'Hologate guides us expertly and with a deft touch along the journey towards the holy grail of unlimited energy for all.' - JIM AL-KHALILI 'What is nuclear fusion? In clear and accessible language, this book explains the basics and the hope for the future. A valuable addition to the Hot Science series.' - JOHN GRIBBIN Could the Sun hold the key to a future of clean energy? Since the 1950s, scientists have attempted to harness nuclear fusion - the process that creates the

Sun's energy - to generate near-limitless amounts of electricity. But the fact that we still have no fusion power plants is testament to the complexities of the challenge. Now, the deepening climate crisis means that researchers around the world are in a race to create a mini-Sun here on Earth. The glittering prize is an energy source that emits no greenhouse gases and could solve energy equity and supply issues at a stroke. Sharon Ann Hologate, a former Young Professional Physicist of the Year, tells the compelling story of the ongoing scientific quest for a revolutionary new era of green energy production.

Sadie Wen is perfect on paper: school captain, valedictorian, and a "pleasure to have in class." It's not easy, but she has a trick to keep her model-student smile plastered on her face at all times: she channels all her frustrations into her email drafts. She'd never send them of course - she'd rather die than hurt anyone's feelings - but it's a relief to let loose on her power-hungry English teacher or a freeloading classmate taking credit for Sadie's work. All her most vehemently worded emails are directed at her infuriating cocaptain, Julius Gong, whose arrogance and competitive streak have irked Sadie since they were kids. "You're attention starved and self-obsessed and unbearably vain . . . I really hope your comb breaks and you run out of whatever expensive hair products you've been using to make your hair appear deceptively soft . . ." Sadie doesn't have to hold back in her emails, because nobody will ever read them . . . that is, until they're accidentally

sent out. Overnight, Sadie's carefully crafted, conflict-free life is turned upside down. It's her worst nightmare - now everyone at school knows what she really thinks of them, and they're not afraid to tell her what they really think of her either. But amidst the chaos, there's one person growing to appreciate the "real" Sadie - Julius, the only boy she's sworn to hate . . . 'A wise and vivid memoir of a disintegrating marriage and a study of the role of the spouse in the life of a literary giant' Fiona Sturges, i Paper 18TH JANUARY 1990
Paul left today at 8am. We had been married just over 22 years. The previous evening we had gone out to eat at a local restaurant, where we drank champagne and reminisced. In a short

story which he wrote about that final evening of a marriage, the central characters talk wittily and poignantly about the explorer Sir Richard Burton and the sad, misunderstood wife who burnt his books. The reality was different. 'This memoir is based on the diary I kept during 1990, the year that my first marriage came to an end.' After 22 years, spent across four continents, with two children - Louis and Marcel - in 1990 Anne and Paul Theroux decided to separate. For that year, Anne - later a professional relationship therapist herself - kept a diary, noting not only her day-to-day experiences as a busy freelance journalist and broadcaster, but the contrasts in her feelings between despairing grief and hope for a new future. With reflections on truth and fiction, literature and art, and the nature of marriage, alongside commentary on notable political and cultural events, and interviews with prominent writers of the time, including Kingsley Amis and Barbara Cartland, *The Year of the End* offers a unique insight into the unravelling of a relationship and the attempt to rebuild a life.

 She used to be perky, fun, and full of life-everything I hated their bullshit exterior. People called her bubbly; I called her "fake-as-hell." The edgy, dark, lonely girl in front of me was not the Olivia Brennan I knew from high school-far from it, actually. I knew the story-the whole town knew the story, we witnessed it all. It happened in the blink of an eye and the girl we knew was gone. But I refuse to watch it anymore-I can't stand it. I'm going to fix it-fix her. It's time I showed Olivia her way back... Back to the girl she used to be.

Brienne, Red Witch Melisandre, and many more. The *Game of Thrones* universe challenges, exploits, yet also changes how we think of women and gender, not only in fantasy, but in Western culture in general. Divided into three sections addressing questions of adaptation from novel to television, female characters, and politics and female audience engagement within the *GoT* universe, the interdisciplinary and international lineup of contributors analyze gender in relation to female characters and topics such as genre, sex, violence, adaptation, as well as fan reviews. The genre of fantasy was once considered a primarily male territory with male heroes. *Women of Ice and Fire* shows how the *GoT* universe challenges, exploits, and reimagines gender and why it holds strong appeal to female readers, audiences, and online participants. *Interactive InDesign CC* Createspace Independent Publishing Platform This title, by Anne Orchard, is for aspiring authors. Feminist Discourse in Irish Literature addresses the role of young adult (YA) Irish literature in responding and contributing to some of the most controversial and contemporary issues

in today's modern society: gender, and conflicting views of power, sexism and consent. This volume provides an original, innovative and necessary examination of how "rape culture" and the intersections between feminism and power have become increasingly relevant to Irish society in the years since Irish author Louise O'Neill's novels for young adults *Only Ever Yours* and *Asking For It* were published. In consideration of the socio-political context in Ireland and broader Western culture from which O'Neill's works were written, and taking into account a selection of Irish, American, Australian and British YA texts that address similar issues in different contexts, this book highlights the contradictions in O'Neill's works and illuminates their potential to function as a form of literary/social fundamentalism which often undermines, rather than promotes, equality.
