Providing a solid foundation in medical-surgical nursing, Susan deWit's Medical-Surgical Nursing:

Concepts and Practice, 3rd Edition ensures you have the information you need to pass the NCLEX-PN®

Examination and succeed in practice.

Part of the popular LPN/LVN Threads series, this uniquely

understandable, concise text builds on the fundamentals of nursing, covering roles, settings, and health care trends; all body systems and their disorders; emergency and disaster management; and mental health nursing. With updated content, chapter objectives, and review questions, this new edition relates national LPN/LVN standards to practice with its integration of QSEN competencies, hypertension, diabetes, and hypoglycemia. Concept Maps in the disorders chapters help you visualize difficult material, and illustrate how a disorder's multiple symptoms, treatments, and side effects relate to each other. Get Ready for the NCLEX® Examination! section

includes Key Points that summarize chapter objectives, additional resources for further study, review questions for the NCLEX® Examination, and critical thinking questions. Nursing Care Plans with critical thinking questions provide a clinical scenario and demonstrate application of the nursing process with updated NANDA-I nursing diagnoses to individual patient problems. Anatomy and physiology content in each body system overview chapter provides basic information for understanding the body system and its disorders, and appears along with Focused Assessment boxes highlighting the key tasks of data collection

for each body system. Assignment Considerations, discussed in Chapter 1 and highlighted in feature boxes, address situations in which the RN delegates tasks to the LPN/LVN, or the LPN/LVN assigns tasks to nurse assistants, per the individual state nurse practice act. Gerontologic nursing presented throughout in the context of specific disorders with Elder Care Points boxes that address the unique medical-surgical care issues that affect older adults. Safety Alert boxes call out specific dangers to patients and teach you to identify and implement safe clinical care. Evidence-based Practice icons highlight current references to research in nursing and medical practice.

Patient Teaching boxes provide step-by-step instructions and guidelines for post-hospital care — and prepare you to educate patients on their health condition and recovery. Health Promotion boxes address wellness and disease prevention strategies that you can provide in patient teaching.

*Adult Health Nursing E-Book* Magna Publications Part of the LPN Threads series, *Success in Practical/Vocational Nursing: From Student to Leader*, 7th Edition helps you develop the practical knowledge and problem-solving skills you need for a successful career as an LPN/LVN. This edition features up-to-date content that is logically organized with concepts that build on

each other as you progress through the material. 1-2-3-approach walks you through the steps of what you need to do and how to do it. A separate chapter on critical thinking and plentiful critical thinking exercises encourage you to apply your knowledge to solve problems in both academic and personal situations. Coverage of Medicare helps you understand the costs of managed care, especially in long-term settings for older adults, and how it affects LPN/LVN practice and patients. Keep In Mind boxes prompt you to consider the underlying theme as you read the chapter. New Research and Evidence Based Practice chapter addresses topics

commonly encountered in LPN/LVN practice. New technology content helps you understand the role of simulation in nursing education and the proper etiquette for using electronic devices. Content reflects the concepts contained in the most current NCLEX-PN test plan. Professional Pointers throughout the text offer valuable advice on expectations in the professional arena during and after nursing school. Revised chapter on Health Care Systems reflects the implementation of dramatic changes. Updated nutrition and dietary information includes new MyPlate information. The latest protocols from the NAPNES, including student confidentiality,

keeps you updated on your national association's practice standards. Revised, updated, and expanded culture content allows you to provide culturally sensitive care.

Get a clear, logical, and holistic approach to physical examination and health assessment across the lifespan! Using easy-to-follow language, detailed illustrations, summary checklists, and new learning resources *Physical Examination and Health Assessment, 3rd Canadian Edition* is the gold-standard in physical examination textbooks. This new edition reflects the latest in what is

happening in nursing today with coverage of emerging trends, examples of how to document patient assessments using the Electronic Health Record, and new evidence-informed content throughout. It's easy to see why this text is #1 with Canadian nursing students! A two-column format distinguishes normal findings from abnormal findings, and uses colour, step-by-step photos to clarify examination techniques and expected findings. Sectional colour bars segment body systems according to content (Structure and Function, Subjective Data, Objective Data, Documentation and Critical Thinking, Abnormal Findings).

Summary checklists offer reviews of key examination steps. Documentation and Critical Thinking sections provide real world clinical examples of specific patients and how to document assessment findings. Abnormal findings tables help you recognize, sort, and describe abnormalities. Separate chapter on Pregnancy provides a thorough foundation for assessing the pregnant patient. Developmental Considerations sections highlight content specific to infants, children, adolescents, pregnant women, and older adults. Promoting Health boxes focus on this key aspect of Canadian health care. NEW! Content covering the Electronic Health

Record, charting, and narrative recording provides examples of how to document assessment findings. UPDATED Case Studies provide you with opportunities to test and develop your analytical skills and apply what you've learned. NEW! Approximately 150 normal and abnormal examination photos for the nose, mouth, throat, thorax, and pediatric assessment gives you a fresh perspective on these key system examinations, with cultural diversity and developmental variations. NEW! Social determinants of health considerations cover the shifting landscape of Canada's populations with strategies for integrating social,

economic and ethnocultural diversity into your health assessments. NEW! Assessment strategies relevant to Indigenous populations, harm reduction, nutrition, and transgender persons inform practitioners on respectful, complete care.
