## JACOBY COLON

---

Scat Faber & Faber  
A New York Times  
bestseller—a brilliantly  
funny exploration of the  
Sunshine State from the  
man who knows it best:  
Pulitzer Prize winner Dave  
Barry. We never know  
what will happen next in  
Florida. We know only  
that, any minute now,  
something will. Every few  
months, Dave Barry gets  
a call from some media  
person wanting to know,  
“What the hell is wrong  
with Florida?” Somehow,  
the state's acquired an  
image as a subtropical  
festival of stupid, and as a  
loyal Floridian, Dave begs  
to differ. Join him as he  
goes in hunt of the

legendary Skunk Ape;  
hobnobs with the  
mermaids of Weeki  
Wachee Springs; and  
visits Cassadaga, the  
psychic capital of the  
world, to have his dog's  
aura read (apparently,  
she's "very spiritual").  
Hitch a ride for the non-  
stop thrills of alligator-  
wrestling ("the gators  
display the same fighting  
spirit as a Barcalounger"),  
the hair-raising spectacle  
of a clothing-optional bar  
in Key West, and the  
manly manliness of the  
Machine Gun Experience  
in Miami. It's the most  
hilarious book yet from  
“the funniest damn writer  
in the whole country”  
(Carl Hiaasen, and he  
should know). By the end,  
you'll have to admit that  
whatever else you might  
think about Florida—you

can never say it's boring.  
Kick Ass Gemma Halliday  
Publishing  
DARK RIDES is an erotic  
journey of sexual  
adventures, and a tribute  
to the world of fantasy  
created by the Parks and  
Resorts of Walt Disney  
World. Blu Carson's  
lifelong love of Disney led  
her down a path of  
naughtiness in The Most  
Magical Place on Earth.  
Along with a few special  
friends, she made all of  
her dreams come true in  
her favorite locations  
around The World.  
Whether it was the  
Monorail, The Pirates of  
the Caribbean, or The  
Adventurers Club, lust and  
laughter flourished. In the  
spirit of adult relaxation,  
each DARK RIDES  
adventure includes a  
themed drink pairing with

recipe. Sip on a Monorail Pink or a Kungaloosh, and enjoy your favorite DARK RIDES!

Stormy Weather Serpent's Tail

A colorful look at a forgotten era of Florida tourism Filled with rare photographs, vintage postcards and advertisements, and fascinating writing from over 100 years ago, Florida's Healing Waters spotlights a little-known time in Florida history when tourists poured into the state in search of good health. Rick Kilby explores the Victorian belief that water caused healing and rehabilitation, tracing the history of "taking the waters" from its origins in the era of Enlightenment.

Nineteenth-century Americans traveled from afar to bathe in the outdoors and soak up the warm climate of Florida. Here, with more than 1,000 freshwater springs, 1,300 miles of coastline, and 30,000 lakes, water was an abundant resource. Through the wealth of images in this book, Kilby shows how Florida's natural wonders were promoted and developed as restorative destinations for America's emerging upper class. The rapid growth in tourism

infrastructure that began during the Gilded Age lasted well into the twentieth century, and Kilby explains how these now-lost resorts helped boost the economy of modern Florida. Today, these splendid health spas and elaborate bathing facilities have been lost, replaced by recreational amenities for a culture more about sun and fun than physical renewal. In this book, Kilby emphasizes the value of honoring and preserving the natural features of the state in the face of continual development. He reminds us that Florida's water is still a life-giving treasure.

**The Stories of How Walt's Kingdom Became Magic in Orlando** Knopf

The workbook follows the same twenty-one-chapter format as the book. Each chapter includes four exercises with space to do the exercises on the pages. The workbook will also include a narrative character who is struggling with procrastination in her work and home lives and uses the recommendations from *Eat That Frog!* to improve her time management performance.

Wild Green Wonders

Routledge

Walt Disney's vision for a city of tomorrow, EPCOT, would be a way for American corporations to show how technology, creative thinking, and hard work could change the world. He saw this project as a way to influence the public's expectations about city life, in the same way his earlier work had redefined what it meant to watch an animated film or visit an amusement park. Walt and the Promise of Progress City is a personal journey that explores the process through which meaningful and functional spaces have been created by Walt Disney and his artists as well as how guests understand and experience those spaces.

*Deadly Cool* Ayefour

Take a trip to exotic South Florida with this dark, funny book that established Carl Hiaasen as one of the top mystery writers in the game. The first sign of trouble is a Shriner's fez washed up on a Miami beach. The next is a suitcase containing the almost-legless body of the local chamber of commerce president found floating in a canal... The locals are desperate to keep the murders under wraps and

the tourist money flowing. But it will take a reporter-turned-private eye to make sense of a caper that mixes football players, politicians, and one very hungry crocodile in this classic mystery that GQ called "one of the top ten destination reads of all time."

