Happiness: A Very Short Introduction Villard
On RTÉ's The Meaning of Life, Gay Byrne has spoken with public figures about these questions and many others.

The Complete Monty Python's Flying Circus Yale University Press
A compelling guide to the fundamental place of humour and comedy within Western culture—by one of its greatest exponents Written by an acknowledged master of comedy, this study reflects on the nature of humour and the functions it serves. Why do we laugh? What are we to make of the sheer variety of laughter, from braying and cackling to sniggering and chortling? Is humour subversive, or can it defuse dissent? Can we define wit? Packed with illuminating ideas and a good many excellent jokes, the book critically examines various well-known theories of humour, including the idea that it springs from incongruity and the view that it reflects a mildly sadistic form of superiority to others. Drawing on a wide range of literary and philosophical sources, Terry Eagleton moves from Aristotle and Aquinas to Hobbes, Freud, and Bakhtin, looking in particular at the psychoanalytical mechanisms underlying humour and its social and political evolution over the centuries.

Culture and the Death of God Independently Published
In this critical study of a figure who has reached near-legendary status, Lautz cuts through the mythology to explain John Birch-both the man and the political phenomenon.

The Accidental Life OUP Oxford
A world-famous scientist presents a synthesis of modern views on the principles of evolution. The result of twenty-five years of research, The Meaning of Evolution follows the rise and fall of the dynasties of life through the 2,000,000,000 years of the history of earth. It explains what forces have been acting to bring about evolution and re-examines human aims, values, and duties in the light of what science discloses of the nature of man and of his place in the history of life. The clearest and soundest exposition of the nature of the evolutionary process that has yet been written...The book may be read with equal profit and pleasure by the general reader, the student, and the expert.-Ashley Montagu, Isis This book is, without question, the best general work on the meaning of evolution to appear in our time.-The New York Times

Tragedy Yale University Press
Terry Hershey, a popular author and retreat leader, understands that slowing down is difficult when you live in a fast-forward world. However, he also knows from personal experience that there is always a price to pay if we don't regularly take time simply to pause--to cease activity, to treasure quiet time, and to discern the deep meaning of life's little moments. In The Power of Pause, Hershey uses powerful stories and meditations, inspiring quotes, and a specific call to action at the end of each chapter to help us understand the profound value of slowing down in our daily lives and taking time for the truly important things. Over the course of 52 brief chapters, we learn how to take back the life God always intended for us to have by letting go of the things that keep getting in our way.

The Meaning of Evolution Game Is Life
Much more than just an anthology, this survey of humanity's search for the meaning of life includes the latest contributions to the debate, a judicious selection of key canonical essays, and insightful commentary by internationally respected philosophers. Cutting-edge viewpoint features the most recent contributions to the debate Extensive general introduction offers unprecedented context Leading contemporary philosophers provide insightful introductions to each section

WINNER OF THE 2023 LOCUS AWARD FOR NON-FICTION WINNER OF THE BRITISH SCIENCE FICTION ASSOCIATION AWARD FOR BEST NON-FICTION 'Always readable, illuminating and honest. It made me miss the real Terry.' - Neil Gaiman 'Sometimes joyfully, sometimes painfully, intimate . . . it is wonderful to have this closeup picture of the writer's working life.' - Frank Cottrell-Boyce, Observer ----- At the time of his death in 2015, award-winning and bestselling author Sir Terry Pratchett was working on his finest story yet - his own. The creator of the phenomenally bestselling Discworld series, Terry Pratchett was known and loved around the world for his hugely popular books, his smart satirical humour and the humanity of his campaign work. But that's only part of the picture. Before his untimely death, Terry was writing a memoir: the story of a boy who aged six was told by his teacher that he would never amount to anything and spent the rest of his life proving him wrong. For Terry lived a life full of astonishing achievements: becoming one of the UK's bestselling and most beloved writers, winning the prestigious Carnegie Medal and being awarded a knighthood. Now, the book Terry sadly couldn't finish has been written by Rob Wilkins, his former assistant, friend and now head of the Pratchett literary estate. Drawing on his own extensive memories, along with those of the author's family, friends and colleagues, Rob unveils the full picture of Terry's life - from childhood to his astonishing writing career, and how he met and coped with what he called the 'Embuggerance' of Alzheimer's disease. A deeply moving and personal portrait of the extraordinary life of Sir Terry Pratchett, written with unparalleled insight and filled with funny anecdotes, this is the only official biography of one of our finest authors. ----- - 'Spins magic from mundanity in precisely the way Pratchett himself did.' - Telegraph 'As frank, funny and unsentimental as anything its subject might have produced himself.' - Mail on Sunday

