"Billionaire Wilderness offers an unprecedented look inside the world of the ultra-wealthy and their relationship to the natural world, showing how the ultra-rich use nature to resolve key predicaments in their lives. Justin Farrell immerses himself in Teton County, Wyoming--both the richest county in the United States and the county with the nation's highest level of income inequality--to investigate interconnected questions about money, nature, and community in the twenty-first century. Farrell draws on three years of in-depth interviews with "ordinary" millionaires and the world's wealthiest billionaires, four years of in-person observation in the community, and original quantitative data to provide comprehensive and unique analytical insight on the ultra-

wealthy. He also interviewed low-income workers who could speak to their experiences as employees for and members of the community with these wealthy people. He finds that the wealthy leverage nature to climb even higher on the socioeconomic ladder, and they use their engagement with nature and rural people as a way of creating more virtuous and deserving versions of themselves. Billionaire Wilderness demonstrates that our contemporary understanding of the relationship between the ultra-wealthy and the environment is empirically shallow, and our reliance on reports of national economic trends distances us from the real experiences of these people and their local communities"--

This is the road map to a seven-figure business . . . in one year or less The word "entrepreneur" is today's favorite buzzword, and any aspiring business owner has likely encountered an

overwhelming number of so-called "easy paths to success." The truth is that building a real, profitable, sustainable business requires thousands of hours of commitment, grit, and hard work. It's no wonder why more than half of new businesses close within six years of opening, and fewer than 5 percent will ever earn more than \$1 million annually. 12 Months to \$1 Million condenses the startup phase into one fast-paced year that has helped hundreds of new entrepreneurs hit the million-dollar level by using an exclusive and foolproof formula. By cutting out the noise and providing a clear and proven plan, this roadmap helps even brand-new entrepreneurs make decisions quickly, get their product up for sale, and launch it to a crowd that is ready and waiting to

buy. This one-year plan will guide you through the three stages to your first \$1 million:

- **The Grind (Months 0-4):** This step-by-step plan will help you identify a winning product idea, target customers that are guaranteed to buy, secure funding, and take your first sale within your first four months.
- **The Growth (Months 5 - 8):** Once you're in business, you will discover how to use cheap and effective advertising strategies to get your product to at least 25 sales per day, so you can prove you have a profitable business.
- **The Gold (Months 9-12):** It's time to establish series of products available for sale, until you are averaging at least 100 sales per day, getting you closer to the million-dollar mark every single day. Through his training sessions at Capitalism.com,

Ryan Daniel Moran has helped new and experienced entrepreneurs launch scalable and sustainable online businesses. He's seen more than 100 entrepreneurs cross the seven-figure barrier, many of whom go on to sell their businesses. If your goal is to be a full-time entrepreneur, get ready for one chaotic, stressful, and rewarding year. If you have the guts to complete it, you will be the proud owner of a million-dollar business and be in a position to call your own shots for life.

*Five Minutes Millionaire* Grant Cardone  
America's "Millionaires' Club" now has 10.4 million members - the most ever, according to the latest statistics. And it's a club you can join - much sooner than

you might think, says D.R. Barton, Jr., a top trader, television analyst and former hedge fund officer. In his new book, the 10-Minute Millionaire, D.R. has distilled his decades of experience trading the markets into a system so simple that even a new investor can set it up and maintain it in increments of as little as 10 minutes. The 10-Minute Millionaire combines goal-setting, stock-screening and trading strategies whose ultimate objective is to give you membership in that Millionaires' Club. The system is so simple D.R. has taught it to sixth graders, yet so powerful it can transform even a small starting stake into lifelong financial freedom - in a way that utterly destroys "buy-and-hold" investing. Loaded with step-by-step illustrations and personal stories, the 10-Minute

Millionaire takes the powerful secrets of Wall Street insiders and breaks them down into an easy-to-understand blueprint for beating the markets, day after day, week after week. Using an easy three-step process, D.R. walks you through a repeatable and reliable way to identify the stock-market extremes that show up virtually every day. He trains you to properly frame each trade to maximize profit and minimize risk. Finally, he neutralizes the natural biases that lead most traders to financial destruction - and shows you how to book big profits from other trader's irrational miscues. This isn't an algorithmic "black box." It's not "robo-trading." The 10-Minute Millionaire system still requires personal involvement. It still requires commitment. But it squeezes out

emotion, filters out the noise, slashes the risk, and maximizes your potential for profits – and also for meaningful wealth. Once you learn the 10-Minute Millionaire way, it’s a system you can operate and update in tiny 10-minute increments. Before you know it, you’ll be trading better than a seasoned pro. And you’ll watch as your “assets” turn into true wealth. And you’ll learn the most-valuable lesson of all: Becoming a millionaire doesn’t have to be an unattainable dream. Make it a goal, and pursue that goal, and before long that dream will be real.

Dieser praktische Leitfaden macht Anleger mit dem Economic Moat Konzept vertraut, der "Zauberformel" des Morningstar, mit der sich erstklassige

Investmentchancen aufspüren lassen. Das Konzept ist keineswegs neu: Es wurde zunächst durch Benjamin Graham und Warren Buffett populär, wurde dann aber lange vernachlässigt. "The Little Book that Builds Wealth" erklärt ganz genau, wie man den Economic Moat, d.h. die Wettbewerbsbarriere bzw. den Wettbewerbsvorteil (wie z.B. geringe Produktionskosten, ausgebautes Vertriebsnetz, gutes Markenimage etc.) ermittelt, durch den sich ein Unternehmen deutlich von Konkurrenzunternehmen abgrenzt. Dabei geht es aber weder um reines Value Investing, noch um reines Growth Investing, sondern vielmehr darum, erstklassige Nischen-Wachstumswerte zu einem attraktiven Kurs zu kaufen. Das Buch demonstriert anschaulich Schritt

für Schritt, was einen Economic Moat ausmacht, wie man ihn ermittelt, wie man verschiedene Moats gegeneinander abwägt, und wie man auf der Basis dieser Daten am besten eine Investmententscheidung trifft. Mit begleitender Website. Sie wird vom Morningstar betrieben und enthält eine

Reihe von Tools und Features, mit deren Hilfe der Leser das Gelernte in der Praxis testen kann. Autor Pat Dorsey ist ein renommierter Finanzexperte. Er ist Chef der Morningstar Equity Research und Kolumnist bei Morningstar.com. Ein neuer Band aus der beliebten 'Little Book'-Reihe.
