Elizabeth's Women Independently Published

NEW YORK TIMES BESTSELLER • For the first time in decades comes a fresh look at the fabled Tudor dynasty, comprising some of the most enigmatic figures ever to rule a country. "A thoroughly readable and often compelling narrative . . . Five centuries have not diminished the appetite for all things Tudor."—Associated Press In 1485, young Henry Tudor, whose claim to the throne was so weak as to be almost laughable, crossed the English Channel from France at the head of a ragtag little army and took the crown from the family that had ruled England for almost four hundred years. Half a century later his son, Henry VIII, desperate to rid himself of his first wife in order to marry a second, launched a reign of terror aimed at taking powers no previous monarch had even dreamed of possessing. In the process he plunged his kingdom into generations of division and disorder, creating a legacy of blood and betrayal that would blight the lives of his children and the destiny of his country. The boy king Edward VI, a fervent believer in reforming the English church, died before bringing to fruition his dream of a second English Reformation. Mary I, the disgraced daughter of Catherine of Aragon, tried and failed to reestablish the Catholic Church and produce an heir. And finally came Elizabeth I, who devoted her life to creating an image of herself as Gloriana the Virgin Queen but, behind that mask, sacrificed all chance of personal happiness in order to survive. The Tudors weaves together all the sinners and saints, the tragedies and triumphs, the high dreams and dark crimes, that reveal the Tudor era to be, in its enthralling, notorious truth, as momentous and as fascinating as the fictions audiences have come to love. Praise for *The Tudors* "A rich and vibrant tapestry."—The Star-Ledger "A thoroughly readable and often compelling narrative . . . Five centuries have not diminished the appetite for all things Tudor."—Associated Press "Energetic and comprehensive . . . [a] sweeping history of the gloriously infamous Tudor era . . . Unlike the somewhat ponderous British biographies of the Henrys, Elizabeths, and Boleyns that seem to pop up perennially, *The Tudors* displays flashy, fresh irreverence [and cuts] to the quick of the action."—Kirkus Reviews "[A] cheeky, nuanced, and authoritative perspective . . . brims with enriching background discussions."—Publishers Weekly "[A] lively new history."—Bloomberg

Elizabeth and Sixtus TickTock Books

She was a queen whose strong will, shrewd diplomacy, religious tolerance and great love for her subjects won the hearts of her people and the admiration of her enemies. Elizabeth was born into an age of religious strife, in which plots and factions were everywhere and private beliefs could be punished by death. When she became queen, her counselors urged her to marry quickly and turn the responsibilities of governing over to her husband, But she outwitted them by stalling, changing her mind;

and playing one side against another, as she steered her country to the glorious era of peace and security that would be called the Elizabethan Age. Elizabeth's forceful personality, colorful court, and devoted subjects come vividly to life in this stellar picture-book biography. When it was first published, *Good Queen Bess* was named a Notable Book in the Field of Social Studies, an American Library Association Notable Book, a Booklist Editors' Choice, an American Bookseller Pick of the Lists, a Boston Globe-Horn Book Honor Book, and an IRA Teachers' Choice. In this welcome reissue, celebrated author and illustrator Diane Stanley and her husband, Peter Vennema, paint an impressive portrait of the remarkable queen who loved her people so dearly and ruled them so well.

On This Day in Tudor History Naval Institute Press

"A highly colorful, swashbuckling read, one that will give you new respect for Britain's first Elizabeth." —Seattle Times An illuminating revisionist biography about Queen Elizabeth I and her merchant-adventurers who terrorized the seas, extended the Empire, and amassed great wealth for the throne. Extravagant, whimsical, and hot-tempered, Elizabeth was the epitome of power, both feared and admired by her enemies. Dubbed the "pirate queen" by the Vatican and Spain's Philip II, she employed a network of daring merchants, brazen adventurers, astronomer philosophers, and her stalwart Privy Council to anchor her throne—and in doing so, planted the seedlings of an empire that would ultimately cover two-fifths of the world. In *The Pirate Queen*, historian Susan Ronald offers a fresh look at Elizabeth I, relying on a wealth of historical sources and thousands of the queen's personal letters to tell the thrilling story of a visionary monarch and the swashbuckling mariners who terrorized the seas to amass great wealth for themselves and the Crown.

