### **Antigone** SUNY Press

On the Art of Reading is a collection of lectures delivered by Arthur Quiller-Couch, a literary critic and professor at Cambridge, between 1916 and 1918. In these lectures, Quiller-Couch argues for the study of the masterpieces of English literature—Shakespeare, Milton, and so on. He opines that the most effective way of appreciating literature is to experience it as “What Is,” which is to say feeling as if one has become part of the story. Much of the lectures is devoted to studying ways in which teachers can engender that feeling in pupils—with Quiller-Couch going so far as to say that even small children can be taught to appreciate seemingly-complex literature like *The Tempest* or classical poetry like Homer. Quiller-Couch also spends time

discussing his then-controversial opinion that the English translation of the Bible, as well as many Greek classics, are masterpieces of English literature that deserve careful study not just for their religious or philosophical importance, but for their beautiful prose style. These lectures form a companion to his earlier collection of lectures, *On the Art of Writing*, which explore similar themes of the place of writing and literature in the intellectual firmament. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

### **Antigone on the Contemporary World Stage** SBPD Publications

Examines Antigone’s influence on contemporary European, Latin American, and African political activism, arts, and literature. Despite a venerable tradition of thinkers having declared the death of tragedy, Antigone lives on. Disguised in myriad national costumes, invited to a multiplicity of international venues, inspiring any number of political protests, Antigone transmits her

energy through the ages and across the continents in an astoundingly diverse set of contexts. She continues to haunt dramatists, artists, performers, and political activists all over the world. This cutting-edge, interdisciplinary collection explores how and why, with essays ranging from philosophical, literary, and political investigations to queer theory, race theory, and artistic appropriations of the play. It also establishes an international scope for its considerations by including assessments of Latin American and African appropriations of the play alongside European receptions of the play.

**OEDIPUS REX** Bloomsbury Publishing

Antigone is Sophocles' masterpiece, a seminal influence on a wide range of theatrical, literary, and intellectual traditions. This volume sets the play in the contexts of its mythical background, its performance, its relation to contemporary culture and thought, and its rich reception history. But its main aim is to encourage first-hand engagement with the complexities of interpretation that make the play so enduringly thought-provoking and rewarding. Though Creon's actions prove disastrous and Antigone's are vindicated, the Antigone is no simple study in the excesses of tyranny or the virtues of heroic resistance, but a more nuanced exploration of conflicting views of right and wrong and of the conditions that constrain human beings' efforts to control their destinies and secure their happiness. The book's chapters consider the extent of the original audience's acquaintance with earlier versions of the legends of Antigone's family, the structure of the plot as it unfolds in theatrical performance, the presentation of the characters and the motivations that drive them, the major political, social, and

ethical themes that the play raises, and the resonance of those themes in the ways that the play has been interpreted, adapted, performed, and appropriated in later periods.

**Whose Antigone?** Columbia University Press

Here's a whole manual full of puzzles, games, and worksheets related to the novel! It includes: 1 unit word list & clues, 4 unit fill in the blank worksheets, 4 unit multiple choice worksheets, 4 unit magic squares, 4 unit word searches, 4 unit crosswords, 32 unit bingo cards, 1 vocabulary word list & definitions, 4 vocab fill in the blank worksheets, 4 vocab matching worksheets, 4 vocab magic squares worksheets, 4 vocab word searches, 4 vocab crosswords, 4 vocab juggle letter review worksheets, 1 master set of vocab flash cards, 32 vocab bingo cards, and answer keys to all worksheets & puzzles. **Sibling Action** BRILL

The sibling stands out as a ubiquitous—yet unacknowledged—conceptual touchstone across the European long nineteenth century. Beginning in the late eighteenth century, Europeans embarked on a new way of classifying the world, devising genealogies that determined degrees of

