The Torch and the Sword is the long-awaited sequel to The Final Quest and The Call. Written for mature Christians, this book is not recommended for the spiritually timid. Continuing themes established in the previous books, The Torch and the Sword carries these themes further and deeper while venturing into new spiritual territories The Torch and the Sword paints an increasingly broad and clear spiritual picture of our times. As Christians, we are called not only to endure the challenges with which we are faced, but also to prevail, seizing the great spiritual opportunities available to us. The truth of the gospel of Jesus Christ is the light which is stronger than any darkness. This book is a call to those who will love and stand for the Truth until His victory is complete.

Why do bookshops matter? How do they filter our ideas and literature? In this inventive and highly entertaining extended essay, Jorge Carrion takes his reader on a journey around the world, via its bookshops. His travels take him to Shakespeare & Co in Paris, Wells in Winchester, Green Apple Books in San Francisco, Librairie des Colonnes in Tangier, the Strand Book Store in New York and provoke encounters with thinkers, poets, dreamers, revolutionaries and readers. Bookshops is the travelogue of a lucid and curious observer, filled with anecdotes and stories from the universe of

writing, publishing and selling books. A bookshop in Carrion's eyes never just a place for material transaction; it is a meeting place for people and their ideas, a setting for world changing encounters, a space that can transform lives. Written in the midst of a worldwide recession, Bookshops examines the role of these spaces in today's evershifting climate of globalisation, vanishing high streets, e-readers and Amazon. But far from taking a pessimistic view of the future of the physical bookshop, Carrion makes a compelling case for hope, underlining the importance of these places and the magic that can happen there. A vital manifesto for the future of the traditional bookshop, and a delight for all who love them. Translated from the Spanish by Peter Bush

Cursed by God, hunted by demons, desired by Cain and Abel... All in a day's work. For Evangeline Hollis, a long ago fling with a bad boy from the wrong side of the tracks just became a disaster of biblical proportions. One night with a leather-clad man of mystery has led to a divine punishment: the Mark of Cain. Thrust into a world where sinners are drafted into service to kill demons, Eve's learning curve is short. A longtime agnostic, she begrudgingly maneuvers through a celestial bureaucracy where she is a valuable but ill-treated pawn. She's also become the latest point of contention in the oldest case of sibling rivalry in history... But she'll worry about all that later. Right now she's more concerned with learning to kill while staying alive. And saving the soul she'd never believed she had ... in S.J. Day's Eve of Darkness. David Curtis is one of the most successful and loved artists in the UK. His books are bestsellers and in his latest publication he talks about the secrets of producing paintings with impact. Although his work is not showy, they are powerful and are much-sought after. His secrets for painting with impact are the sensitive consideration of balance and contrast in tone, colour, handling qualities and compositional elements. Whether you're working on location with a limited palette or in the studio with all the time and materials at your disposal, the author talks you through the ways to capture the essence of a subject matter and the mood or sense of the place, and always with a something that will grab the viewer. The key elements are covered: Selection - what to paint and if necessary how to simplify or dramatise those elements; Mood - creating a strong sense of mood through choice of medium, colour and painting technique; Colour - choosing the right colours to suit the intentions of the painting. The book discusses a range of inspiring locations, from marine subjects, beaches and harbours to city scenes, trees and the light of the Mediterranean.

Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.

America in the 1960's; a golden time for the family, when children behaved, wives stayed at home and men wore suits to work. But in all this perfection, reality, life, relationships and people can't help but expose this idyll for the lie that it is. Dick is a respected writer, with a beautiful young wife, and two children who he adores. So why isn't he happy? And why isn't his wife, Daisy, happy either? Maintaining his marriage and earning enough to bring up his kids is hard enough, but the tumultuous relationship with Daisy, debts, and his penchant for gambling make things even more difficult. Despite these odds, Dick and Daisy drink, laugh and argue their way to a place of real tenderness. First published in 1963, Boys and Girls Together is a truly modern love story, examining the complexities of relationship, family, the nature of love, and ultimately, our need for it.

"There are many textbooks available for a so-called transition course from calculus to abstract mathematics. I have taught this course several times and always find it problematic. The Foundations of Mathematics (Stewart and Tall) is a horse of a different color. The writing is excellent and there is actually some useful mathematics. I definitely like this book."--The Bulletin of Mathematics Books