The Invincible Armada and Elizabethan England Hodder Wayland

'Borman approaches her topic with huge enthusiasm and a keen eye for entertaining...this is a very human story of a remarkable family, full of vignettes that sit long in the mind.' Dan Jones, The Sunday Times 'Tracy Borman's eye for detail is impressive; the book is packed with fascinating courtly minutiae... this is a wonderful book.' The Times 'Borman is an authoritative and engaging writer, good at prising out those humanising details that make the past alive to us.' The Observer 'Fascinating, detailed account of the everyday reality of the royals... This is a book of rich scholarship.' Daily Mail 'Tracy Borman's passion for the Tudor period shines forth from the pages of this fascinatingly detailed book, which vividly illuminates what went on behind the scenes at the Tudor court.' Alison Weir 'I do not live in a corner. A thousand eyes see all I do.' Elizabeth I The Tudor monarchs were constantly surrounded by an army of attendants, courtiers and ministers. Even in their most private moments, they were accompanied by a servant specifically appointed for the task. A groom of the stool would stand patiently by as Henry VIII

performed his daily purges, and when Elizabeth I retired for the evening, one of her female servants would sleep at the end of her bed. These attendants knew the truth behind the glamorous exterior. They saw the tears shed by Henry VII upon the death of his son Arthur. They knew the tragic secret behind 'Bloody' Mary's phantom pregnancies. And they saw the 'crooked carcass' beneath Elizabeth I's carefully applied makeup, gowns and accessories. It is the accounts of these eyewitnesses, as well as a rich array of other contemporary sources that historian Tracy Borman has examined more closely than ever before. With new insights and discoveries, and in the same way that she brilliantly illuminated the real Thomas Cromwell - *The Private Life of the Tudors* will reveal previously unexamined details about the characters we think we know so well.

Queen Elizabeth Harper Collins

NEW YORK TIMES BESTSELLER • This Cotton Malone adventure blends gripping contemporary political intrigue, Tudor treachery, and high-octane thrills into one riveting novel of suspense. Cotton Malone and his fifteen-year-old son, Gary, are headed to Europe. As a favor to his former boss at the Justice Department, Malone agrees to escort a teenage fugitive back to England. But after he is greeted at gunpoint in London, both the fugitive and Gary disappear, and Malone learns that he's stumbled into a high-stakes diplomatic showdown—an international incident fueled by geopolitical gamesmanship and shocking Tudor secrets. At its heart is the Libyan terrorist convicted of bombing Pan Am Flight 103, who is set to be released by Scottish authorities for "humanitarian reasons." An outraged American government objects, but nothing can persuade the British to intervene. Except, perhaps, Operation King's Deception. Run by the CIA, the operation aims to solve a centuries-old mystery, one that could rock Great Britain to its royal foundations. Blake Antrim, the CIA operative in charge of King's Deception, is hunting for the spark that could rekindle a most dangerous fire, the one thing that every Irish national has sought for generations: a legal reason why the English must leave Northern Ireland. The answer is a long-buried secret that calls into question the legitimacy of the entire forty-five-year reign of Elizabeth I, the last Tudor monarch, who completed the conquest of Ireland and seized much of its land. But Antrim also has a more personal agenda, a twisted game of revenge in which Gary is a pawn. With assassins, traitors, spies, and dangerous disciples of a secret society closing in, Malone is caught in a lethal bind. To save Gary he must play one treacherous player against another—and only by uncovering the incredible truth can he hope to prevent the shattering consequences of the King's Deception. Don't miss Steve Berry's novella *The Tudor Plot* and an excerpt from *The Lincoln Myth* in the back of the book. Praise for *The King's Deception* "A Dan Brown-ian secular conspiracy about the Virgin Queen driving nonstop international intrigue."—Kirkus Reviews Praise for Steve Berry "Berry raises this genre's stakes."—The New York Times "I love this guy."—#1 New York Times bestselling author Lee Child "Forget Clancy and Cussler. When it comes to this genre, there is simply no one better."—The Providence Journal

Elizabeth I, Red Rose of the House of Tudor Penguin

Turn the page and take a step back in time! From the *Stories From History* series, *Elizabeth I and the Spanish Armada* takes a completely factual look at Queen Elizabeth I, one of the strongest rulers of England and how she courageously defended England against the Spanish Armada. *In Search of a Kingdom* Canada Law Book

"An original, masterly, and fascinating study [that] offers brilliant new insights into the shaping of the Virgin Queen."—Alison Weir, New York Times bestselling author of the *Six Tudor Queens* series In vivid detail, historian Tracy Borman presents Elizabeth I from a thrilling new angle, focusing on the Virgin Queen not through her

relationship with men, but as the product of women—the mother she lost so tragically, the female subjects who worshipped her, and the peers and intimates who loved, raised, challenged, and sometimes opposed her. Borman introduces Elizabeth's bewitching mother, Anne Boleyn, eager to nurture her new child, only to see her taken away and her own life destroyed by damning allegations—which taught Elizabeth never to mix politics and love. Kat Astley, the governess who attended and taught Elizabeth for almost thirty years, invited disaster by encouraging her charge into a dangerous liaison after Henry VIII's death. Mary Tudor—"Bloody Mary"—envied her younger sister's popularity and threatened to destroy her altogether. And animosity drove Elizabeth and her cousin Mary Queen of Scots into an intense thirty-year rivalry that could end only in death. *Elizabeth's Women* is an unprecedented account of how the public posture of femininity figured into the English court, the meaning of costume and display, the power of fecundity and flirtation, and how Elizabeth herself—long viewed as the embodiment of feminism—shared popular views of female inferiority and scorned and schemed against her underlings' marriages and pregnancies. Brilliantly researched and elegantly written, *Elizabeth's Women* is a unique take on history's most captivating queen and the dazzling court that surrounded her.

