This textbook and CD have been written for the University of Cambridge

International

Examinations course for International A and AS Level Geography (9696). The book

covers the core syllabus and all the human and physical geography options.

There is a CD includes interactive tests (one for each chapter in the book), Revision checklists, a section on Study Skills and a

Glossary. Advice is given on the examination and on assessment. The text book has a strong emphasis on geographical skills, including advice on fieldwork. There is also a geographical skills section which includes maps from around the world, and covers cartographic and statistical skills. There is an international focus throughout, and the examples and case studies are taken from around the world.

Chemistry syllabus, this completely revised edition gives you unrivalled support for the new concept-based approach, the Nature of science. The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life applications drive achievement.

Geography OUP
Oxford

Comprehensively covering all the core and option units for the 2009 syllabus at SL and HL, this text provides unrivalled preparation for IB assessment and was uniquely developed with the IB. Integrating examination of ethical issues, research methods and more, it will spur the highest levels of critical thought and support

top achievement.
Biology OUP Oxford
 This comprehensive and engaging text, developed in cooperation with the IB, follows the new curriculum for first assessment in 2022. With accessible, engaging lessons students will actively relate economics to real-world issues and the global economy. The international examples and case studies encourage students to analyse economics in terms of present-day challenges and concerns. Conceptual links are provided to help students understand the over-arching big questions that relate economics to the multi-faceted challenges of the world economy including how it works and changes over time.

Through inquiry-based tasks and links to TOK and ATL activities students will gain a deep understanding of economics. Practice activities will develop the skills required to succeed in the IB assessment including exam-style questions and data response questions. Clear explanations will help students achieve assessment success.
 About the Series:
 Oxford's IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and

providing opportunities for critical thinking.
