## REYNOLDS RANDALL

---

**A pista & a razão** Bloomsbury Publishing  
This book offers a comprehensive guide to global literary engagement with the Cold War. Eschewing the common focus on national cultures, the collection defines Cold War literature as an international current focused on the military and ideological conflicts of the age and characterised by styles and approaches that transcended national borders. Drawing on specialists from across the world, the volume analyses the period's fiction, poetry, drama and

autobiographical writings in three sections: dominant concerns (socialism, decolonisation, nuclearism, propaganda, censorship, espionage), common genres (postmodernism, socialism realism, dystopianism, migrant poetry, science fiction, testimonial writing) and regional cultures (Asia, Africa, Oceania, Europe and the Americas). In doing so, the volume forms a landmark contribution to Cold War literary studies which will appeal to all those working on literature of the 1945-1989 period, including specialists in comparative literature, postcolonial literature, contemporary literature and regional literature.

*Italy at the Millennium* Classical Press of Wales

This bibliography lists English-language translations of twentieth-century Italian literature published chiefly in book form between 1929 and 1997, encompassing fiction, poetry, plays, screenplays, librettos, journals and diaries, and correspondence.

*To Each His Own* McFarland

A man is shot dead as he runs to catch the bus in the piazza of a small Sicilian town. Captain Bellodi, the detective on the case, is new to his job and determined to prove himself. Bellodi suspects the Mafia, and his suspicions grow when he finds himself up against an apparently unbreachable wall of silence. A surprise turn puts him on the track of a series of nasty crimes. But all the while Bellodi's investigation is being

carefully monitored by a host of observers, near and far. They share a single concern: to keep the truth from coming out. This short, beautifully paced novel is a mesmerizing description of the Mafia at work.

*Reading and Writing the Mediterranean*  
Verso Books

Whether you're vacationing in Italy or simply an armchair traveler, this guide to the Mediterranean island of Sicily is a dazzling introduction to the region's rich 3,000-year history and culture. A rich and fascinating cultural history of the Mediterranean's enigmatic heart Sicily is at the crossroads of the Mediterranean, and for over 2000 years has been the gateway between Europe, Africa and the East. It has long been seen as the frontier between Western Civilization and the rest, but never definitively part of either.

Despite being conquered by empires—Romans, Byzantines, Arabs, Normans, Hapsburg Spain—it remains uniquely apart. The island's story maps a mosaic that mixes the story of myth and wars, maritime empires and reckless crusades, and a people who refuse to be ruled. In this riveting, rich history Jamie

Mackay peels away the layers of this most mysterious of islands. This story finds its origins in ancient myth but has been reinventing itself across centuries: in conquest and resistance. Inseparable from these political and social developments are the artefacts of the nation's cultural patrimony—ancient amphitheatres, Arab gardens, Baroque Cathedrals, as well as great literature such as Giuseppe di Lampedusa's masterpiece *The Leopard*, and the novels and plays of Luigi Pirandello. In its modern era, Sicily has been the site of revolution, Cosa Nostra and, in the twenty-first century, the epicenter of the refugee crisis.

*The Culture of Reconstruction* Troubador Publishing Ltd

This letter is your death sentence. To avenge what you have done you will die. But what has Manno the pharmacist done? Nothing that he can think of. The next day he and his hunting companion are both dead. The police investigation is inconclusive. However, a modest high school teacher with a literary bent has noticed a clue that, he believes, will allow him to trace the killer. Patiently, methodically, he begins to untangle a web

of erotic intrigue and political calculation. But the results of his amateur sleuthing are unexpected—and tragic. *To Each His Own* is one of the masterworks of the great Sicilian novelist Leonardo Sciascia—a gripping and unconventional detective story that is also an anatomy of a society founded on secrets, lies, collusion, and violence.

*National Union Catalog* Springer Nature

The four novellas in this text show illusions being lost and ideas betrayed amid war and revolution. Each one has its own historical moment: the Allied invasion of Sicily, the Spanish Civil War, the death of Stalin and the revolution of 1848.

**The Palgrave Handbook of Cold War Literature** BRILL

This is the first comprehensive reference work in English dedicated to the writing of world-famous Italian mystery writer Andrea Camilleri. It includes entries on plots, characters, dates, literary motifs, and themes from the bestselling author's detective stories and television crime dramas, with special attention given to the serialized policeman Inspector Salvo Montalbano, Camilleri's most famous character. It also equips the reader with

background information on Camilleri's life and career and provides a guide to the writings of reviewers and critics.

Italy Burns & Oates

This volume studies cultural evolution through several different ages in the formation of modern Italy.

