Portuguese much more rapidly than any other language, and thousands of students have used Antônio Simões's text/workbook *Com licença: Brazilian Portuguese for Spanish Speakers* to make the transition between the two languages. Recognizing the need for a text that incorporates current cultural references and the latest language pedagogy, Simões now offers *Pois não: Brazilian Portuguese Course for Spanish Speakers, with Basic Reference Grammar*. *Pois não* contrasts Portuguese and Spanish, which accomplishes two main goals. It teaches the equivalent of one year of college Portuguese in one semester, three times a week, to

Spanish speakers who also have a solid understanding of English. Additionally, the book serves as a basic reference guide to Brazilian Portuguese for the same audience. *Pois não* can be used by students in the classroom or by independent learners. Users of the book may focus on the drills alone, concentrate on both the explanations and drills, or use the book as a reference for consultation only. Answers to all of the exercises are included in the book. A CD containing recordings by native Brazilian speakers of dialogues that appear in the book is included. *Let's Learn Portuguese Mobile Library* Millions of people learn Portuguese but only a very small percentage

of learners can actually speak it fluently. Why is that? People in general are quick to point out that some are naturally built more than others to learn Portuguese and other languages. This is not necessarily true, however, since we have all come to learn and speak our native language fluently. If you find yourself overwhelmed trying to study and review thousands of Portuguese phrases and vocabulary words or are struggling to speak Portuguese with native speakers, try this book! This is not a basic Portuguese for beginners textbook designed to teach Brazilian Portuguese or European Portuguese but a book that will teach you how to learn Portuguese the smart

way and get you to fluency faster using highly effective language learning methods and techniques. There exists hundreds of Portuguese language coursebooks, Portuguese phrase books, and basic Portuguese for beginners textbooks, but without smart language learning techniques and strategies, you are likely to forget what you have studied and reviewed and especially during a conversation. There exists an easier and more fun way to build your overall Portuguese language ability. In *How to Get Really Good at Portuguese*, discover how you can easily conquer the Portuguese language

using highly effective methods and strategies used by polyglots (language learning experts). This includes both European Portuguese and Brazilian Portuguese. These methods and techniques can even be used to learn Portuguese phrases, vocabulary, and grammar from TV shows, movies, videos, music, and video games. Learn Portuguese smarter and faster starting today!

Portuguese Simon and Schuster
 The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our

finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to

speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second

language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at:

Olá ! Hello! Do you understand this first Portuguese word? Yes, you do! Why? Because it was presented to you using a new technique that is making learning languages easier than ever - the Bilingual Reading. We created this book using this technique so that you can learn Portuguese vocabulary in a fast and fun way and whenever you want. How does this work? It is simple: Bilingual Reading works by reading two versions of the same book or text at once. One version will be on the language you want to learn (in this case we will help you to learn Portuguese vocabulary) and the other version will be in

your native language or some other language you are comfortable with - here we will use English. Using this method, you will quickly start to learn Portuguese for foreigners from basics and learn Portuguese language easy by accumulating vocabulary. Learning Portuguese language books (in Portuguese English dual language format) is a process that will soon allow you to read texts that are more complex without having to spend hours and hours looking for every word meaning on a dictionary! In order to make it easier for you the Portuguese learn step by step, we made this Portuguese short stories for beginners book. It includes 12 Portuguese

short stories for beginners written using straightforward grammar to facilitate the work of all that are interested in Portuguese language courses or just in reading some simple Portuguese books. This simple stories makes this book a great tool in Portuguese for foreigners of all ages. Using Portuguese English parallel text, this book will increase your bilingual reading comprehension skills and maximize the time you invest in reading thanks to the Portuguese translation. The book is organized as a Portuguese phrase book learning tool: you can start by reading each paragraph of each story in the two languages (in Portuguese English parallel text), then

move to read the full story in each language, rereading to consolidate the Portuguese literature fundamentals whenever is necessary. This way you will feel the progress of Portuguese language learning when moving from story to story and see your Portuguese vocabulary grow as your bilingual reading comprehension increases. Let's Start? *Let's Learn Portuguese Learn French In 21 DAYS!* At the start of this book you will find tips on how to learn French quickly.