Sacred Feathers Hachette GO

Desperate to compete with the newly opened Walt Disney World Resort, Miss Thelma Foote struggles to deal with the lack of business at Weeki Wachee Springs, while coping with the constant repairs, bills, and mischievous "mermaids," but everyone's luck takes a turn for the better when Delores Walker arrives from the Bronx to pursue her long-time dream of becoming a mermaid.

*Flash of Genius*

GringoGuide200

From #1 Amazon, New York Times & USA Today bestselling author Gemma Halliday comes an average day in an average high school that suddenly turns deadly... When Hartley Grace Featherstone heard the rumor that her boyfriend, Josh, was playing "hide the pom-poms" with the president of the Herbert Hoover High Chastity Club, she was crushed.

When she found proof of his cheating, she was downright angry. But when she found the dead body of Miss Chastity herself, Courtney Cline, shoved into her boyfriend's closet, Hartley was something else altogether... scared for her life. Now Hartley's boyfriend Josh—scratch that, ex-boyfriend—is the #1 suspect in a murder, the police are watching Hartley's every move, and the only thing spreading faster than the gossip about Hartley is the fear that someone else at school may be next. Along with her faithful best friend and an unlikely ally in the bad-boy editor of the school paper, it's up to Hartley to find out who really offed her school's queen of mean. Before Hartley becomes the killer's next victim.

Deadly Cool - book #1

Killer Looks - book #2

Wicked Games - book #3

"Irreverently funny voice... wicked pace... explosive conclusion!" ~

Booklist "Halliday

balances the comedy and suspense notes well,

keeping her characters intriguing and her narrative bright.

Suspenseful fun." ~ Kirkus

Reviews "This fun and

outrageous mystery is a perfect mix of humor and horror that will have readers laughing while they try to figure out 'whodunit.'" ~ School Library Journal "I absolutely adore this series and these characters... it's smart, funny and full of heart." ~ The Book Life Rating: This book does not contain any scenes with graphic gore, violence, or sexual content. Its rating would be similar to a PG13 movie or Hallmark Channel mystery. Themes encountered by real teens are explored (including teen sex vs. abstinence), while keeping the overall rating and content appropriate for younger- and pre-teens.

Consequences are shown for behaviors, and negative actions are not glorified.

Wild Green Wonders

brings you a selection of twenty years' worth of

Patrick Barkham's writings for the Guardian, and it bears witness to the great many changes imposed upon this planet and the challenges lying ahead for the future of nature. From Norwegian wolves to protests against the HS2 rail, from peregrine falcons nesting by the Thames to Britain's last lion tamer, Barkham paints an ever changing portrait of contemporary wildlife. This collection also presents thought-provoking interviews with conservationists, scientists, activists and writers such as Rosamund Young, Ronald Blythe and other eco-luminaries, including Sir David Attenborough and Brian May. 'Siding with the planet is siding with the underdog, and this has motivated much of my journalism', Barkham writes. *Wild Green Wonders* is his chronicle.

**Carl Hiaasen 5-Book Collection** Adams Media  
A pop-science journey into the surprising ingredients found in most common packaged foods Like most Americans, Steve Ettlinger eats processed foods. And, like most consumers, he didn't have a clue as to what most of the ingredients on the labels mean. So when his young daughter asked, Daddy,

what's polysorbate 60?, he was at a loss and determined to find out. From the phosphate mines in Idaho to the oil fields in China to the Hostess factories and their practices, *Twinkie, Deconstructed* demystifies some of the most common processed food ingredients, where they come from, how they are made, how they are used, and why. Beginning at the source (hint: they're often more closely linked to rock and petroleum than any of the four food groups), we follow each Twinkie ingredient through the process of being crushed, baked, fermented, refined, and/or reacted into a totally unrecognizable goo or powder, all for the sake of creating a simple snack cake. An insightful exploration of the modern food industry, if you've ever wondered what you're eating when you consume foods containing mono- and diglycerides or calcium sulfate (the latter a food-grade equivalent of plaster of paris), this book is for you. Consequently, as Hostess plans to permanently close its doors in 2012, this book will provide a relevant guide into the practices of one of the biggest

companies of all time. *Native Tongue* Vintage Crime/Black Lizard  
"Based on the business novel, *The Goal*: A process of ongoing improvement by Eliyahu M. Goldratt and Jeff Cox."