**Neorealism and the "New" Italy** Frank & Timme GmbH

Vincenzo Consolo is counted by many critics among the most significant voices in contemporary world literature. This volume makes available for the first in English an edited and annotated volume of Consolo's short stories, essays, and other writings pertaining to the diverse cultures and histories of Sicily and the Mediterranean basin. The Mediterranean region holds a particular fascination for Consolo, who seeks through his writing to recover the memory of a Sicilian and Mediterranean history, which he feels is presently being threatened by the forces of late-capitalist Western culture. His writings about the region also voice a commitment to questions of ethics and human rights, which have been brought to the fore by recent tensions dividing this area and forcing a mass exodus of its

people. At a time when this part of the world is under threat from unbridled globalization as well as dangerous forms of ethnic and religious fundamentalism, Consolo's words offer an insightful rethinking of regionalism within a global hierarchy of values. They remind us of the necessity of moderation and contingency, and in so doing, attempt to recover a moral and ethical dimension for our collective life.

**On the Edge of Democracy** Fairleigh Dickinson Univ Press

Leonardo Sciascia (1921-1989) è uno scrittore che ha segnato profondamente la coscienza intellettuale italiana. Nelle sue opere egli ha compiuto una lucida analisi della società e della cultura nazionale a partire dalla Sicilia, dall'indagine storica sul suo passato e dall'osservazione attenta del suo presente. Il presente volume raccoglie contributi che prendono in esame diversi aspetti dell'opera di un intellettuale complesso e tormentato, eppure ancora vivo e vitale. Oggetto di studio sono, tra l'altro, l'intertestualità e il rapporto con la tradizione letteraria europea, la vena satirica e la ricezione internazionale. Il volume è arricchito dalla

novella inedita di un autore contemporaneo, il cui testo rende omaggio al mondo narrativo di Sciascia.

**Twentieth-century Italian Literature in English Translation** Springer

This study focuses on the narrative form which figured prominently in Sciascia's literary production in the 1970s and 1980s, that is, inchiesta, the non-fiction investigative essay, based principally on Manzoni's Storia della colonna infame [The Column of Infamy]. In his inchieste Sciascia investigates episodes in history, from the time of the Inquisition through to his own contemporary times, where intolerance and injustice outmatch human weakness and fear. This study considers Sciascia's commingling of detective and investigative writing, and his attempts at historiography. One striking feature of his narrative technique is his reliance on literature to interpret the past.

**Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** Springer

In Italian cultural and political discussions, "the problem of the South" occurs as frequently as it does in America, though with quite a different meaning. Inevitably,

such discussions must include Sicily, the island that gave to the languages of the world the two words which form the American title of Leonardo Sciascia's novella, along with that nearly untranslatable word *omertà*. The Italian South (and, especially, Sicily) means crime and violence and the corruption of public justice by a secret organization which cannot even be proved to exist -- since the code of *omertà* (which means, literally, "connivance") binds even the innocent to what Signor Sciascia calls "the conspiracy of silence." Americans were familiar with the impact of Sicily upon our own crime and justice long before last fall's news stories on the Cosa Nostra -- but when this little book appeared in Italy, it created a public sensation, even though the author's afterword describes the care with which he tried to conform

Adelphi Edizioni spa

The island of Sicily has for centuries been a meeting point where civilizations transformed one another and gave life to the cultural developments at the foundation of European modernity. The essays collected here explore Sicily as a

place where these cultural interactions have produced conflict but also new material and intellectual exchange. [A Man's Blessing](#) Oxford University Press  
Sextus Pompeius Magnus Pius, son of Pompey the Great, fits uneasily - or not at all - into the grand narrative of the civil war of 49-31BC. Modern scholars tend to exclude him or mention him without asking what or whom he represented. Ronald Syme, the father of international orthodoxy in this field, famously remarked that Sextus was 'in reality an adventurer' who was 'easily represented as a pirate'. He was wrong. Sextus Pompeius plays havoc with key elements of the accepted narrative. His military success destroys the myth of continuous Caesarian victory. His commitment to rescuing the victims of Triumviral violence belies claims that only the Caesarian side represented clementia and justice. The naval strategy by which he conducted the war demonstrates his commitment to the same cause and ethics as his father and his father's allies. Welch argues that, far from being a 'side-show' or a 'bit player', Sextus Pompeius was integral to the fight for the *res publica*. She solves the 'problem' by placing him at

the centre of the story of Rome's transition from Republic to Empire and so reveals a very different landscape that emerges as a result.

**Gli zii di Sicilia** New York Review of Books

"In the second half of the twentieth century, the Italian historical novel provided an unrivalled number of best sellers and publishing 'phenomena'. The success of the genre is closely related to a more general interest in revisiting the past in the light of a changed understanding of the nature, or philosophy, of history. This study aims to explore the particularly marked increase in the production and popularity of the historical novel in the period between the mid-1960s and the early 1990s, with reference to current debates on the nature of history. It presents a theoretical framework which establishes the centrality of philosophy of history to the development of the genre. The employment of this framework opens out the discussion of literary change to the consideration of historiographical developments and wider critical debate. The theoretical insights gained inform the close textual analysis provided in the

chapters dealing with novels written by five of Italy's foremost contemporary writers: Leonardo Sciascia, Vincenzo Consolo, Sebastiano Vassalli, Umberto Eco, and Luigi Malerba."

