 "This may be the most
 exhilarating and
 revelatory history of

our country. It is must reading for today's youth-as well as their elders." --Studs Terkel From the boys who sailed with Columbus to today's young activists, this unique book brings to life the contributions of young people throughout American history. Based on primary sources and including 160 authentic images, this handsome oversized volume highlights the fascinating stories of more than 70 young people from diverse cultures. Young readers will be hooked into history as they meet individuals their own age who were caught up in our country's most dramatic moments- Olaudah Equiano, kidnapped from his village in western

Africa and forced into slavery, Anyokah, who helped her father create a written Cherokee language, Johnny Clem, the nine-year-old drummer boy who became a Civil War hero, and Jessica Govea, a teenager who risked joining Cesar Chavez's fight for a better life for farmworkers. Throughout, Philip Hoose's own lively, knowledgeable voice provides a rich historical context- making this not only a great reference-but a great read. The first U.S. history book of this scope to focus on the role young people have played in the making of our country, its compelling stories combine to tell our larger national story, one that prompts Howard Zinn, author of

A People's History of the United States, to comment, "This is an extraordinary book-wonderfully readable, inspiring to young and old alike, and unique." We Were There, Too! is a 2001 National Book Award Finalist for Young People's Literature.

A Bibliography

University of Washington Press
The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with 16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of

courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under

armed guard. THEY CALLED US ENEMY is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

We Were There, Too!
Macmillan

Drawings with brief comments by the author describe her memories of life in a California internment camp during World

War II

American Treasures

Houghton Mifflin

Harcourt

In the pre-dawn darkness of December 7, 1941, five Imperial Japanese Navy submarines surfaced off the coast of Oahu.

Secured to the decks of these vessels were secret weapons to be

deployed for the first time in modern

warfare: two-man

midget submarines,

intended to enter Pearl Harbor without being

detected and torpedo the US Navy

battleships lying at

anchor there. None of them would return

from their mission.

“One of the last

remaining and

persistent mysteries of the Pearl Harbor attack

is that of the Japanese

Midget Submarines. It

is a fascinating story of

innovation, courage, secrets, and failed expectations. And it is not only a story of the morning hours of December 7, but of the years before to develop these weapons and the years after, where they were deployed in the great Pacific War and how they fared as weapons of war.” These words by Daniel J. Basta, from the foreword of this work, capture both the essence and the impact of *The Lost Submarines of Pearl Harbor*. James P. Delgado and his coauthors have worked on the story of these incredible craft for decades. They combed the records of the US Navy and the recollections of its veterans as well as Japanese, Australian, and British archives in

order to uncover the truth. They have logged hours of direct observation and research on the midget subs in their final resting places, in some cases more than 1,000 feet below the surface of the Pacific. And in the end, they have woven a tapestry of scholarship, historical sleuthing, scientific insight, and good storytelling that will enthrall specialists and history enthusiasts alike.

Justices, Presidents, and Senators

Macmillan Higher Education

The American-born author describes her family's experiences and impressions when they were forced to relocate to a camp for the Japanese in Owens Valley, California, called Manzanar,

during World War II, detailing how she, among others, survived in a place of oppression, confusion, and humiliation.

Reissue.

Women Come to the Front J.G. Schwartz

Tells the story of a Japanese-American woman growing up in Seattle in the 1930s who was subjected to relocation during World War II

Document-Based Assessment for Global History Bloomsbury Publishing

70 years later, the

bombing of Pearl Harbor comes to life for a new generation of readers! History's most terrifying moments are brought vividly to life in the action-packed fictional I SURVIVED series! Do you have what it takes to survive ... the bombing of Pearl Harbor? Eleven-year-old Danny Crane is alone on his favorite beach in Hawaii when the world is torn apart and World War II officially hits the United States. Does he have what it takes to find his way home in the midst of the bombs, the smoke, and the destruction of the day that will live in infamy?

The Identification of Behavioral, Geographic and Temporal Patterns of Preparatory Conduct Rowman & Littlefield

2016 Newbery Honor Book New York Times Bestseller An impassioned, uplifting, and virtuosic tour de force from a treasured storyteller! Lost and alone in a forbidden forest, Otto meets three mysterious sisters and suddenly finds himself entwined in a puzzling quest involving a prophecy, a promise, and a harmonica. Decades later, Friedrich in Germany, Mike in Pennsylvania, and Ivy in California each, in turn, become interwoven when the very same harmonica lands in their lives. All the children face daunting challenges: rescuing a father, protecting a brother, holding a family together. And ultimately, pulled by the invisible thread of

destiny, their suspenseful solo stories converge in an orchestral crescendo. Richly imagined and masterfully crafted, Echo pushes the boundaries of genre, form, and storytelling innovation to create a wholly original novel that will resound in your heart long after the last note has been struck.

