информации о лучших

деловых практиках и

популяризации

современных управленческих, финансовых и маркетинговых инструментов. Основное внимание редакция уделяет публикациям, затрагивающим практические аспекты ведения бизнеса в России.

Globalization or Regionalization of the American and Asian Car Industry? Kogan Page Publishers

Adopted internationally by business schools and MBA programmes, The New Strategic Brand Management is simply the reference source for senior strategists, positioning professionals and postgraduate students. Over the years it has not only established a reputation as one of the leading works on brand strategy, but also has

become synonymous with the topic itself. Using an array of international case studies, Jean-Noël Kapferer covers all the leading issues faced by brand strategists today. With both gravitas and intelligent insight, the book reveals new thinking on topics such as putting culture and content into brands, the impact of private labels and the comeback of local brands. This updated fifth edition of The New Strategic Brand Management builds on its impressive reputation, including new information to enable students and practitioners to stay up to date with targeting, adding recent research and market knowledge to the discipline. With dedicated sections for specific types of brands (luxury, corporate and retail),

international examples and case studies from companies such as Audi, Nivea, Toyota and Absolut Vodka; plus models and frameworks such as the Brand Identity Prism; it remains at the forefront of strategic brand thinking.

A Brand Narrative

Approach Information

Gatekeepers Inc

This text looks at context, techniques and strategies involved in successful international marketing. It sets out to provide a good balance of the theory and implementation behind international marketing.

Citroën C8, Peugeot

807, Fiat Ulysse,

Lancia Phedra Haynes Publications

The automobile sector is one of the most archetypal global industries and is seen by many as one of the main drivers behind the homogenisation of world markets due to firms' internationalization strategies and the social practices that firms impose. This book argues that this is not entirely the case due to the heterogeneity of firms and the diversity of strategies pursued. It highlights the diversity and forms of internationalization and the preference for regionalization rather

than globalization that has occurred over the past decade. This book looks specifically at the American and Asian car industry.

La contabilizzazione dei costi del personale rappresenta, anche per gli addetti ai lavori, un'operazione non sempre facile e spesso fonte di dubbi: la presente

guida ha l'obiettivo di illustrare, in maniera semplice e mediante l'ausilio di esempi pratici, come contabilizzare il costo del personale, evitando problematiche legate al non corretto appostamento delle voci nel bilancio di esercizio - soprattutto in presenza di eventi particolari, come la malattia, gli infortuni e così via - e alle conseguenti ripercussioni, in termini di imposizione fiscale. In virtù di questa considerazione, al fine di appostare correttamente tutte quelle voci di bilancio utili al calcolo delle imposte, è necessario valutare gli aspetti relativi agli oneri contributivi ed assicurativi, al fine dell'eventuale deduzione dalla base imponibile IRAP. La disamina, alle cui fondamenta soggiacciono i principi contabili, si caratterizza per il gran numero di esempi - che, di fatto, rappresentano una sintesi delle casistiche più comuni che possono incontrarsi in azienda - volti a consentire un rapido approccio al lettore, soprattutto in quelle situazioni di particolare urgenza, come nel caso di dover calcolare il costo per esigenze di budget. Viene, infine, proposto un

caso concreto di contabilizzazione del costo, partendo dal cosiddetto “cedolone”, vale a dire il riassunto avvenuto nel periodo di lavoro considerato. Andrea Sergiacomo Dottore commercialista, Revisore legale dei conti, Mediatore civile, componente della Commissione cooperative O.D.C.E.C. di Roma e componente della Commissione diritto societario O.D.C.E.C. di Tivoli. Svolge attività pubblicitaria per riviste specializzate in materia di bilancio, fisco e operazioni straordinarie.

Autocar Autronica Srl Marketing Communications: A Brand Narrative Approach is a mainstream, student-driven text which gives prominence to the driving force of all Marketing Communications: the imperative of Branding. The book aims to engage students in an entertaining, informative way, setting the conceptual mechanics of Marketing Communications in a contemporary, dynamic context. It includes key current trends such as: Brand narrative approach - Cases such as Dove, Harley-Davidson, Nike and World of War Craft feature

real-life, salient examples which are engaging for students and reflect the growth of co-authored brand ‘stories’ to help build and maintain brands by customer engagement through meaningful dialogues. Media neutral/multi-media approach - This text has a sound exploration of online and offline synergy combining one-message delivery and multi-media exposures, through examples of companies and political campaigns using ‘non-traditional’ media to reach groups not locking into ‘normal channels’. This brand new text features an impressive mixture of real-life brand case studies underpinned with recent academic research and market place dynamics. The format is structured into three sections covering analysis, planning and implementation and control of Marketing Communications. Using full colour examples of brands, and student-friendly diagrams, the book acknowledges that the modern student learns visually as well as through text.

Specialty Optical Fibers Handbook John Wiley & Sons
This book is a comprehensive contributed volume that aims to describe and explain the design, fabrication, operating characteristics, and specific applications of the most popular and useful types of specialty optical fibers. These "specialty fibers include any kind of optical fiber that has been architecturally manipulated to diverge from a conventional structure. For instance,

metal-coated fibers can be utilized for bandwidth improvement, and hollow core fibers offer more controllable dispersion for sensitive medical procedures. Applications for these specialty fibers abound in the biomedical, sensors, and industrial fields, as well as in more traditional communications capacities. This book will act as a specialty fiber "guided tour, hosted by the top names in the discipline. The globally renowned editors, Drs. Mendez and Morse, have extensive experience in research, academia, and industry. *Completely covers biomedical and industrial sensor technology with emphasis on real world applications *Comparative studies of pros and cons of all fiber types with relation to test and measurement, mechanical properties and strength, and reliability *Easy to access essential facts and details at the beginning of each chapter

Information Gatekeepers Inc

The Getaway Book holds something for everyone as fictional characters face dilemmas and a Canadian writer amusingly reflects on the world around her. Solve a case with Terrorist Intelligence Bureau Agent Alex Cara in *Spiral*, take on the past with Dr. Sofia Battista and Laura Amalfi in *Letters to the Grave and Struck*, and laugh at the humorous stories told from the Toronto suburbs in *WTF? Tales from the Burbs*. Reader Views reviews: *Spiral* will be enjoyable to all readers who like international terrorism intrigue. Lucia

Cascioli has mastered a complex plot, edge-of-your-seat thriller. *Spiral* is definitely worth reading, a four star in my book.

WTF? Tales from the Burbs by Lucia Cascioli is a fun read! *Letters to the Grave* is both sobering and fascinating. This is definitely a book that will hold your attention, and have you reflecting upon it after you finish.
