FOREWORD BY SHARMILA TAGORE The first-ever biography of the enigmatic Rajesh Khanna, the original 'superstar' If ever a life was meant to be a book, few could stake a stronger claim. Like a shooting star doomed to darkness after a glorious run, Rajesh Khanna spent the better half of his career in the shadow of his own stardom. Yet, forty years after his last monstrous hit, Khanna continues to be the yardstick by which every single Bollywood star is measured. At a time when film stars were truly larger than life, Khanna was even more: the one for whom the term 'superstar' was coined. Born Jatin Khanna to middle-class parents, the actor was adopted by rich relatives who brought him up like a prince. By the time he won the Filmfare-United Producers Combine Talent Hunt, he was already famous for being the struggler who drove an imported sports car. With seventeen blockbuster hits in succession and mass adulation rarely seen before or since, the world was at Khanna's feet. Everything he touched turned to gold. The hysteria he generated - women writing him letters in blood, marrying his photograph and donning white when he married Dimple Kapadia, people bringing sick children for his 'healing' touch after Haathi Mere Saathi - was unparalleled. Then, in a matter of months, it all changed. Khanna's career hit a downward spiral as spectacular as his meteoric rise just three years after Aradhana (1969) and never really recovered. Dark Star looks at the phenomenon of an actor who redefined the 'film star'. Gautam Chintamani's engaging narrative tries to make sense of what it was that made Rajesh Khanna and what accounted for his extraordinary fall. A singular account of a wondrous life.

'But the return is not always easy, especially when the world has moved on without you, when the people who were rooting for you have now found other heroes to support.' When Pullela Gopichand

had to undergo a risky arthroscopic surgery, chances of his full recovery were not great. His return to the badminton court seemed a far-fetched dream. The odds were stacked against him. Then, in 1998, he won the bronze in the Commonwealth Games. His biggest win was yet to come. In 2001, Pullela became the second Indian to win the All England Championship. This is the story we know. From not being able to walk to winning the most prestigious title in badminton, this is Pullela the player. But his success hasn't stopped at just him. The Pullela Gopichand Badminton Academy, set up in 2008, boasts of a host of World No. 1s including Saina Nehwal and Srikanth Kidambi and World Badminton Champion PV Sindhu. What is it about his teachings that propels players right to the top? In his official autobiography, we meet Pullela the coach. Through his own voice, as well as those of his students, mother, and wife, we get a look at the mind that revolutionised the game. We are shown not only what it takes to get to the top, but also, and more importantly, how to stay there. With the principles of his play laid bare, we are invited to apply them to our own everyday lives. In doing so, we ask questions, take accountability for our actions and perhaps find the answer to the greatest question of all--what does it take to become a champion?

Barry Long's approach to parenting includes not only love for the child, but practical ways of bringing truth and justice into the family. He explains that what children also need from parents is the example of an honest and responsible life. To introduce truth, teach the child to observe the fact of the world. To introduce justice, ask of the child only what you are prepared to do yourself. He also has radical things to say about the development of the personality and the encouragement of imagination. The book is compiled from conversations with parents, so it is possible to understand Barry Long's approach in the actual circumstances of the many families who shared their problems with him. Their experience gives readers a complete picture of the benefit that harmony in the home brings to the next generation.

"WORN is reclaiming fashion as something that can be exciting, challenging, different, quirky, interesting, not just as something you have to consume."--Jane Pratt, from her foreword The WORN Archive: A Fashion Journal about the Arts, Ideas, and History of What We Wear is a manifesto on why fashion and clothing matter. For eight years, the Canadian magazine has investigated the intersections of fashion, pop culture, and art. With prescient, intelligent articles, WORN Fashion Journal strives to address diverse issues such as gender, identity, and culture with openness and honesty. WORN asserts that fashion is art, history, ideas, and most of all fun--that style is a personal experience that need not align with the fashion industry. The four-hundred-page book features the best content from the journal's first fourteen issues, assembled by WORN'S founder and editor in chief, Serah-Marie McMahon. Articles penned by a host of unique contributors (academics, writers, curators, and artists) touch on topics as wide-ranging as the relationship between feminism and fashion, discourse on hijabs, how to tie a tie, the history of flight attendants, and textile conservation. With eclectic photo shoots featuring "real" models, striking illustrations, and whimsical layouts, every page is a joyful, creative approach to clothing. The WORN Archive is the ultimate cultural style map for those who don't want to be told how to dress but are seeking a transformative understanding of why we wear what we do.

In *Understanding William T. Vollmann*, Isil Özcan studies the maturing career of one of the most important voices in contemporary letters. Vollmann's major works of fiction and nonfiction include his National Book Award winner, *Europe Central*; his highly acclaimed *Seven Dreams* novels; and his

magnum opus, *Rising Up and Rising Down: Some Thoughts on Violence, Urgent Means, and Justifications*. Özcan examines the common threads that interlace Vollmann's corpus and grapples with the depth and complexity of his massive output. In her readings of Vollmann's works, she identifies a rich but accessible set of themes that he explores afresh in each text, including death, war, violence, suffering, and love. Vollmann has written in many genres, and his writing is informed by his extensive research and travels around the world, his familiarity with red-light zones, and his war correspondence. The highly subjective and participative nature of much his writing has foregrounded his personality to such an extent that he became simultaneously a cult figure and a notorious adventurer. In her readings Özcan contends that Vollmann compels our attention because he registers a diversity of voices and discourses that makes us hear what the subjugated, the unrecognized, the weak, and the marginalized have to say; the scope and the force of Vollmann's openness to the Other is inseparable from his method and conduct. In addition to close readings of Vollmann's texts, Özcan also examines his influences and literary connections, tracing his ties to John Steinbeck, Ernest Hemingway, James Agee, and Danilo Kis and situating him not only in the American canon but also in the longer duration of world literature.
