DON COLDSMITH, voted one of the greatest western writers of the twentieth century by the Western Writers of America, single-handedly revolutionized the Western novel with his acclaimed Spanish Bit Saga. Set in the early sixteenth century, the Spanish Bit re-creates a time, a place, and a people that have been nearly lost to history. In it we see history through the eyes of those who lived it. Owl's father changed the lives of the People by bringing the horse from his native Spain. Now Owl must make his own contribution by learning the way of the buffalo from an ancient medicine man and pursuing a vision quest. Embarking on a perilous journey through savage lands, Owl risks capture by the People's enemies, and wins the heart of a brave and beautiful woman, before winning honor among the People. At the

The riotously funny follow-up to *The Cat in the Hat!* The Cat is back—along with some surprise friends—in this beloved Beginner Book by Dr. Seuss. Dick and Sally have no time to play. It's winter and they have mountains of snow to shovel. So when the Cat comes to visit, he decides to go inside and to take a bath. No problem, right? Wrong! The pink ring he leaves in the tub creates is a very BIG pink problem when he transfers the stubborn stain from the bath onto Mother's white dress, Dad's shoes, the floors, the walls, and ultimately, over the entire yard full of snow! Will the kids EVER clean up the mess? You bet they will, with some help from the Cat and his helpers: 26 miniature cats (AKA Little Cats A-Z) who live inside the Cat's hat! This classic Dr. Seuss story is the perfect choice for beginning readers and read-alouds, especially on snow days! Beginner Books are fun, funny, and easy to read! Launched by Dr. Seuss in 1957 with the publication of *The Cat in the Hat*, this beloved early reader series motivates children to read on their own by using simple words with

illustrations that give clues to their meaning. Featuring a combination of kid appeal, supportive vocabulary, and bright, cheerful art, Beginner Books will encourage a love of reading in children ages 3–7.

For more than a century, Mexican American journalists used their presses to voice socio-historical concerns and to represent themselves as a determinant group of communities in Nuevo MĀxico, a particularly resilient corner of the Chicano homeland. This book draws on exhaustive archival research to review the history of newspapers in these communities from the arrival of the first press in the region to publication of the last edition of Santa FeŌs El Nuevo Mexicano. Gabriel MelĀndez details the education and formation of a generation of Spanish-language journalists who were instrumental in creating a culture of print in nativo communities. He then offers in-depth cultural and literary analyses of the texts produced by los periodiqueros, establishing them thematically as precursors of the Chicano literary and political movements of the 1960s and Ō70s. Moving beyond a simple effort to reinscribe Nuevomexicanos into history, MelĀndez views these newspapers as cultural productions and the work of the editors as an organized movement against cultural erasure amid the massive influx of easterners to the Southwest. Readers will find a wealth of information in this book. But more important, they will come away with the sense that the survival of Nuevomexicanos as a culturally and politically viable group is owed to the labor of this brilliant generation of newspapermen who also were statesmen, scholars, and creative writers.

An enthralling story of a poor and gawky kid who mysteriously becomes the world's greatest goalkeeper — a seamless blend of magic realism and exhilarating soccer action. "And you found it, this thing you were looking for?" It was darker now, and the city below Faustino's office was a jazzy dance of neon signs and traffic. The big man went to the window and looked down at it all, spreading his large hands on the glass. "No," he said. "It found me." When Paul Faustino of LA NACION flips on his tape recorder

for an exclusive interview with El Gato — the phenomenal goalkeeper who single-handedly brought his team the World Cup — the seasoned reporter quickly learns that this will be no ordinary story. Instead, the legendary El Gato ("The Cat") quietly narrates a spellbinding tale that begins in a mythic corner of the South American rain forest, where a ghostly but very real mentor, the Keeper, emerges to teach the gangly boy the most thrilling secrets of the game. Combining vivid imagery and heart-stopping action, this evocative, strikingly ethereal novel about loyalty, passion, and magic will haunt readers, regardless of their love for soccer, long after the story is ended.

 Though the field of comic book studies has burgeoned in recent years, Latino characters and creators have received little attention. Putting the spotlight on this vibrant segment, *Your Brain on Latino Comics* illuminates the world of superheroes Firebird, Vibe, and the new Blue Beetle while also examining the effects on readers who are challenged to envision such worlds. Exploring mainstream companies such as Marvel and DC as well as rising stars from other segments of the industry, Frederick Aldama provides a new reading of race, ethnicity, and the relatively new storytelling medium of comics themselves. Overview chapters cover the evolution of Latino influences in comics, innovations, and representations of women, demonstrating Latino transcendence of many mainstream techniques. The author then probes the rich and complex ways in which such artists affect the cognitive and emotional responses of readers as they imagine past, present, and future worlds. Twenty-one interviews with Latino comic book and comic strip

authors and artists, including Laura Molina, Frank Espinosa, and Rafael Navarro, complete the study, yielding captivating commentary on the current state of the trade, cultural perceptions, and the intentions of creative individuals who shape their readers in powerful ways.

Perturbatory narration is a heuristic concept, applicable both quantitatively and qualitatively to a specific type of complex narratives for which narratology has not yet found an appropriate classification. This new term refers to complex narrative strategies that produce intentionally disturbing effects such as

surprise, confusion, doubt or disappointment – effects that interrupt or suspend immersion in the aesthetic reception process. The initial task, however, is to indicate what narrative conventions are, in fact, questioned, transgressed, or given new life by perturbatory narration. The key to our modeling lies in its combination of individual procedures of narrative strategies hitherto regarded as unrelated. Their interplay has not yet attracted scholarly attention. The essays in this volume present a wide range of contemporary films from Canada, the USA, Mexico, Argentina, Spain, France and Germany. The perturbatory narration concept enables to typify and systematize moments of disruption in fictional texts, combining narrative processes of deception, paradox and/or empuzzlement and to analyse these perturbing narrative strategies in very different filmic texts.