A True Story of Japanese American Experience During and After the World War II Internment

Pearl Harbor and the Coming of the Pacific War
A Brief History with Documents and Essays
This year marks the 50th anniversary of the attack on Pearl Harbor, which plunged a basically self-absorbed United States directly into the world's worst conflagration. In this

first book-length, annotated bibliography, Smith provides more than 1,500 citations from eleven languages. The published literature cited covers virtually all factors surrounding the attack and its 1941 background: economic, political, diplomatic, racial, biographical, planning, intelligence, operations, and hardware.

The Secret Efforts to Save the Declaration of Independence, the Constitution and the Gettysburg Address
Osprey Publishing
Choose kindness with Horton the elephant and the Whos of Whoville in this 65th Anniversary Edition of Dr. Seuss's classic picture book about caring for others! The new matte finish cover and peel-off

Anniversary Sticker make it a perfect gift! A person's a person, no matter how small. Everyone's favorite elephant stars in this heartwarming and timeless story for readers of all ages. In the colorful Jungle of Nool, Horton discovers something that at first seems impossible: a tiny speck of dust contains an entire miniature world--Who-ville--complete with houses and grocery stores and even a mayor! But when no one will stand up for the Whos of Who-ville, Horton uses his elephant-sized heart to save the day. This tale of compassion and determination proves that any person, big or small, can choose to speak out for what is right. This story showcases the very

best of Dr. Seuss, from the moving message to the charming rhymes and imaginative illustrations. No bookshelf is complete without Horton and the Whos! Do you see what I mean? . . . They've proved they ARE persons, no matter how small. And their whole world was saved by the Smallest of All! *High School*
Greenwood Publishing Group
You don't have anything like this yet! Check your collections. Never before has such a unique assembly of rare documents been available. WAR IN THE PACIFIC brings to life the story of the heroic actions of the men who fought the relentless war against Japan in World War II. Includes recorded memories, photographs, maps,

and actual reproductions of 20 rare key documents and memorabilia: the dispatch to General MacArthur to abandon the Philippines, the “Pocket Guide to Australia” issued to US army and navy forces in 1942, and much more! WAR IN THE PACIFIC is being released to coincide with the much-anticipated 10-part mini-series coming from HBO in March. War In The Pacific 1941-1945 looks at the relentless war against Japan in the Pacific Islands which formed an integral part of eventual Allied victory in World War II. Setting the scene with the unprovoked Japanese attack on Pearl Harbor and the almost simultaneous attack on US bases on Guam and

Wake Island, it then goes on to document the bloody battles fought in the jungle islands of Guadalcanal and the Philippines and the seas of the Pacific. As fortunes turned in 1942 the Allies fought hard to regain lost ground and the intensity of battle did not waver. It tells the story of the heroic actions of the men who toiled on the islands, the names of which have now become synonymous with bloodshed, hardship and unstoppable spirit which eventually resulted in victory for the Allies: Guadalcanal, Tarawa, Rabaul, Guam, Iwo Jima and finally Okinawa. This fascinating and heart-wrenching story is brought to life by the addition of 20 carefully selected facsimile

pieces of memorabilia ranging from military orders to propaganda leaflets dropped by the Japanese on US troops to the personal diaries and letters home of both generals, officers and ordinary soldiers.

State of the Union

Addresses Simon and Schuster

This is a practical guide to the historical study of international politics. The focus is on the nuts and bolts of historical research-- that is, on how to use original sources, analyze and interpret historical works, and actually write a work of history. Two appendixes provide sources sure to be indispensable for anyone doing research in this area. The book does not simply lay down precepts. It presents examples

drawn from the author's more than forty years' experience as a working historian. One important chapter, dealing with America's road to war in 1941, shows in unprecedented detail how an interpretation of a major historical issue can be developed. The aim throughout is to throw open the doors of the workshop so that young scholars, both historians and political scientists, can see the sort of thought processes the historian goes through before he or she puts anything on paper. Filled with valuable examples, this is a book anyone serious about conducting historical research will want to have on the bookshelf.

World War II in the Pacific Greenwood

Informed Western understanding of Imperial Japan still often conjures up images of militarism, blind devotion to leaders, and fanatical pride in the country. But, as Imperial Japan and Defeat in the Second World War reveals, Western imagination is often reductive in its explanation of the Japanese Empire and its collapse. In his analysis of the Emperor, Imperial Japanese Army and Navy during the Second World War, Peter Wetzler examines the disconnect between nation and state during wartime Japan and in

doing so offers a much-needed nuanced and sensitive corrective to existing Western scholarship. Rooted in the perspective of the Japanese, Wetzler makes available to readers vital primary and secondary Japanese archival sources; most notably, this book provides the first English assessment of the recently-released Actual Record of the Showa Emperor. This book is an important advance in English-language studies of the Second World War in Asia, and is thus essential reading for all those wishing to understand this crucial period in Japanese history.
