How to hear God's Voice

Is God speaking to me? Most Christians know God speaks through His Word, but when He speaks through the spiritual senses of sight, sound, touch, taste, and smell, it can leave a person feeling crazy! In *You Can Hear the Voice of God Through All Your Spiritual Senses*, the author shares how she

came to her senses in Christ in more ways than one! Have you ever dared to ask or believe that there might be more-now-on this side of Heaven? More that we don't have to wait to access? More of something on which you just can't quite put your finger? That's how Sallie Dawkins felt. She was no longer satisfied with living a complacent or powerless life as a Christian. She had a holy hunger for more. And the Lord answered that desire. A heart encounter with God in 2015

challenged Sallie's entire belief system. It was the beginning of the end of two-and-a-half decades of wavering faith and started her on a supernatural journey of discovery that rapidly transformed her life. Now a Christian Healing Evangelist, Sallie Dawkins is an expert at coaching born-again Christians in spiritual growth. When she realized others were asking the same questions she once asked, she was inspired to write The Awakening Christian Series. This series is for

Christians seeking a closer relationship with God. In book one, You Can Hear the Voice of God Through All Your Spiritual Senses, the author shares with heartwarming honesty the lessons she's learned in her pursuit of growing in spiritual maturity. This book will help you to: - Discover your true identity as a child of God - Grow in awareness of God's presence as you navigate the supernatural awakening of your spiritual senses-and it doesn't mean you're crazy

- Recognize the voice of God over the other voices vying for your attention - Grow in confident faith even after years of doubt and unbelief - Restore peace, clarity, and freedom in your life as you learn to harness negative thought patterns Teaching through testimony, the author uses Bible verses to illustrate her points and answers FAQs regarding the supernatural. The lessons Sallie shares about her journey of spiritual growth can benefit every born-again

Christian. You'll find valuable resources and application questions at the end of each chapter to help you achieve victory in your spiritual walk. Sallie will show you how God brought healing to her own life, and how He can do it for you, too! You'll find this book inspiring, empowering, and encouraging as you build upon basic spiritual concepts for overcoming challenges and creating the supernatural life you desire. Applying the foundational truths presented in this book will

help you experience God in fresh ways and gain confident faith. Spirit-inspired dreams! Discernment XP Publishing
For years now the most common prayer request I have had from believers is their desire to hear the voice of God and to know God's will for their lives. The most commonly asked question I have heard is "How do I hear God's voice?" Nothing should be more alarming for believers than not getting a Word from the Lord. Think about it. How will we ever know what God truly desires for our lives if we cannot hear

from Him? On the other hand, some believers do hear from the Father and receive answers, but have a hard time believing it is God because the answer comes in ways they might not have expected. When we do not hear God's voice, we become uncertain of what to do next when faced with good and bad choices. One of the reasons we don't seek to hear and follow God's voice is that the wrong life choices don't look so bad when we are in the flesh and not listening to the Father.

The problem many times is the mental, emotional and spiritual parameters in which we limit God. We limit the ways God might speak to us if we confine God in our box of how He must work and speak. We must be willing to change the way we think about how to hear from the Father. If we are open to hearing God only one way, then we are limiting our ability to hear from Him. We need to stop trying to limit "HOW" He will speak to us and just tune our ears to "WHAT" He is saying. This book is

designed to be a beginning course for believers who are learning to hear the voice of the Father. This book is not necessarily meant to be for those who seem to regularly and clearly hear from the Father on behalf of all believers. This is book 1 of a series entitled, "So, You Want To Hear The Voice Of God?" The author sets out to prepare the reader to hear from the Father. This is intended for the whole body of Christ, as they humbly experience the privilege and joy of

hearing the voice of the Father. Join us as we walk the journey of seeking our Lord's face together and discovering the many ways of communing and hearing the voice of God, our heavenly Father. *Prophetic Activations to Develop Your Ability to See and Hear in the Spirit* Jessica Kingsley Publishers

the ebook prequel to *Legacy of Kings* by New York Times bestselling author Eleanor Herman! As the end of an age approaches, gods whisper horrors, families scheme for power and one woman may hold the secret to a lost legacy. At nineteen, Ada of Caria yearns to take the Snake Blood throne from her mad older siblings. She seeks the help of a young orphaned girl named Helen, the first True Oracle to have walked the earth in more than three hundred years. Helen may be able to

channel the voice of the gods, but she hates her gift and will do anything to get rid of it—even lie to her best friend, Myrtale, the priestess-princess of Epirus who is destined to marry King Philip II of Macedon even though she loves another. And in the shadows lurks a handsome green-eyed stranger who has more at stake—and more to lose—than anyone could possibly imagine. Amid jealousy and heartbreak, torrid affairs and secret rendezvous, it is spoken by the gods that either

Helen or Myrtales—newly named Olympias—will carry the destiny of the known world within her womb. The prequel to Legacy of Kings, Voice of Gods traces the intricate web of love and betrayal that led up to the birth of history's most powerful leader, Alexander the Great.

The Prophetic Voice of God Routledge

Translating God serves as an inspirational guide book that puts God's great love back into prophetic ministry as a primary goal full of real

life stories that articulate the culture of love behind God's heart for the prophetic. So much of the prophetic ministry is esoteric and a free for all in which people throw down the God card on anything they "feel," but this book brings balance without taking away the desire to see the powerful nature of God displayed. On top of that, it's biblically based and is supported by scripture throughout each story, driving home the book's message of activating the ability to hear God's voice

for each reader. Through a thought-provoking prophetic ministry philosophy and Shawn's glorious successes and very real failures, you will be inspired and equipped to: learn how to hear God for yourself and others, grow through simple focused steps, take great risks, stay accountable, love people well, grow in intimacy with the Lord. As an internationally known prophetic voice who has ministered to thousands--from political leaders to those on the streets--Shawn shares everything

he has learned about the prophetic in a way that is totally unique and refreshing. Shawn aims for the higher goal of loving people relationally, not just pursuing the gift or information, and he activates you to do the same. Start to reshape the world around you with God's love today.

Experiences of hearing the voice of God (or angels, demons, or other spiritual beings) have generally been understood either as religious experiences or else as a feature of mental illness. Some critics of traditional religious faith have dismissed the visions and voices attributed to biblical characters and saints as evidence of

mental disorder. However, it is now known that many ordinary people, with no other evidence of mental disorder, also hear voices and that these voices not infrequently include spiritual or religious content. Psychological and interdisciplinary research has shed a revealing light on these experiences in recent years, so that we now know much more about the phenomenon of "hearing voices" than ever before. The present work considers biblical, historical, and scientific

accounts of spiritual and mystical experiences of voice hearing in the Christian tradition in order to explore how some voices may be understood theologically as revelatory. It is proposed that in the incarnation, Christian faith finds both an understanding of what it is to be fully human (a theological anthropology), and God's perfect self-disclosure (revelation). Within such an understanding, revelatory voices represent a key point of interpersonal encounter between

human beings and God. **Hearing God** Chosen Books Embark on a wild and unique prophetic adventure with God!
