In recent years there has been a remarkable evolution in the design of hotels, with mainstream hotel chains rejecting characterless functionalism in favour of style-led individualism. This book gathers together over 40 of the best examples of hotel architecture and interiors from around the world, illustrating the impressive diversity of styles and forms. Identifying the latest industry trends, Riewoldt makes plain how both chains and independents have adopted individual design strategies to enhance their brand image in an increasingly global marketplace. It featuers the work of Michael Graves, Jean Nouvel and Philippe Starck amongst other big names.

The first book on the architect's custom-built residences in California, tailor-made to the highest specification one could ask for. This collection of visionary residences takes us on a tour of the height in luxury, designed to accommodate all amenities available--from the indoor gym and hair salon to the movie theater, champagne vault and wine cellar, cigar room, and wellness room. California Living looks at McClean's rise to prominence, from his first Bird Streets home in the Hollywood Hills to houses that drew attention from the likes of fashion designer Calvin Klein and the record-setting Bel Air home of Beyoncé and Jay Z. In addition to incorporating water in all of his designs, he makes extensive use of glass to eliminate the barrier between the indoors/outdoors. His sleek designs seamlessly integrate the outdoors taking advantage of the spectacular views and landscapes. After an illustrated introduction, the portfolio section of twenty-four magnificent ultra-modern homes describes each house in detail with sketches and site plans, explaining the architect's work. McClean offers his reflections on these beautiful projects and the design strategies behind their creation, all completed in the past fifteen years. McClean Design has grown into one of the leading contemporary residential design firms in the fashionable areas of Los Angeles and Beverly Hills, with projects throughout the Western United States and beyond to Hawaii and British Columbia.

A behind-the-scenes look at the extraordinary and meticulous design of graphic objects for film sets Although graphic props such as invitations, letters, tickets, and packaging are rarely seen close-up by a cinema audience, they are designed in painstaking detail. Dublin-based designer Annie Atkins invites readers into the creative process behind her intricately designed, rigorously researched, and visually stunning graphic props. These objects may be given just a fleeting moment of screen time, but their authenticity is vital and their role is crucial: to nudge both the actors on set and the audience just that much further into the fictional world of the film.

Lighting is a key feature of almost all interiors but it is often treated in a rather superficial manner in most books. This volume features more than 40 recent international projects where the lighting is the defining design feature. Each project includes detailed plans, diagrams, sketches, and CAD visuals to demonstrate the lighting techniques involved. These are accompanied by an explanatory text that looks at the original brief, the design concept, and the detailed specification of the light fittings. A bonus CD includes technical drawings from the book. This book will be an invaluable resource for professional interior designers and architects in what is a fast-changing field.
