Doctor Who Candlewick Press
From the #1 New York Times bestselling author of *A Monster Calls* comes a richly illustrated and lyrical tale, one that asks harrowing questions about power, loyalty, obsession, and the monsters we make of others. With harpoons strapped to their backs, the proud whales of Bathsheba's pod live for the hunt, fighting in the ongoing war against the world of men. When they attack a ship bobbing on the surface of the Abyss, they expect to find easy prey. Instead, they find the trail of a myth, a monster, perhaps the devil himself... As their relentless Captain leads the chase, they embark on a final, vengeful hunt, one that will forever change the worlds of both whales and

men. With the lush, atmospheric art of Rovina Cai woven in throughout, this remarkable work by Patrick Ness turns the familiar tale of Moby Dick upside down and tells a story all its own with epic triumph and devastating fate.

Minnesota National Geographic Books
 “Carol Goodman’s Blythewood is reminiscent of both Harry Potter and The Diviners, but in a way that doesn’t distract from the entertaining story within.”* After narrowly escaping death in the Triangle Shirtwaist Factory Fire, seventeen-year-old Avaline Hall is sent to Blythewood Academy, the elite girls’ boarding school in New York’s Hudson Valley that her mother attended years before. Ava hopes to solve the mystery of her mother’s death and its connection to the students who keep disappearing from Blythewood. But the school is not all that it appears . . . and neither is the handsome young man who saved Ava from the fire. What’s the meaning of the extraordinary powers Ava possesses? Who’s good and who’s evil? And who has the right to make that distinction? *review of Blythewood by Forever Young Adult

 Winner of the Pulitzer Prize “A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue.”—The New York Times
 Book Review A Confederacy of Dunces is an American comic masterpiece. John Kennedy Toole’s hero, one Ignatius J. Reilly, is “huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters, denizens of New Orleans’ lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures” (Henry Kisor, Chicago Sun-Times).

A travesty. A violation. An ecstasy. A disappointment. An instant. A lie. A theft.

King, Melvin Burgess, Keith Gray, Patrick Ness, Anne Fine, Sophie McKenzie, Bali Rai, Jenny Valentine, Mary Hooper, and Andrew Smith. Some of today's leading international YA authors contributed to this hard-hitting collection of original short stories: some funny, some moving, some haunting, but all revolving around the same subject—virginity.

Fifteen top voices in speculative fiction explore the intersection of fear and love in a haunting, at times hilarious, darkly imaginative volume. Predatory kraken that sing with — and for — their kin; band members and betrayed friends who happen to be demonic; harpies as likely to attract as repel. Welcome to a world where humans live side by side with monsters, from vampires both nostalgic and bumbling to an eight-legged alien who makes tea. Here you'll find mercurial forms that burrow into warm fat, spectral boy toys, a Maori force of nature, a landform that claims lives, and an architect of hell on earth. Through these and a few monsters that defy

categorization, some of today's top young-adult authors explore ambition and sacrifice, loneliness and rage, love requited and avenged, and the boundless potential for connection, even across extreme borders. A dystopian thriller follows a boy and girl on the run from a town where all thoughts can be heard - and the passage to manhood embodies a horrible secret. hears too. With hostile men from the town in pursuit, the two stumble upon a strange and eerily silent creature: a girl. Who is she? Why wasn't she killed by the germ like all the females on New World? Propelled by Todd's gritty narration, readers are in for a white-knuckle journey in which a boy on the cusp of manhood must unlearn everything he knows in order to figure out who he truly is.

Part two of the literary sci-fi thriller follows a boy and a girl who are caught in a warring town where thoughts can be heard – and secrets are never safe. Reaching the end of their flight in *The Knife of Never Letting Go*, Todd and Viola did not find healing and hope in Haven. They found instead their worst enemy, Mayor Prentiss, waiting to welcome them to New Prentisstown. There they are forced into separate lives: Todd to prison, and Viola to a house of healing where her wounds are treated. Soon Viola is swept into the ruthless activities of the Answer, while Todd faces impossible choices when forced to join the mayor's oppressive new regime. In alternating narratives the two struggle to reconcile their own dubious

actions with their deepest beliefs. Torn by confusion and compromise, suspicion and betrayal, can their trust in each other possibly survive?

The Crash of Hennington HarperCollins UK

"A Handmaid's Tale for the 21st century" (Prism Magazine), Wood's dystopian tale about a group of young women held prisoner in the Australian desert is a prescient feminist fable for our times. As the Guardian writes, "contemporary feminism may have found its masterpiece of horror." Drugged, dressed in old-fashioned rags, and fiending for a cigarette, Yolanda wakes up in a barren room. Verla, a young woman who seems vaguely familiar, sits nearby. Down a hallway echoing loudly with the voices of mysterious men, in a stark compound deep in the Australian outback, other captive women are just coming to. Starved, sedated, the girls can't be sure of anything—except the painful episodes in their pasts that link them. Drawing

strength from the animal instincts they're forced to rely on, the women go from hunted to hunters, along the way becoming unforgettable and boldly original literary heroines that readers will both relate to and root for. *The Natural Way of Things* is a lucid and illusory fable and a brilliantly plotted novel of ideas that reminds us of mankind's own vast contradictions—the capacity for savagery, selfishness, resilience, and redemption all contained by a single, vulnerable body.