What do Mother Theresa, Buffy the Vampire Slayer, and the exploration of Mars teach us about the meaning of life? World-renowned experts, David Benatar and Thaddeus Metz, give you their answers to life's biggest question. Spoiler alert: it isn't 42. We've all felt a unique sense of isolation over the past year. Is there a way to find meaning in this brave new world? Benatar argues that from the cosmic perspective, life on this pale blue dot has almost no significance. But Metz holds a more optimistic view. Discover his rules for how anyone can enrich their lives through truth, beauty, and goodness. Conversations about the Meaning of Life is a discussion with two of the most important thinkers on the topic, and includes an exclusive debate between them. If you strive to lead a more meaningful existence, and want an accessible, intelligent guide to the ultimate question, you'll love this book. Buy it now. "This is, in my opinion, the best dialogue about the meaning of life in the literature. The interlocutors are two of the most important philosophers in the field and it is enlightening to hear these two titans engaging each other directly. Anyone interested in the meaning of life should read this brief and accessible work." - John G Messerly, author of The Meaning of Life.

Stuck in Neutral OUP Oxford
Culture is a defining aspect of what it means to be human. Defining culture and pinpointing its role in our lives is not, however, so straightforward. Terry Eagleton, one of our foremost literary and cultural critics, is uniquely poised to take on the challenge. In this keenly analytical and acerbically funny book, he explores how culture and our conceptualizations of it have evolved over the last two centuries—from rarified sphere to humble practices, and from a bulwark against industrialism's encroaches to present-day capitalism's most profitable export. Ranging over art and literature as well as philosophy and anthropology, and major but somewhat "unfashionable" thinkers like Johann Gottfried Herder and Edmund Burke as well as T. S. Eliot, Matthew Arnold, Raymond Williams, and Oscar Wilde, Eagleton provides a cogent overview of culture set firmly in

its historical and theoretical contexts, illuminating its collusion with colonialism, nationalism, the decline of religion, and the rise of and rule over the "uncultured" masses. Eagleton also examines culture today, lambasting the commodification and co-option of a force that, properly understood, is a vital means for us to cultivate and enrich our social lives, and can even provide the impetus to transform civil society.

Literary Theory Loyola Press
We have all wondered about the meaning of life. But is there an answer? And do we even really know what we're asking? Terry Eagleton takes a stimulating and quirky look at this most compelling of questions: at the answers explored in philosophy and literature; at the crisis of meaning in modern times; and suggests his own solution to how we might rediscover meaning in our lives.

The Meaning of Life OUP Oxford
A short and thoughtful introduction to traditional Chinese medicine that looks beyond the conventional boundaries of Western modernism and biomedical science Traditional Chinese medicine is often viewed as mystical or superstitious, with outcomes requiring naïve faith. Judith Farquhar, drawing on her hard-won knowledge of social, intellectual, and clinical worlds in today's China, here offers a concise and nuanced treatment that addresses enduring and troublesome ontological, epistemological, and ethical questions. In this work, which is based on her 2017 Terry Lectures "Reality, Reason, and Action In and Beyond Chinese Medicine," she considers how the modern, rationalized, and scientific field of traditional Chinese medicine constructs its very real objects (bodies, symptoms, drugs), how experts think through and sort out pathology and health (yinyang, right qi/wrong qi, stasis, flow), and how contemporary doctors act responsibly to "seek out the root" of bodily disorder. Through this refined investigation, East-West contrasts collapse, and systematic Chinese medicine, no longer a mystery or a pseudo-science, can become a philosophical ally and a rich resource for a more capacious science.

Exploring the Meaning of Life Gill & Macmillan Ltd
The question 'What is the meaning of life?' is one of the most fascinating, oldest and most difficult questions human beings have ever posed themselves. In an increasingly secularized culture, it remains a question to which we are ineluctably and powerfully drawn. Drawing skillfully on a wealth of thinkers, writers and scientists from Augustine, Descartes, Freud and Camus, to Spinoza, Pascal, Darwin, and Wittgenstein, On the Meaning of Life breathes new vitality into one of the very biggest questions.