*And Other True Stories of Invention* Vintage Crime/Black Lizard  
From the New York Times bestselling author comes a novel in which dedicated, if somewhat demented, environmentalists battle sleazy real estate developers in the Florida Keys. "Rips, zips, hurtles, keeping us turning the pages at breakfinger pace." —New York Times Book Review  
When the precious clue-tongued mango voles at the *Amazing Kingdom of Thrills* on North Key Largo are stolen by heartless, ruthless thugs, Joe Winder wants to uncover why, and find the voles. Joe is lately a PR man for the *Amazing Kingdom* theme park, but now that the voles are gone, Winder is dragged along in their wake through a series of weird and lethal events that begin with the sleazy real-estate agent/villain Francis X. Kingsbury and can end only one way....

**Selected Columns of Carl Hiaasen** Ballantine Books

This thought-provoking and timely book from a #1 New York Times bestselling novelist and noted child psychologist reveals the factors that often lead to explosive and shocking juvenile violence. "Ethically and morally, kids are works in progress. Throw in psychopathy and you've got a soul that will never be complete." In this powerful, disturbing book, bestselling author and noted child psychologist Jonathan Kellerman shines a penetrating light on antisocial youth—kids who kill without remorse—asserting that "psychopathic tendencies begin very early in life, as young as three, and they endure." Criticizing our quick impulse to blame violent movies or a "morally bankrupt" society, Kellerman convinces us that it is the kids themselves who need to be examined. Carefully. How do children become cold-blooded killers? Kellerman warns that today's aggressive bully is tomorrow's Mafia don, cult leader, or genocidal dictator. Violently psychopathic youths possess an overriding need for power, control, and stimulation, and all display a complete lack of regard for the humanity of

others. He examines the origins of psychopathy and the ever-shifting debate between nurture and nature, offering some controversial solutions to dealing with homicidal tendencies in children. As timely as today's headlines, more gripping than fiction, *Savage Spawn* is a provocative look at the links between society and biology, children and violence. Kellerman's sobering message will remain with you long after the last page is turned. **BONUS:** This edition includes an excerpt from Jonathan Kellerman's *Guilt*. *Water Works Engineering* Random House An autobiography of a young Chinese man whose childhood and adolescence were spent in Mao's China during the Cultural Revolution. **Mass Communication** Fantagraphics Books Only in America could an innocent, if drunken, guest of honor at a strip joint bachelor party become a mortal threat against Big Money and Big Government. Only in south Florida, land of roadside honky-tonks and sinister pleasure boats—not to mention blackmail and murder—would a virtuous topeless dancer join forces

with a cool but clueless cop. And only in the fiction of Carl Hiaasen do readers experience riveting suspense and razor-sharp characters along with the most wicked humor imaginable. This is *Strip Tease*, Hiaasen's most inventive tale yet of savage appetites and sweet justice. **BONUS:** This edition includes an excerpt from Carl Hiaasen's *Bad Monkey*. *Lucky You* Penguin "One man's quest to recover from great success"--Front cover. *Skinny Dip* Macmillan "Since its opening in October 1971, Walt Disney World has continued to expand and evolve as the most visited vacation resort in the world. What hasn't changed over five decades is the incomparable sense of magic it bestows on all who pass through the arched entrance gates. Disney World at 50 is a celebration of the park's rich and fascinating history, from its early development as "The Florida Project" to the ever spectacular present. Explore Walt's original utopian vision, the most incredible feats by Disney's Imagineers, and each of the individual

theme parks. Featuring historic coverage and over 100 photos from the Orlando Sentinel archives, the commemorative edition is a visually stunning chronicle of the place where dreams come true." --

This book offers the most in-depth, step-by-step coverage available of contemporary water treatment plant planning, design and operations. Readers can walk step by step through water treatment plant planning and design, including predesign reports, problem definition, site selection and more.

### **Jordan Marsh: New England's Largest**

**Store** Berrett-Koehler Publishers

Carl Hiaasen takes us deep in the Everglades with an eccentric eco-avenger, a ticked-off panther, and two kids on a mission to find their missing teacher.

Florida—where the animals are wild and the people are wilder! Bunny Starch, the most feared biology teacher ever, is missing. She disappeared after a school field trip to Black Vine Swamp. And, to be honest, the kids in her class are relieved. But when the principal tries to tell the students that Mrs. Starch has been called away on a "family emergency," Nick and Marta just don't buy it.

No, they figure the class delinquent, Smoke, has something to do with her disappearance. And he does! But not in the way they think. There's a lot more going on in Black Vine Swamp than any one player in this twisted tale can see. It's all about to hit the fan, and when it does, the bad guys better scat. "Ingenious . . . Scat won't disappoint Hiaasenphiles of any age." —The New York Times "Woohoo! It's time for another trip to Florida—screwy, gorgeous Florida, with its swamps and scammers and strange creatures (two- and four-legged). Our guide, of course, is Carl Hiaasen." —DenverPost.com
