Hasta ahora no existía ningún libro escrito por un especialista que hiciera un análisis crítico global de los escritores galardonados con el Premio

Nobel, existiendo sólo información enciclopédica superficial y mayoritariamente procedente de fuentes oficiales, lo

que bloquea la posibilidad de una mirada crítica del conjunto.

A young man's fate is tied to the Protestant Reformation—and the violent upheaval that follows—in this prize-winning novel of sixteenth-century Spain. On October 31st, 1517, Martin Luther nails his ninety-five theses to a church door and launches the movement

that will divide the Roman Catholic Church. On that same day, a child is born in the Spanish city of Valladolid. The young Cipriano Salcedo's fate is marked by the political and religious upheaval taking root across Europe. Cipriano grows up to become a prosperous merchant and joins the Reformation movement, which is secretly advancing on the Iberian Peninsula, the historical

bastion of the Catholic church. But before long, the Spanish Inquisition will drive the Reformers to put their lives at stake. Through Cipriano's story, Delibes paints a masterful portrait of the time of Spain's Charles V and recreates the social and intellectual atmosphere of Europe at one of history's most pivotal moments. In this survey of the history of Spanish cinema in the Spanish dictatorship and democratic periods, the author argues that studies of adaptations must simultaneousl y address questions of 'text' - formal issues central

to the study of film and literature - and 'context' - crucial ideological concerns. Los Santos Inocentes

Los santos inocentes
Tamesis La Literatura, con mayúsculas, no es un concepto solitario y único, no vive aislada del mundo, sino que está en contacto continuo con la sociedad y el resto de ámbitos de la cultura. Es más, debemos entenderla en el amplio horizonte de la comunicación social.

Instigados por esta idea, el grupo de autores que conforman este volumen, profundiza, siguiendo diversos caminos, las relaciones que la Literatura comparte con el cine, la memoria, la canción o la imagen, con breves estudios sobre el panorama actual, en unos casos generales y en otros centrados en obras concretas como Yonquis y yanquis de José Luis Alonso de Santos, Gringo

<p>viejo, de Carlos Fuentes o El burlador de Sevilla de Tirso. En el marco de la nueva era de la comunicación que delimita nuestras vidas, se plantea el modo en que dicha Literatura conquistará los ámbitos de intimidad generados residualmente por la saturación de unas sociedades hipercomunicadas, cómo ajustará sus formas a los nuevos tiempos y hábitos de</p>	<p>lectura, y cómo todas esas convergencias generarán finalmente conocimiento moral y tolerancia. <u>Love Letters from a Voluptuous Sexagenarian</u> Peter Lang Incorporated, International Academic Publishers Para quienes creamos literatura, estos títulos que hoy presento y de los cuales he escrito en diversas ocasiones forman un ideario y una génesis, pues en ellos, y en</p>	<p>muchos otros, hallé el fundamento del gusto por la palabra y el misterio, y en ellos todavía hoy encuentro la sustancia misma de la que estamos hechos todos nosotros <i>Premios Nobel de literatura</i> Grupo Planeta (GBS) Aunt Tula (La tia Tula), published in 1921, is one of the few novels written by Miguel de Unamuno to centre on a female protagonist. wilful and yet vulnerable Tula. Despite having no biological children of her own, the unmarried Tula becomes the primary maternal figure for successive generations of children; some related to her, others not. Her chaste maternity is presented as a complex response to her long-held, self-sacrificing romantic love for her brother-in-law, her antipathy for the submissive role expected of bourgeois

married women, and Tula's fear of her own physicality. Julia Biggane's translation captures the accessibility of style and richness of literary substance in the original, and the introduction equips the reader with an understanding of the text's wider material contexts and historical significance. Of special interest is the novel's representation of womanhood and maternity, itself inflected by wider

social changes in countries across Western Europe and Russia during the first two decades of the 20th century. **The Heretic** Planeta Publishing Corporation What was it that flew over with such a terrifying roar? Was it, as many said, the devil, or was it that thing a few had heard of, a flying machine? And those electric lights at Jacob Gallo's farm, were they witchcraft or were they science? The

theme of this harshly powerful novel is the impact of modern technology and ideas on a few isolated, tradition-bound hamlets in the aftermath of the Mexican Revolution of 1910. The old ways are represented by Epifanio Trujillo, the cacique of the region, now ailing and losing his grip on things; by ancient Madre Matiana, the region's midwife, healer, counselor, and oracle; by penniless

Rómulo and his wife Merced. "Progress" is represented by Don Epifanio's bastard son Jacob, who acquired money and influence elsewhere during the Revolution and who now, against his father's will, brings electricity, irrigation, fertilizers, and other modernities to the lean lands—together with armed henchmen. The conflict between the old and the new builds

slowly and inexorably to a violent climax that will long remain in the reader's memory. The author has given psychological and historical depth to his story by alternating the passages of narrative and dialogue with others in which several of the major characters brood on the past, the present, and the future. For instance, Matiana, now in her eighties, touchingly remembers

how she was married and widowed before she had reached her seventeenth birthday. This dual technique is superbly handled, so that people and events have both a vivid actuality and an inner richness of meaning. The impact of the narrative is intensified by the twenty-one striking illustrations by Alberto Beltrán.