Culture John Wiley & Sons
NEW YORK TIMES BESTSELLER • From the ingenious comic performer, founding member of Monty Python, and creator of Spamalot (now back on Broadway!), comes an absurdly funny memoir of unparalleled wit and heartfelt candor—now featuring a new afterword. “A hilarious, charming book by this incredible, ~~insufferable~~ interesting genius.”—Steve Martin We know him best for his unforgettable roles on Monty Python—from the Flying Circus to The Meaning of Life. Now, Eric Idle reflects on the meaning of his own life in this entertaining memoir that takes us on a remarkable journey from his childhood in an austere boarding school through his successful career in comedy, television, theater, and film. Coming of age as a writer and comedian during the Sixties and Seventies, Eric stumbled into the crossroads of the cultural revolution and found himself rubbing shoulders with the likes of George Harrison, David Bowie, and Robin Williams, all of whom became dear lifelong friends. With anecdotes sprinkled throughout involving other close friends and luminaries such as Mike Nichols, Mick Jagger, Steve Martin, Paul Simon, Lorne Michaels, and many more, as well as John Cleese and the Pythons themselves, Eric captures a time of tremendous creative output with equal parts hilarity and heart. In Always Look on the Bright Side of Life, named

for the song he wrote for Life of Brian and which has since become the number one song played at funerals in the UK, he shares the highlights of his life and career with the kind of offbeat humor that has delighted audiences for five decades. 2019 marked the fiftieth anniversary of The Pythons, and Eric commemorated the occasion with this hilarious memoir chock full of behind-the-scenes stories from a high-flying life featuring everyone from Princess Leia to Queen Elizabeth.

The Meaning of Life and the Great Philosophers Routledge

The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series starring Michael Sheen and David Tennant. Season 2 of Good Omens coming soon! "Good Omens . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It's a wow. It would make one hell of a movie. Or a heavenly one. Take your pick." —Washington Post According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (the world's only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact. Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst Earth's mortals since The Beginning and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .

The Meaning of Life Oxford University Press

Offers new observations on the persistence of God in modern times, and considers how the war on terror and a post-9/11 society has impacted atheism.

Hope without Optimism Yale University Press

Have you ever closed your Bible and thought, What did I just read? Whether you're brand-new to the Bible or you grew up in the second pew, reading Scripture can feel confusing or boring at times. Understanding it well seems to require reading it thoroughly (and even repeatedly), but who wants to read something they don't understand? If you've ever wanted to read through the Bible or even just wanted to want to read it, The Bible Recap is here to help. Following a chronological Bible reading plan, these recaps explain and connect the story of Scripture, section by section. Soon you'll see yourself as a child of God who knows and loves His Word in the ways you've always hoped for. You don't have to go to seminary. You don't need a special Bible. Just start reading this book alongside your Bible and see what God has to say about Himself in the story He's telling. "Tara-Leigh gets me excited to read the Bible. Period. I have found a trusted guide to walk me into deeper understanding of the Scriptures."--MICHAEL DEAN MCDONALD, the Bible Project

Press kit includes 9 pamphlets, 1 sheet of loose copy, and 14 photographs.

Good Omens Vintage

James believed that philosophy was meant to articulate, and help answer, a single existential question, one which lent itself to the title of one of his most famous essays: "Is life worth living?"

Through examination of an array of existentially loaded topics covered in his works—truth, God, evil, suffering, death, and the meaning of life—James concluded that it is up to us to make life worth living. He said that our beliefs, the truths that guide our lives, matter—their value and veracity turn on the way they play out practically for ourselves and our communities. For James, philosophy was about making life meaningful, and for some of us, liveable. This is the core of his "pragmatic maxim," that truth should be judged on the bases of its practical consequences. Kaag shows how James put this maxim into use in his philosophy and his life and how we can do so in our own. .

Monty Python's The Meaning of Life University of Virginia Press

This "intense reading experience" is a Printz Honor Book. Shawn McDaniel's life is not what it may seem to anyone looking at him. He is glued to his wheelchair, unable to voluntarily move a muscle—he can't even move his eyes. For all Shawn's father knows, his son may be suffering. Shawn may want a release. And as long as he is unable to communicate his true feelings to his father, Shawn's life is in danger. To the world, Shawn's senses seem dead. Within these pages, however, we meet a side of him that no one else has seen—a spirit that is rich beyond imagining, breathing life. *Booklist starred review
