 Marcus, a.k.a "w1n5t0n," is only seventeen years old, but he figures he already knows how the system works—and how to work the system. Smart, fast, and wise to the ways of the networked world, he has no trouble outwitting his high school's intrusive but clumsy surveillance systems. But his

whole world changes when he and his friends find themselves caught in the aftermath of a major terrorist attack on San Francisco. In the wrong place at the wrong time, Marcus and his crew are apprehended by the Department of Homeland Security and whisked away to a secret prison where they're mercilessly interrogated for days. When the DHS finally releases them, Marcus discovers that his city has become a police state where every citizen is treated like a potential terrorist. He knows that no one will believe his story, which leaves him only one option: to take down the DHS himself. Catastrophe and Colonial Settlement in Early America Simon and Schuster

The stories we tell of American beginnings typically emphasize colonial triumph in the face of adversity. But the early years of English settlement in America were characterized by catastrophe: starvation, disease, extreme violence, ruinous ignorance, and serial abandonment. *Seasons of Misery* offers a provocative reexamination of the British colonies' chaotic and profoundly unstable beginnings, placing crisis—both experiential and existential—at the center of the story. At the outposts of a fledgling empire and disconnected from the social order of their home society, English settlers were both physically and psychologically estranged from their European identities. They could not control, or often even survive, the world they had intended to possess. According to Kathleen Donegan, it was in this cauldron of uncertainty that colonial identity was formed. Studying the English settlements at Roanoke, Jamestown, Plymouth, and Barbados,

Donegan argues that catastrophe marked the threshold between an old European identity and a new colonial identity, a state of instability in which only fragments of Englishness could survive amid the upheavals of the New World. This constant state of crisis also produced the first distinctively colonial literature as settlers attempted to process events that they could neither fully absorb nor understand. Bringing a critical eye to settlers' first-person accounts, Donegan applies a unique combination of narrative history and literary analysis to trace how settlers used a language of catastrophe to describe unprecedented circumstances, witness unrecognizable selves, and report unaccountable events. *Seasons of Misery* addresses both the stories that colonists told about themselves and the stories that we have constructed in hindsight about them. In doing so, it offers a new account of the meaning of settlement history and the creation of colonial identity.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Chapter tests include traditional and document-based question tests. *Bud, Not Buddy* Simon and Schuster Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a

new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling

blaze through every page.