relatedness by tracing heritage through common ancestry. This methodology organized historical systems into family trees in a wide array of new disciplines, transforming into siblings the closest contemporaneous terms on trees of languages, religions, races, nations, species, or individuals. In literature, a sudden proliferation of siblings—often incestuously inclined—negotiated this confluence of knowledge and identity. In all genealogical systems the sibling term, not quite same and not quite other, serves as an active fault line, necessary for and yet continuously destabilizing definition and classification. In her provocative book, Stefani Engelstein argues that this pervasive relational paradigm shaped the modern subject, life sciences, human sciences, and collective identities such as race, religion, and gender. The insecurity inherent to the sibling structure renders the systems it underwrites fluid. It therefore offers dynamic potential, but also provokes counterreactions such as isolationist theories of subjectivity, the political exclusion of sisters from fraternal equality, the tyranny of intertwined economic and kinship theories, conflicts over natural kinds and evolutionary speciation, and invidious anthropological and philological classifications of Islam and Judaism. Integrating close readings across the disciplines with panoramic intellectual history and arresting literary interpretations, *Sibling Action* presents a compelling new understanding of systems of knowledge and provides the foundation for less confrontational formulations of belonging, identity, and agency.

Plays of Sophocles is a set of three plays by Sophocles, an ancient Greek tragedian whose plays have survived until modern times. Included are Oedipus the King, Oedipus at Colonus and Antigone.

*Tragic Ambiguity* State University of New York Press

English versions of Sophocles' three great tragedies based on the myth of Oedipus, translated for a modern audience by two gifted poets. Index.

Portrayals of Antigone in Portugal Oxford University Press on Demand

ANTIGONE PROJECT is a play in five parts by Tanya Barfield, Karen Hartman, Chiori Miyagawa, 2009 Pulitzer Prize winner Lynn Nottage, and Caridad Svich that reconsiders the story of Antigone from a variety of rich and radical perspectives. With a preface by dramatist Lisa Schlesinger and an introduction by classics scholar Marianne McDonald, this is a unique addition to contemporary drama.

### *Antigone* Total Class Notes

A valuable guide! Combines multiple genre of assessment into a meaningful and communicative whole. This approach can be used to both guide student instruction and justify and allocate resources." Edith L. Hunsberger, Associate in Professional Examinations New York State Education Department, Delmar "The authors offer administrators and policymakers specific examples of how to actually combine multiple measures to answer questions of accountability." Ken Schatmeyer, Consultant Center for Curriculum & Assessment; Ohio Department of Education, Columbus A pragmatic, effective guide to developing standards-based accountability systems! This practical guide for educators and administrators shows how to measure teaching and learning accurately with multiple measures. Developed by three of the field's best-known authorities, from their work with 130 school districts, this easy-to-use approach includes strategic handouts, reports, graphs and charts, and communiqués that will help you create an effective assessment program and end the struggle to meet federal requirements. Step-by-step explanations, examples, and tips on implementation are included for challenging areas that educators have identified: Using terminology correctly Selecting reliable, valid, and fair measures Gathering, disaggregating, and analyzing data Understanding the limitations of testing Aligning content standards with instruction and assessment Limitations of norm-referenced tests All populations in all assessments All tables and examples used in the book are derived from real data derived from real schools. The information is easy to understand and offers a concise view of critical issues in education. An essential resource for educators

and administrators.

### *A Raisin in the Sun* Independently Published

From Sartre to Levinas, continental philosophers have looked to the example of the Jew as the paradigmatic object of and model for ethical inquiry. Levinas, for example, powerfully dedicates his 1974 book *Otherwise than Being* to the victims of the Holocaust, and turns attention to the state of philosophy after Auschwitz. Such an ethics radically challenges prior notions of autonomy and comprehension—two key ideas for traditional ethical theory and, more generally, the Greek tradition. It seeks to respect the opacity of the other and avoid the dangers of hermeneutic violence. But how does such an ethics of the other translate into real, everyday life? What is at stake in thinking the other as Jew? Is the alterity of the Jew simply a counter to Greek universalism? Is a rhetoric of exceptionalism, with its unavoidable ontological residue, at odds with shifting political realities? Within this paradigm, what then becomes of the Arab or Muslim, the other of the Jew, the other of the other, so to speak? This line of ethical thought—in its desire to bear witness to past suffering and come to terms with subjectivity after Auschwitz—arguably brackets from analysis present operations of power. Would, then, a more sensitive historical approach expose the Palestinian as the other of the Israeli? Here, Zahi Zalloua offers a challenging intervention into how we configure the contemporary.

