Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero.Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream.His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Outlines and Highlights for Essentials of Economics by Glenn P Hubbard, Isbn Cram101

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you"; - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Based on the award-winning feature-length movie, Bear City: The Novel follows the funny, romantic, and often dramatic adventures of a tight-knit pack of bears, cubs, and friends in New York City as they gear up for a big party weekend. A hirsute Sex and the City set in the "Bear" scene, this story brings together these men, their friends, tricks, and lovers, and a cast of colorful, hirsute characters. They experience comical mishaps, lusty and romantic encounters, and an impressive variety of male body types. Using satire and humor, the novel exposes their explores these men's self-image issues and pokes fun at aspects of urban gay lifestyles, all while celebrating the worldwide community of men who call themselves Bears. *Studyguide for Essentials of Economics by R. Glenn Hubbard, Isbn 9780132826938* W.W. Norton & Company Even after achieving the status of a developed economy, many economies face other challenges which may include economic stagnation and income inequality. The book looks at how a mature economy can continue to weather challenges and how the growth of living standards will depend on productivity growth through Singapore's experience. After Singapore's rapid economic transformation, the nation is at a crossroads. The book explains how productivity growth in turn depends on technological diffusion from abroad as well as indigenous innovation. It also examines how the design of policy to develop indigenous innovation to promote economic dynamism may come with creative destruction and disruptive effects on jobs and wages. The Singapore Economy provides insight into how we can maintain social cohesion and establish a political equilibrium that embraces the new sources of growth through policy formulation for economic inclusion.

Outlines and Highlights for Essentials of Economics by Glenn Hubbard, Anthony P. O'Brien, ISBN Prentice Hall

For the two-semester Principles of Economics courses at 4-year & 2-year colleges and universities. Still Keeping it Real and More Accessible Than Ever! Hubbard & O'Brien keeps it real in the third edition with updated examples, data, and end-of-chapter problems, providing the most up-to-date discussion on the recession/financial crisis and the monetary and fiscal policy response. Hubbard & O'Brien is the only book that motivates students to learn economics through real business examples. The #1 question students of economics ask themselves is: "Why am I here, and will I ever use this?"

Hubbard/O'Brien answer this question by demonstrating that real businesses use economics to make real decisions daily. This is motivating to all students, whether they are business majors or not. All students can relate to businesses they encounter in their everyday lives. Whether they open an art studio, do social work, trade on Wall Street, work for the government, or bartend at the local pub, students will benefit from understanding the economic forces behind their work.
