* Our summary is
short, simple and
pragmatic. It allows
you to have the
essential ideas of a big
book in less than 30
minutes. By reading
this summary, you will
see how a trip can be a

source of learning. You
will also discover : that
digressions are unfairly
underestimated; that
hospitality to travelers
allowed the Greeks to
organize their society;
what Penelope's
weaving really means,
which she makes by
day and undoes by
night; that going on a
journey teaches you to
come back better. The
epic is a poetic literary
genre that highlights
adventures, travel and
war. The Odyssey of
Ulysses, written by
Homer, is undoubtedly
one of the most
famous works of the
genre. Its main
episodes have become
mythical, such as
Ulysses' encounter
with the sirens or his
fight against the
Cyclops. Writers such
as Albert Camus,
Antoine de Saint-
Exupéry or Sylvain

Tesson wanted to reproduce the itinerary of Ulysses in the Mediterranean Sea. If The Iliad is really a journey, The Odyssey is only the return of this journey. It is however only there that Ulysses becomes one of the most famous characters of Greek mythology.

What does it take to become a true hero?

No home library is complete without the classics! Iliad & Odyssey brings together the two essential Greek epics from the poet Homer in an omnibus edition-a keepsake to be read and treasured. The Iliad and The Odyssey are two of the oldest works of Western literature--yet these ancient myths still offer powerful lessons for our times. From the fascinating fall of Troy to Odysseus' perilous journey home, from the gods and goddesses to the Sirens and the suitors, the events and characters of these epic tales captivate us,

teach us, and inspire us. Their influence can be seen far and wide, from James Joyce's Ulysses to the movie sensation Troy, starring Brad Pitt. Whether you've read Homer's original stories or you've only enjoyed their modern-day descendants, you'll love this Canterbury Classics edition of Iliad & Odyssey, and will be moved by these magical works. A classic keepsake for fans of Greek mythology, as well as all great literature, Iliad & Odyssey is the perfect addition to any library.

hope. *The One and Only Bob* features first-person narrative; author's use of literary devices (personification, imagery); and story elements (plot, character development, perspective). This acclaimed middle grade novel is an excellent choice for tween readers in grades 5 to 8, for independent reading, homeschooling, and sharing in the classroom.

Cloze in on Language

Hamish Hamilton

An adventurous story of a frontier boy raised by Indians, *The Light in the Forest* is a beloved American classic.

When John Cameron Butler was a child, he was captured in a raid on the Pennsylvania frontier and adopted

by the great warrior Cuyloga. Renamed True Son, he came to think of himself as fully Indian. But eleven years later his tribe, the Lenni Lenape, has signed a treaty with the white men and agreed to return their captives, including fifteen-year-old True Son. Now he must go back to the family he has forgotten, whose language is no longer his, and whose ways of dress and behavior are as strange to him as the ways of the forest are to them.

Paperbound Books in Print HarperCollins

The occasion of forty years of teaching at Amherst by William H. Pritchard, the renowned critic of Frost, Jarrell, and many others, has generated a remarkable collection of essays by former students, colleagues, and friends. The essays themselves are a spectrum of contemporary, criticism, ranging from classroom memoirs to analytic essay-in-criticism to assessment of the state of academic letters today. These contributions, a tribute, by reason of their very range, are a salute to the breadth of William Pritchard's circle of literary

acquaintance. Under Criticism demonstrates the fine persistence in certain manners of approach and habits of focus that go, among that circle, under the name of criticism. Drawing foremost on their engagement with the literature before them, Christopher Ricks, Helen Vendler, Patricia Meyer Spacks, Neil Hertz, David Ferry, Paul Alpers, Joseph Epstein, and Frank Lentricchia -- as well as fifteen other critics and men and women of letters -- reinforce Professor Pritchard's prescription that in order to have a hearing, the critic needs to keep listening.

Strange Case of Dr. Jekyll and Mr. Hyde

R.I.C. Publications

Cloze procedure is a

family of testing and teaching methods that leave blanks in discourse and ask examinees to restore the missing elements. Edited and coauthored by award-winning scholars, Cloze and Coherence shows how and why cloze procedure is sensitive to discourse constraints, and it offers a comprehensive theory of semiotics showing what coherence is and reviewing a great deal of cloze research. It traces in particular the history of cloze research pertaining to studies of coherence from Hermann Ebbinghaus in the 1890s to Wilson L. Taylor in the 1950s until today. The research presented here aims to show that cloze scores tend to fall

if discourse constraints are disrupted. Also explored are many subtle questions associated with this tendency. Populations discussed include native and nonnative speakers of English, native and nonnative speakers of French, and certain special populations such as deaf subjects and educable mentally retarded subjects. Contrary to some experts, it appears from the theory and the research that all of the normal subject populations as well as the special populations examined here benefit from the cognitive momentum gained from the episodic organization of ordinary discourse. This finding is sustained by research from Taylor, Oller et

al., Cziko, Bachman, Jonz, and Taira. Further, some of Jonz's recent work shows why scrambling encyclopedic text (Timothy Shanahan and colleagues) failed to produce any significant decrement in cloze scores. Jonz demonstrated empirically that some texts (just as Gary A. Cziko had predicted) are not made more difficult by scrambling their sentences because the sentences of those texts are, in some cases, arranged in the manner of a list rather than a logically or chronologically structured series. Scrambling the list, therefore, has no significant impact. The final chapter of this study gives a comprehensive review of research reportedly

showing that cloze is not sensitive to coherence. The authors show that all those efforts suffer from fatal flaws. Cloze and Coherence offers advances of two kinds. First, a better theoretical basis for experimental research on discourse comprehension and on literacy and language acquisition is presented, which stems from a fleshed-out semiotic theory. Second, experimental advances, whose results are published here for the first time, appear in various studies by Jonz, Chihara et al., Oller et al., and Taira. This work is well researched and illustrated. It includes figures, tables, appendices, a glossary, and an index. It will be a valuable

tool for language and literacy testers and teachers.

The One and Only

Bob Vintage

Documents the 1955 kidnapping and murder of teenage Emmett Till as remembered by his cousin, sharing descriptions of life in period Mississippi and how the ensuing murder trial became a catalyst for the civil rights movement.

Tales from the Odyssey, Part 1 Read, understand and write A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled

native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the

stories shed light on what it means to be a Hoosier, today and in the past.

El-Hi textbooks in print

Little, Brown Books for Young Readers
 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men

of a certain cast of mind; the complex, charged bond between fathers and sons.

"Terrifying...

Eloquent... A heart-rending drama of human yearning."

—New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after

graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism

through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young

man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every

page. *The Greeks* National Geographic Books Introduces facts about the planets, distinguishing between the inner, gas, and dwarf planets, and discusses how scientists learn about the planets and outer space.
