Be Transported with These Timeless Knits! Inspired by Outlander, the romantic tale of time travel and adventure, Highland Knits is a rustic, yet sophisticated collection of quick-to-knit projects. These 16 simple, enduring designs will have you stylishly covered no matter what place, or time, you call home. From Claire's "Rent Collection Shawl" to the "Sassenach Cowl," all your favorite pieces worn by the series' beloved heroine, and then some, are here, waiting to be knit. You'll find each piece relevant to your wardrobe, whether dressing for today or eighteenth century Scotland.

*The Compact Reader* Carson-Dellosa Publishing

This is the ninth in the 300 series of circuit design books, again contains a wide range of circuits, tips and design ideas. The book has been divided into sections, making it easy to find related subjects in a single category. The book not only details DIY electronic circuits for home construction but also inspiring ideas for projects you may want to design from the ground up. Because software in general and microcontroller programming techniques in particular have become key aspects of modern electronics, a number of items in this book deal with these subjects only. Like its predecessors in the 300 series, "308 Circuits" covers the following disciplines and interest fields of modern electronics: test and measurement, radio and television, power supplies and battery chargers, general interest, computers and microprocessors, circuit ideas and audio and hi-fi.

[The Book of L](#) Wizards of the Coast Our world is increasingly driven by

sophisticated networks of advanced computing technology, and the basic operation of everyday society is becoming increasingly vulnerable to those networks' shortcomings. The implementation and upkeep of a strong network defense is a substantial challenge, beset not only by economic disincentives, but also by an inherent logistical bias that grants advantage to attackers. Network Security Attacks and Countermeasures discusses the security and optimization of computer networks for use in a variety of disciplines and fields. Touching on such matters as mobile and VPN security, IP spoofing, and intrusion detection, this edited collection emboldens the efforts of researchers, academics, and network administrators working in both the public and private sectors. This edited compilation includes chapters covering topics such as attacks and countermeasures, mobile wireless networking, intrusion detection systems, next-generation firewalls, and more.

Follow the gang as they encounter detention robots, teleporters, wacky fashion trends and much more. Will the teens of the future get in as much trouble as the ones from our time?

[An Irish Miracle](#) HMH Books For Young Readers

A Romance Novel by USA Today

Bestselling Author Priscilla West Note: This is the beginning of Vincent & Kristen's story. You DO NOT need to read any books in the Forever Series before enjoying this one. "What gives you a thrill Kristen?" The minute I saw Vincent Sorenson, I knew he was trouble. Arrogant. Controlling. Possessive. He was everything I craved, and nothing I needed. Unfortunately, I couldn't just avoid him. The higher ups at my company decided they needed his

business, and I was on the team to bring him in. Vincent Sorenson didn't seem as interested in business as he was in me, but I knew that was a door better left unopened. If I got involved with him, it would only unearth the pain I spent years trying to bury. I thought I had it under control, but I seriously underestimated Vincent's seductive charm and silver-tongue. I would soon find out how delicious it would feel to let myself fall into this forbidden surrender.

\_\_\_\_\_ Reading Order: The Forever series currently follows three different couples. You can choose which couple you start reading about, but each couple's story has an order. Forbidden Surrender (Vincent & Kristen 1) Secret Surrender (Vincent & Kristen 2) Beautiful Surrender (Vincent & Kristen 3) Wrecked (Hunter & Lorrie 1) Rescued (Hunter & Lorrie 2) Reckless (Jax & Riley 1) Fearless (Jax & Riley 2)

