"O'Reilly Media, Inc."  
This second book in the Missing Semester series addresses the most

overlooked subject in financial-literacy education-investing. Primarily addressing students and recent graduates, its lessons are not laden with jargon; its focus is topics and choices that apply to most young people, not just a few, and not those relevant only late in life. The Missing Second Semester presents a call to action: You're in charge. Understand the opportunity, and make the choices.

*The 3 Simple Rules of Investing* O'Reilly Media Explains how to use QuickBooks to set-up and manage bookkeeping systems, track invoices, pay bills, manage payroll, generate reports, and determine job costs.

QuickBooks 2006: The Missing Manual "O'Reilly Media, Inc." Investing in Your 20s & 30s For Dummies (9781119293415) was previously published as Investing in Your 20s & 30s For Dummies (9781118411230). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The easy way to make sense of investing when you're

just starting out Today's 20- and 30-somethings have witnessed a miserable investment market during most, if not all, of their adult lives. But going forward, the opposite is more likely to be true. In order to build a retirement portfolio that is capable of covering expenses in your golden years, it is necessary to start saving and investing while you are young.

Investing in Your 20s & 30s For Dummies offers investment advice for taking the first steps as you star out on your own earning a livable income. Investing in your 20s & 30s For Dummies cuts to the chase by providing emerging professionals, like yourself, the targeted investment advice that you need to establish your own unique investment style. Covering everything from evaluating assets and managing risk to demystifying what the phrase "diversifying your portfolio" really means, this guide offers expert investment advice that you shouldn't be without. Helps you determine your investment timeline and goals Offers plain-English explanations of investment lingo Includes tips for investing while having debt Guidance on where and when to seek

investment advice If you're in your 20s or 30s, the sooner you're investing, the more time you have to compound your returns and grow your portfolio. So what are you waiting for?

*The True Story of How the Global Elite Was Duped by a Capitalist Fairy Tale* John Wiley & Sons

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored

and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college."

"Regardless of whether I go to college," he replied, "I'm going to be rich."

The world of investing normally sees experts telling us the 'right' way to manage our money. How often do these experts pull back the curtain and tell us how they invest their own money? Never. How I Invest My Money changes that. In this unprecedented collection, 25 financial experts share how they navigate markets with their own capital. In this honest rendering of how they invest, save, spend, give, and borrow, this group of portfolio managers, financial advisors, venture capitalists and other experts detail the 'how' and the 'why' of their investments. They share stories about their childhood, their families, the struggles they face and the aspirations they

hold. Sometimes raw, always revealing, these stories detail the indelible relationship between our money and our values. Taken as a whole, these essays powerfully demonstrate that there is no single 'right' way to save, spend, and invest. We see a kaleidoscope of perspectives on stocks, bonds, real assets, funds, charity, and other means of achieving the life one desires. With engaging illustrations throughout by Carl Richards, *How I Invest My Money* inspires readers to think creatively about their financial decisions and how money figures in the broader quest for a contented life. With contributions from: Morgan Housel, Christine Benz, Brian Portnoy, Joshua Brown, Bob Seawright, Carolyn McClanahan, Tyrone Ross, Dasarte Yarnway, Nina O'Neal, Debbie Freeman, Shirl Penney, Ted Seides, Ashby Daniels, Blair duQuesnay, Leighann Miko, Perth Tolle, Josh Rogers, Jenny Harrington, Mike Underhill, Dan Egan, Howard Lindzon, Ryan Krueger, Lazetta Rainey Braxton, Rita Cheng, Alex Chalekian