*Sicily* Springer

Italy in the Second World War: Alternative Perspectives brings together fifteen international scholars to offer new contributions to the study of Italian war experience, both civilian and military, during the Second World War.

**Risorgimento in Modern Italian Culture** National Geographic Books

Postmodern Ethics offers a new perspective on debates surrounding the role of the intellectual in Italian society, and provides an original reading of two important Italian contemporary writers, Leonardo Sciascia and Antonio Tabucchi. It examines the ways in which the two writers use literature to engage with their socio-political environment in a climate informed by the doubts and scepticism of postmodernism, after traditional forms of impegno had been abandoned.

Postmodern Ethics explores ways in which Tabucchi and Sciascia further their engagement through embracing the very

factors which problematized traditional committed writing, such as the absence of fixed truths, the inability of language to fully communicate ideas and intertextuality. Postmodern Ethics provides an innovative new reading of Tabucchi's works. It challenges the standard view in critical literature that his writing may be divided into 'engaged' texts which dialogue with society and 'postmodern' texts which focus on literary interiority, suggesting instead that socio-political engagement underpins all of his works. It also offers a new lens on Sciascia's writing, unpacking why Sciascia, unlike his contemporaries, is able to maintain a belief in literature as a means of dialoguing with society. Postmodern Ethics explores the ways in which Tabucchi and Sciascia approach issues of terrorism, justice, the anti-mafia movement, immigration and the value of reading in connected yet distinct ways, suggesting that a close genealogy may be drawn between these two key intellectual figures.

*Andrea Camilleri* CRVP

Rising up from the heart of the Mediterranean, Sicily has a rich and

ancient history spanning over 2,000 years. A bounty prized by invaders from the Greeks, Romans and Vandals to the Byzantines, Arabs and Normans, Sicily's violently beautiful landscapes are haunted by a vibrant mix of cultures and her soil has always been fertile ground for the literary and artistic imagination. This compelling guide uncovers the island's multi-faceted personality through those literary figures who have managed to get under her skin - from Pindar, Cicero and Aeschylus to Shakespeare and Cervantes; DH Lawrence, Coleridge and Oscar Wilde to Truman Capote, Tennessee Williams, Ezra Pound and Lawrence Durrell; as well as local writers who have defined the modern Italian novel - Giuseppe Tomasi di Lampedusa and Leonardo Sciascia. Through their words and lives we witness the beauty, pain and power of the Sicilian cultural landscape and discover how the potent mix of influences on the island's society has been preserved forever in literature.

*Sicilian Uncles* E-Galaxia

A remarkable new history evoking the centrality of Italy to World War II, outlining the brief rise and triumph of the Fascists,

followed by the disastrous fall of the Italian military campaign. While staying closely aligned with Hitler, Mussolini remained carefully neutral until the summer of 1940. At that moment, with the wholly unexpected and sudden collapse of the French and British armies, Mussolini declared war on the Allies in the hope of making territorial gains in southern France and Africa. This decision proved a horrifying miscalculation, dooming Italy to its own prolonged and unwinnable war, immense casualties, and an Allied invasion in 1943 that ushered in a terrible new era for the country. John Gooch's new history is the definitive account of Italy's war experience. Beginning with the invasion of

Abyssinia and ending with Mussolini's arrest, Gooch brilliantly portrays the nightmare of a country with too small an industrial sector, too incompetent a leadership and too many fronts on which to fight. Everywhere—whether in the USSR, the Western Desert, or the Balkans—Italian troops found themselves against either better-equipped or more motivated enemies. The result was a war entirely at odds with the dreams of pre-war Italian planners—a series of desperate improvisations against an allied force who could draw on global resources, and against whom Italy proved helpless.

**Mafia Vendetta** University of Toronto Press

Pubblicato nel 1958 nei Gettoni di Vittorini,

poi riproposto nel 1960 con l'aggiunta di un importante racconto - "L'antimonio", che è un po' un romanzo interrotto -, "Gli zii di Sicilia" è la prima apparizione di Sciascia come narratore puro, fabulatore di storie che qui sono della Sicilia e della Spagna. Con voce sommessa e ferma, con una sorta di energia compressa, raccolta in sé, lo Sciascia narratore disegna il suo primo territorio. E subito si riconoscono certi tratti essenziali: l'attenzione alle cose e al dettaglio, il confronto perenne fra la Sicilia e il mondo (il libro si avvia con quell'evento favoleggiato che fu lo sbarco degli Alleati), la lucidità nel cogliere i paradossi, gli inganni e le beffe della Storia.