**His Reluctant Omega** Gramercy The Capitol Hill aide who scandalized Washington, D.C., with her blog has now written a sharp, steamy, utterly unrepentant novel set against the backdrop of the nation's capitol. When Jacqueline Turner's fiancé gives her two days to move out of his apartment, she has no choice but to leave New York City and crash with her best friend in Washington, D.C. She needs an exciting new life--not to mention real employment. Where better to get a fresh start than the nation's capitol? Alas, D.C. turns out to be a lot more buttoned-up and toned down than she'd hoped. It's a town where a girl has to make her own excitement--and Jacqueline Turner is just the woman for the job. From the married presidential appointee who gives her cash after each tryst to the lascivious Georgetown lawyer who parades her around like something out of *Pretty Woman*, Jackie's roster of paramours grows so complicated that her friends ask her to start a blog so they can keep up. But in a small town like Washington, the line between private and public blurs very easily, and Jackie quickly realizes this blog idea may be more than she bargained for. Deliciously gossipy and impossible to put down, *The Washingtonienne* is every bit as steamy and outrageous as the real-life exploits that inspired it.

Rath and Storm Elektor International Media

Intensely practical and highly accessible, this essential handbook provides a key reference for any optometrist needing to give objective information to patients considering laser eye surgery. It follows a typical patient journey through the LASIK

procedure and covers the normal outcomes as well as any complications. All aspects of the optometrist's role are covered, from pre-selection, referral and data collection through to counselling, procedures and aftercare. If you want to give your patients an informed opinion about refractive surgery or are co-managing LASIK patients, you cannot be without this information. Highly practical, bullet points, tables, boxes, practical advice, clinical tips Covers patient journey through the procedure - what goes right as well as what can go wrong Important ancillary material on [www.optometryonline.net](http://www.optometryonline.net) guidelines, protocols, decision making pathways, videoclips of procedures Highly illustrated and beautifully designed so that you can find the information instantly and at a glance when you are working in a busy clinic Very synoptic but wide ranging in its contents from pre-selection through to post-operative management and referrals. An essential white coat pocket book.

Bedford/st Martins  
No man nor no woman could eat it like Nolan. The way he twirled his tongue, and slurped, sucked and hummed... there was no people or devices that could do what he'd done. He was the highest paid male escort in the game, with the most talent,

highest skill level, and the most seductive mentality. His only problem was... He's in love. The lady he wants is in the same profession, and she doesn't want to settle down anytime soon. A sizzling must-read page-turner from National Award Winning Bestselling and extremely decorated author David Weaver. Guaranteed to drop your jaws page by page! Read the sample and see for yourself.

*Knitwear Inspired by the Outlander Series* Pan Macmillan

*Mid Ocean* is a Novel of fiction by Author T. Rafael Cimino and is about the war on drugs as it occurs in South Florida in the year 1984. Joel Kenyon has lived in his father's shadow for most of his life. Even after his Dad's death, the man's powerful legacy still haunts him at every turn. As he graduates from the U. S. Custom's Academy, Joel is assigned strategic duty in the 'bad-lands' of U. S. drug enforcement, the Florida Keys. Set in 1984, *Mid Ocean* shows the lives of the sometimes violent drug smugglers and the men and women sworn to uphold the law in this Caribbean 'wild west'. In the end, Joel Kenyon will question everyone, including himself in a quest for what's right and true. It is here that he will find out the sea holds many secrets.

**Gravity Falls: Once Upon a Swine** IGI Global

Filled with spells, rituals, recipes, meditations, and correspondences, this second entry in Llewellyn's new *Elements of Witchcraft* series strengthens your connection to the element of air. Astrea Taylor presents amazing methods for activating the air energy within you and elevating your craft to new heights. Explore the history, folklore, and modern uses of air magic. Discover practical techniques for incorporating incense, sound, wind, voice, and smell into your practice. This enlightening book also features contributions from well-known writers, including Laura Tempest Zakroff and Phoenix LeFae. With captivating insights on air deities, animal guides, sacred sites, herbs, crystals, and more, *Air Magic* empowers you to achieve every goal and master this essential element. *The Fierce 44* Llewellyn Worldwide  
*Althusser and Law* is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles:

from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

#### Personality Hyperion

A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of

the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.