### Feminist Readings of Antigone Laurenz Foundation, Schaulager

Yes, you can pass the AP English Literature and Composition exam with ease! Just brush the dust off your thinking cap and get a little help from AP English Literature and Composition For Dummies. It gets you up to speed on all the topics and themes of

the AP exam in a focused, step-by-step manner. Beginning with an exam overview and ways to get the most out of an AP English class, this book has it all: long- and short-range planning advice, detailed chapters that discuss the four main literary genres, and two full-length practice exams — complete with detailed answer explanations and scoring guides. It helps you perfect the skills you need to get your best possible score. Two bonus appendixes provide a full list of teacher-recommended titles to choose from for the open-ended essay, as well as a quick grammar review to address the fundamentals of superior essay writing. Discover how to: Get familiar with the exam format and the types of questions you'll face Figure out what the questions are really asking Maximize your score on multiple-choice questions Write effectively and eloquently about poetry, prose, and drama Prepare for paired passages and craft a clever open-ended essay Annotate poetry and prose like an expert Passing the AP English Literature and Composition exam doesn't have to be torture. This is an English translation of Sophocles' tragedy of Antigone and her fate when she decides to bury her dead brother

Polyneices. Focus Classical Library provides close translations with notes and essays to provide access to understanding Greek culture.

*Antigone's Example* Oxford University Press

The celebrated author of *Gender Trouble* here redefines Antigone's legacy, recovering her revolutionary significance and liberating it for a progressive feminism and sexual politics. Butler's new interpretation does nothing less than reconceptualize the incest taboo in relation to kinship—and open up the concept of kinship to cultural change. Antigone, the renowned insurgent from Sophocles's *Oedipus*, has long been a feminist icon of defiance. But what has remained unclear is whether she escapes from the forms of power that she opposes. Antigone proves to be a more ambivalent figure for feminism than has been acknowledged, since the form of defiance she exemplifies also leads to her death. Butler argues that Antigone represents a form of feminist and sexual agency that is fraught with risk. Moreover, Antigone shows how the constraints of normative kinship unfairly decide what will and will not be a livable life. Butler explores the meaning of Antigone, wondering what forms of kinship might have allowed her to live. Along the way, she considers the works of such philosophers as Hegel, Lacan, and Irigaray. How, she asks, would psychoanalysis have been different if it had taken Antigone—the "postoedipal" subject—rather than Oedipus as its point of departure? If the incest taboo is reconceived so that it does not mandate heterosexuality as its solution, what forms of sexual alliance and new kinship might be acknowledged as a result? The book relates the courageous deeds of Antigone to the claims made by those

whose relations are still not honored as those of proper kinship, showing how a culture of normative heterosexuality obstructs our capacity to see what sexual freedom and political agency could be.

Tacita Dean. Antigone John Wiley & Sons

Chronicles the life of twentieth-century Irish poet Seamus Heaney, from his infancy to his Nobel Prize in 1995, and also discusses his post-Nobel life, family, writings, and other related topics.

Sophocles' Antigone CHANGDER OUTLINE

Sophocles' Antigone comes alive in this new translation that will be useful for both academic study and stage production. Diane Rayor's accurate yet accessible translation reflects the play's inherent theatricality. She provides an analytical introduction and comprehensive notes, and the edition includes an essay by director Karen Libman. Antigone begins after Oedipus and Jocasta's sons have killed each other in a battle over the kingship. The new king, Kreon, decrees that the brother who attacked with

a foreign army remain unburied and promises death to anyone who defies him. The play centers on Antigone's refusal to obey Kreon's law and Kreon's refusal to allow her brother's burial. Each acts on principle colored by gender, personality, and family history. Antigone poses a conflict between passionate characters whose extreme stances leave no room for compromise. The highly charged struggle between the individual and the state has powerful implications for ethical and political situations today.

Antigone's Claim State University of New York Press

This anthology provides some of today's most relevant views on Sophocles' classic and its many interpretations from an interdisciplinary, cross-cultural perspective. It critically investigates the work of artists and theoreticians who have occupied Antigone ever since she appeared onstage in antiquity, dealing with questions of the relationship between performance and philosophy and of how Antigone can be appropriated to criticize reigning discourses. *Occupy Antigone* makes an original contribution to the vibrant life the mythical figure enjoys in contemporary performance practice and theory.