The Watchers Palala Press

"FASCINATING . . . Dramatic and timely." —New York Times Book Review, Editors' Choice In this grand and thrilling narrative, the acclaimed biographer of Magellan and Columbus reveals the singular adventures of Sir Francis Drake, whose mastery of the seas during the reign of Queen Elizabeth I changed the course of history. "Entrancing . . . Very good indeed." —Wall Street Journal Before he was secretly dispatched by Queen Elizabeth to circumnavigate the globe, or was called upon to save England from the Spanish Armada, Francis Drake was perhaps the most wanted—and successful—pirate ever to sail. Nicknamed "El Draque" by the Spaniards who placed a bounty on his head, the notorious red-haired, hot-tempered Drake pillaged galleons laden with New World gold and silver, stealing a vast fortune for his queen—and himself. For Elizabeth, Drake made the impossible real, serving as a crucial and brilliantly adaptable instrument of her ambitions to transform England from a third-rate island kingdom into a global imperial power. In 1580, sailing on Elizabeth's covert orders, Drake became the first captain to circumnavigate the earth successfully. (Ferdinand Magellan had died in his attempt.) Part exploring expedition, part raiding mission, Drake's audacious around-the-world journey in the *Golden Hind* reached Patagonia, the Pacific Coast of present-day California and Oregon, the Spice Islands, Java, and Africa. Almost a decade later, Elizabeth called upon Drake again. As the devil-may-care vice admiral of the English fleet, Drake dramatically defeated the once-invincible Spanish Armada, spurring the British Empire's ascent and permanently wounding its greatest rival. The relationship between Drake and Elizabeth is the missing link in our understanding of the rise of the British Empire, and its importance has not been fully described or appreciated. Framed around Drake's key voyages as a window into this crucial moment in British history, *In Search of a Kingdom* is a rousing adventure narrative entwining epic historical themes with intimate passions.

Elizabeth's Women Hachette UK

In a series of diary entries, Princess Elizabeth, the eleven-year-old daughter of King Henry VIII, celebrates holidays and birthdays, relives her mother's execution, revels in her studies, and agonizes over her father's health.

The Armada Shoe String Press

Examines Queen Elizabeth I through the eyes of the women who

shaped her life--from her bewitching mother, Anne Boleyn, to her dangerously obsessive sister, Mary Tudor, and from the rivals to her throne such as Mary, Queen of Scots to her rivals in love, like Lettice Knollys, who stole her closest male favorite.

The Life of Francis Drake Bantam

Few leadership titles have been written on the lives of women. Alan Axelrod, noted historian and business management expert, reveals how Elizabeth I overcame daunting obstacles to win intense loyalty and lead England to greatness. The queen's long reign offers lessons on: developing a leadership attitude and image enhanced by personal dynamism; becoming an effective coach and mentor skilled at nurturing creativity; manipulating others--subtly and ethically--and knowing and anticipating the "enemy." How did Elizabeth meet the challenges that faced her, managing not only to stay alive and keep her imperiled nation afloat, but also to win the intense loyalty of her people and lead England to greatness? Historians and biographers have offered many explanations. Elizabeth I, CEO takes a fresh view, exploring issues that are relevant to leaders--especially business leaders--of today.

Sir Francis Drake EBook Madeglobal Publishing

In a Europe aflame with wars of religion and dynastic conflicts, Elizabeth I came to the throne of a realm encircled by menace. To the great Catholic powers of France and Spain, England was a heretic pariah state, a canker to be cut away for the health of the greater body of Christendom. Elizabeth's government, defending God's true Church of England and its leader, the queen, could stop at nothing to defend itself. Headed by the brilliant, enigmatic, and widely feared Sir Francis Walsingham, the Elizabethan state deployed every dark art: spies, double agents, cryptography, and torture. Delving deeply into sixteenth-century archives, Stephen Alford offers a groundbreaking, chillingly vivid depiction of Elizabethan espionage, literally recovering it from the shadows. In his company we follow Her Majesty's agents through the streets of London and Rome, and into the dank cells of the Tower. We see the world as they saw it--ever unsure who could be trusted or when the fatal knock on their own door might come. *The Watchers* is a riveting exploration of loyalty, faith, betrayal, and deception with the highest possible stakes, in a world poised between the Middle Ages and modernity.

