, and an elevation of mind and spirit. Here, renowned translator William Scott Wilson distills what is singular and precious about this traditional tea culture, and he explores the fascinating connection between Zen and tea drinking. He unpacks the most common phrases from Zen and Chinese philosophy—usually found in Asia printed on hanging scrolls in tea rooms, restaurant alcoves, family rooms, and martial arts dojos—that have traditionally served as points of contemplation to encourage the appropriate atmosphere for drinking tea or silent meditation. Part history, part philosophy, part inspirational guide, *The One Taste of Truth* will connect you to the distinctive pleasure of sipping tea and allowing it to transport your mind and thoughts. This beautifully written book will appeal to tea lovers and anyone interested in tea culture, Chinese philosophy, and Zen.

A New Path to Simple Cooking One Taste
This engaging and approachable (and humorous!) guide to taste and flavor will make you a more skilled and confident home cook. How to Taste outlines the underlying principles of taste, and then takes a deep dive into salt, acid, bitter, sweet, fat, umami, bite (heat), aromatics, and texture. You'll find out how

temperature impacts your enjoyment of the dishes you make as does color, alcohol, and more. The handbook goes beyond telling home cooks what ingredients go well together or explaining cooking ratios. It also includes recipes and simple kitchen experiments that illustrate the importance of salt in a dish, or identifies whether you're a "supertaster" or not. Each recipe and experiment highlights the chapter's main lesson. *How to Taste* will ultimately help you feel confident about why and how various components of a dish are used to create balance, harmony, and deliciousness.

The One Taste of Truth Bold Strokes Books Inc

One of the Millions's Most Anticipated Books of 2021 America's modern culinary history told through the lives of seven pathbreaking chefs and food writers. Who's really behind America's appetite for foods from around the globe? This group biography from an electric new voice in food writing honors seven extraordinary women, all immigrants, who left an

indelible mark on the way Americans eat today. *Taste Makers* stretches from World War II to the present, with absorbing and deeply researched portraits of figures including Mexican-born Elena Zelayeta, a blind chef; Marcella Hazan, the deity of Italian cuisine; and Norma Shirley, a champion of Jamaican dishes. In imaginative, lively prose, Mayukh Sen—a queer, brown child of immigrants—reconstructs the lives of these women in vivid and empathetic detail, daring to ask why some were famous in their own time, but not in ours, and why others shine brightly even today. Weaving together histories of food, immigration, and gender, *Taste Makers* will challenge the way readers look at what's on their plate—and the women whose labor, overlooked for so long, makes those meals possible.

 "Thrilling . . . [told] with gonzo élan . . . When the sommelier and blogger Madeline Puckette writes that this book is the Kitchen Confidential of the wine world, she's not wrong, though Bill Buford's *Heat* is probably a shade closer." —Jennifer Senior, *The New York Times* Professional journalist and amateur drinker Bianca Bosker didn't know much about wine—until she discovered an alternate universe where taste reigns supreme, a world of elite sommeliers who dedicate their lives to the pursuit of flavor. Astounded by their fervor and seemingly superhuman sensory powers, she set out to uncover what drove their obsession, and whether she, too, could become a "cork dork." With boundless curiosity, humor, and a healthy dose of skepticism, Bosker takes the reader inside underground tasting groups, exclusive New York City restaurants, California mass-market wine factories, and even a neuroscientist's fMRI machine as she attempts to answer the most nagging question of all: what's the big deal about wine? What she learns will change the way you drink wine—and, perhaps, the way you live—forever. "Think: Eat, Pray, Love meets *Somm*." —theSkimm "As informative as it is, well, intoxicating." —Fortune

 I'm the jokester, the one who pulls the best pranks. I'm the guy the frat brothers avoid for fear of what they'll wake up to face the next day. But now, the joke's on me. Literally on me! In BIG. BOLD. BLACK LETTERS! A tattoo...of another guy's name. I was branded, and no one else can know. The problem is I don't know how it got there. Who the hell is Blake? Worst of all, why the f*ck did I have a guy's name

tattooed on my wrist to begin with? What could have possessed me? I've done a lot of things, tortured a lot of my brothers, and I've loved every single minute of it. I guess it's payback. The only things I remember are...dark hair, smelling of sweet honey, and maybe something floral, soft hands, and the sweetest laugh. So tell me, how can I get from a memory like that to waking up in the back yard beside the pool, with a f*ucking tattoo? Of a dude's name? Oh, Tequila, what have you done now?
