### **Playboy: 50 Years of Photography**

Harper Collins

"I only read it for the articles.' Few modern punch lines are as iconic as this one. It's so widely recognized, the joke itself has become superfluous. Humor aside, the true allure of PLAYBOY are the magazine's underrated photos, specifically the spectacular cover images. Now Hugh Hefner has chosen hundreds of PLAYBOY's breathtaking, innovative covers for this lush retrospective. Images of the stunning women who enticed millions from the fifties through the new millennium are digitally reproduced in full-color. Acclaimed author and long-time PLAYBOY writer Damon Brown explores how the magazine's newsstand decisions indelibly impacted American culture, while ultimate Playmate Pamela Anderson provides an illuminating foreword. While these photos have sometimes been underrated, Playboy's Greatest Covers reveals that the pictures actually tell a fascinating story. Our story. "--

**50 Years of the Playboy Bunny**  
Chronicle Books

They call me a playboy. Sure, I like to have fun with the opposite sex, but hey, in my line of work, who wouldn't? My name's Jonah and I work for Bunny Hunnies, a swimsuit magazine. Calling the shots, and taking pictures of gorgeous women is every man's fantasy, including mine. That is, until Chelsea Sincok walks onto the set of one of my shoots. I've known Chelsea since before she was this hot as hell vixen wearing nothing but a bikini. What is she doing here? Does her brother, Declan, know? Did I mention he's my best friend? This is going to be hard, I mean difficult, to work with her. And the more I gaze at her from behind the lens, the more I realize I'm in way over my head.

**Down the Rabbit Hole** Sankofa Girl  
This book is a biography of Magnum, told largely in the words of its photographers. It offers a unique perspective on half a century of world history from an extraordinary group of men and women who were front line witnesses at virtually every major event in the last fifty years. Wars, famines, natural disasters, social, political and environmental crises - Magnum photographers were there. They have been acute observers of the human condition, photographing the richest people in the world, the poorest, the least known and the most celebrated, from Marilyn Monroe to Che Guevara, JFK to Nelson Mandela, Picasso to Krushchev. This is a multi-layered story. At one level, it tells how a small group of photographers - among them Robert Capa, Henri Cartier-Bresson and George Rodger - came together, established and nurtured a co-operative photographic agency that has survived against all the odds to become the most famous in the world. At a secondary level, it is the richly anecdotal story of the photographers themselves, their

adventures around the world and their feelings about, and reactions to, their assignments.

**Femlin** Dark Horse Comics

A brand new contemporary romance from New York Times, Wall Street Journal, and USA Today bestselling author Katy Evans. It started as a game. We flirted. We played. Most importantly—we won. Then I discovered who he was: Gambler. Famous playboy. Silver-eyed player who never plays to lose. ...And my best friend's soon-to-be brother in law, Cullen Carmichael. He needed a good luck charm, I needed a distraction. So we made a gamble and set off for Vegas—but pretty soon—I was in too deep. My heart, soul, and body weren't supposed to be part of the deal. But somewhere between big wins and long nights, my house of cards started to tumble. What was this devil with those piercing eyes doing to me? I'd given up on love, but the wicked, all-in Cullen Carmichael was upping the ante and wouldn't stop until he'd won it all. \*Although this book is a complete standalone, characters from the Manwhore series appear.

Auf Tuchfühlung mit Vanessa del Rio

1974 war die sexuelle Revolution in vollem Gange, und die Erotikindustrie stand an der Schwelle zum Big Business. Deep Throat hatte 1972 Amerikas ersten Pornostar erschaffen, aber 1974 war Linda Lovelace bereits im Ruhestand, und die Branche suchte nach einer würdigen Nachfolgerin. Das hätte Vanessa del Rio sein sollen. Nur dass es 1974 keine ethnischen Sexstars gab. Unbeirrt nahm Vanessa jede Rolle an, die man ihr anbot, denn erstaunlicherweise war sie mehr am Sex als am Geld interessiert. Dank ihrer animalischen Leinwandpräsenz eroberte sie sich schnell eine Fangemeinde, die sie zu einem Kassenschlager und Amerikas erstem Latina-Star machte. Obwohl sie seit 1986 nicht mehr arbeitet, ist Vanessa del Rio auch heute noch eine Sexikone, die alle ethnischen Grenzen transzendiert. In dieser Ausgabe mit speziellem "Panic-Cover" präsentiert TASCHEN die erstaunlich offene, selbstbewusste und geradezu überschäumend sexuelle Frau anhand von Material aus ihrem eigenen Archiv und mit ihren eigenen Worten. Und weil Papier und Tinte einer solch ausladenden Persönlichkeit nicht gerecht werden können, ist noch eine 140-minütige Original-Dokumentation auf DVD beigefügt. Die Autorin:

**The playboy and James Bond** Abrams  
 "An extraordinary real picture of human beings numbed by catastrophe but still driven by the unconquerable determination of living creatures to keep on being alive." —The New Yorker "Alas, Babylon." Those fateful words heralded the end. When the unthinkable nightmare of nuclear holocaust ravaged the United States, it was instant death for tens of millions of people; for survivors, it was a nightmare of hunger, sickness, and brutality. Overnight, a

thousand years of civilization were stripped away. But for one small Florida town, miraculously spared against all the odds, the struggle was only just beginning, as the isolated survivors—men and women of all ages and races—found the courage to come together and confront the harrowing darkness. This classic apocalyptic novel by Pat Frank, first published in 1959 at the height of the Cold War, includes an introduction by award-winning science fiction writer and scientist David Brin.

*Fahrenheit 451* Stoddart

The New York Times opinion writer, media commentator, outspoken Republican and Christian critic of the Trump presidency offers a spirited defense of politics and its virtuous and critical role in maintaining our democracy and what we must do to save it before it is too late. "Any nation that elects Donald Trump to be its president has a remarkably low view of politics." Frustrated and feeling betrayed, Americans have come to loathe politics

with disastrous results, argues Peter Wehner. In this timely manifesto, the veteran of three Republican administrations and man of faith offers a reasoned and persuasive argument for restoring “politics” as a worthy calling to a cynical and disillusioned generation of Americans. Wehner has long been one of the leading conservative critics of Donald Trump and his effect on the Republican Party. In this impassioned book, he makes clear that unless we overcome the despair that has caused citizens to abandon hope in the primary means for improving our world—the political process—we will not only fall victim to despots but hasten the decline of what has truly made America great. Drawing on history and experience, he reminds us of the hard lessons we have learned about how we rule ourselves—why we have checks and balances, why no one is above the law, why we defend the rights of even those we disagree with. Wehner believes we can turn the country around, but only if we abandon our hatred and learn to appreciate and honor the unique and noble American tradition of doing “politics.” If we want the great American experiment to continue and to once again prosper, we must once more take up the responsibility each and every one of us as citizens share.