Trial of Mary, Queen of Scots Penguin

One of the greatest loves of all time--between Elizabeth I and Robert Dudley--comes to life in this vivid novel. They were playmates as children, impetuous lovers as adults--and for thirty years were the center of each others' lives. Astute to the dangers of choosing any one man, the Virgin Queen could never give her "Sweet Robin" what he wanted most--marriage-- yet she insisted he stay close by her side. Possessive and jealous, their love survived quarrels, his two disastrous marriages to other women, her constant flirtations, and political machinations with foreign princes. His Last Letter tells the story of this great love... and especially of the last three years Elizabeth and Dudley spent together, the most dangerous of her rule, when their passion was tempered by a bittersweet recognition of all that they shared--and all that would remain unfulfilled.

The English Armada Ballantine Books

During the spring of 1536 in Tudor England, events conspire to bring down Anne Boleyn, the Queen of England. The coup against the Queen results in the brutal executions of six innocent people - Anne Boleyn herself, her brother, and four courtiers - and the rise of a new Queen. Drawing on sixteenth century letters, eye witness accounts and chronicles, Claire Ridgway leads the reader through the sequence of chilling events one day at a time, telling the true story of Anne Boleyn's fall. *The Fall of Anne Boleyn: A Countdown* is presented in a diary format, allowing readers to dip

in, look up a particular date, or read from start to finish. Special features include mini biographies of those involved, a timeline of events and full referencing. - Why was Anne Boleyn executed? - Who was responsible for Anne Boleyn's fall? - Was Anne Boleyn's execution a foregone conclusion and was she framed? Claire Ridgway, creator of The Anne Boleyn Files website and best-selling author of *The Anne Boleyn Collection & On This Day in Tudor History*, continues her mission to share the truth about Anne Boleyn.

The Private Lives of the Tudors Bantam

In graphic novel format, presents the religious upheaval that gripped England, Scotland, and Spain in the 16th century and the tactics employed by Queen Elizabeth I and Sir Francis Drake to prevent the Spanish Armada from attacking England.

Elizabeth I and Her Circle Harper Collins

For all the romantic mythology surrounding the court of Queen Elizabeth I, the financial underpinning of the reign of ÔGlorianaÕ was decidedly sordid. ElizabethÕs policy of seizing foreign assets made her popular at home but drew her into a partnership with pirates who preyed on the stateÕs foes and friends alike, being rewarded or punished depending on how much of a cut the Queen received, rather than the legitimacy of their action. For this reason the rule of law at sea was arbitrary and almost non-existent. Even those, such as the Lord Admiral and the Court of Admiralty, who were tasked with policing the seas and eliminating piracy, managed their own pirate fleets. While honest merchants could rail and protest, the value to the exchequer of this dubious income was enormous, often equaling, on an annual basis, the input from all other sources such as taxation or customs dues. Moreover, the practice of piracy taught English seamen how to fight and, when the nation was at its greatest peril, in 1588, it was pirates who kept the Spanish Armada away from invading the English coast. Charles Howard, commander of the British forces, Richard Grenville, Walter Raleigh and Francis Drake, were all pirates who became Ôadmirals all for EnglandÕs sakeÕ, and were well rewarded by the Queen for their exploits. This highly original book argues that the deeply ingrained piratical and self-interested approach to naval warfare by these English captains almost allowed the Armada to succeed. A radical reassessment of Elizabethan maritime history, *Pirate Nation* makes this and a number of other startling revelations about the myth and the reality of Elizabethan naval policy. A highly readable work, this radical reappraisal of Elizabethan maritime practice offers provocative insights about some of the most cherished events in British history.

The Life and Glorious Reign of Queen Elizabeth ... Likewise, an Account of Sir F. Drake's Voyage Round the World. Also, an Account of the Destruction of ... the Spanish Armada. With the Life and Death of the Earl of Essex, Q. Elizabeth's Great Favourite Madeglobal Publishing

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

His Last Letter Bloomsbury Publishing USA

The trial of Mary Queen of Scots took place in the Star Chamber, and was the first formal trial of a crowned and accredited Sovereign in historic times. The unfortunate Queen was not tried, as many people think, for any deeds or misdeeds done during her reign in Scotland, but on account of her alleged complicity in the Babington plot which designed to free her and kill Queen Elizabeth of England. This volume gives the State Trial, the legal processes which led up to it, the tortuous policy of the English lawyers, and a rare account of the Queen's last miseries borne with such dignity and bravery.

Plymouth Armada Heroes Oxford University Press, USA

This book presents the story of England's Sir Francis Drake, one

of the most famous ship captains in history.
