"A must read for anyone who wants to be successful with their digital marketing." - Greg S. Reid, bestselling author of Three Feet from Gold The 7 Critical Principles of Effective Digital Marketing is an attempt at establishing a baseline for one of the most tumultuous and change-ridden industries in existence. It takes a step back from the strategies and tactics that most digital marketing approaches start with and, instead, establishes a core and foundational structure from which all digital marketing initiatives can and should operate. The 7 Principles are simple without being simplistic and help to align digital marketers with a set of axiomatic, unchanging and foundational beliefs. In fact, these 7 principles may be the only thing about digital marketing

that won't change. A note from the author: Oh, look! You're reading the synopsis. That means I've got another sentence or two before you get bored and jump ship to go roam greener pastures. I get that, I do the same thing all of the time. Here's the problem with my book: That sexy little tidbit that you're looking for...you know, that hint, tip, trick, hack, best practice, "whatever" that'll make you an instant digital marketing demigod...it ain't here. I'm not saying it doesn't exist. I'm not saying Santa doesn't exist either. Here's what I am saying: maybe, just maybe, we're doing this wrong. I said "we" because I'm one of you! I'm a professional digital marketer (10 years and running!) and I do the same stupid thing that all of us are guilty of. I go out hunting for quick-fix content that'll give me some sort of blueprint to success as if digital marketing genius comes in a template. That's exactly why I wrote this book. Yes, strategies, tactics and best practices are important. But more important than any of that, something truly irreplaceable and a prerequisite to

any lasting success: Principles. Here's the problem that I face: Principles aren't sexy! They just aren't. Tips and hacks and all of that crap, easy to sell. But principles...' Yawn! So, dear reader, I issue you a warning: if you're looking for that casual read that'll just drop a couple of little nuggets to simply make you sound smart the next time you're at a conference, I invite you to look elsewhere. (You're looking for dessert and I'm offering up that deep-dish beef stew your mom used to make on rainy days.) However, if you want the real deal, feet on the street, decade in the making, principle-centered, value driven, foundational approach to digital marketing: You found it. It's time we put down our plastic spiderman sporks and pick up the fine silver so we can sit at the big boy table with every other industry. It's time for digital marketing to have a principle-centered foundation. I hope you'll join me. Thug life, Kasim

Dream Big Inspirational Journal Pfiffikus

The ship transcends the descriptive categories of place, vehicle and artefact; it is a cosmos, which requires its own cosmology. This is the subject matter of this volume, which falls within the broader, flourishing sub-field of maritime anthropology. Specifically, the volume first investigates the dialectic between the sea, the ship and the ship-dweller and shows how traits are exchanged between the three. It then focuses on land-dwellers, their understanding of seaborne existence and their invaluable contribution to the culture of ships. It shows that the romanticised views of life at sea that land-dwellers hold constitute an important aspect of the cosmology of ships and they too need to be considered if the polyvalence of ships is to be fully understood. In order for this cosmology to be written, some

of the volume's contributors have travelled on ships and interviewed mariners, fishermen, boat-builders and boat-dwellers; others have traced the courses of ships in poems, films, philosophical texts, and collective myths of genealogy and heritage. Overall the volume shows where ships can go, and how they are perceived and experienced by those living and travelling in them, watching and waiting for them, dreaming and writing about them, and, finally, what literal and metaphorical crews man them.

Independent experts analyze often-controversial schemes from Nunavut to Montreal to Toronto's failed Sidewalk Labs waterfront scheme Createspace Independent Publishing Platform

Half a century before Titanic, another famous shipwreck captured the hearts and imagination of the world. In 1857, laden with gold and adventurers fresh from the California Gold Rush, the luxury sidewheel steamer SS Central America went down in a hurricane off the Carolina coast. Many were saved, many were lost, and lives were changed forever. Relive the experiences of her passengers, as told through the eyes of a fictitious couple who find love and danger on the high seas aboard this first "Ship of Dreams." On her own in wild, wicked, post-Gold Rush San Francisco, Della Gilliland has become a bit of a con artist, though a harmless one. Falsely accused of murder by a rival snake-oil salesman, she is forced to flee the lawless city's vigilantes aboard an outbound steamer. Surely her quick wits—and tongue—can convince someone to help her until her pursuers are far behind. Stuffy New York businessman Kent Bradford is shocked when a lovely redhead he's never met suddenly introduces herself as his wife to an important business contact. Fearing a scene, he plays

along . . . for the moment. But moments turn into weeks and growing attraction becomes something more. Then, only days out from New York, their ship encounters a hurricane that threatens not only their budding love, but their very lives. Book 2 of the Americana Dreaming series

Dream Baby Brenda Hiatt

Violet, the Sweet Dream Fairy, protects the sleeping children from nightmares and monsters by sprinkling her magic dust. But Griffin the Goblin has other plans. He captures Violet, steals her dust, and starts scaring the children. Violet knows she has to escape and fast, but how? She'll need some real fairy magic if she wants to get her dust back and save the children.

Dreams of Atlantis Bearport Publishing

Teaching a child to tell time is quite challenging. How can you put into words a good explanation as to why numerals are to be read in many ways? When introducing the concept, start with the use of an analog clock because it gives the concept of change through the moving hands. This educational book is perfect for little learners. Once David Hero was an ordinary man living in the real world. Now he is trapped in the Dreamlands, cut off from the waking world. David Hero's dreams and nightmares have become his only reality. Led by wickedly beautiful Queen Zura, the zombie armies of the dead are on the march. They will destroy the beautiful Dreamlands, making them a permanent, deadly nightmare. Unaware of the marauding zombies, David Hero and his friend Eldin voyage through the clouds in a wondrous skyship. Their journey is interrupted by a pack of faceless nightgaunts,

terrifying creatures, half-man and half-bat--and all evil! David Hero is one of Zura's first targets. As a man of the waking world, he can withstand her terrible seductive power and shatter her shambling armies. David Hero must be the first Dreamlands hero to die. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Digital Dreams Duke University Press

For serious future thinkers, this book plots changes ahead in our spatial lexicon and speculates to conceive, navigate, and occupy previously unavailable, technological defined landscapes. The author posits that as explorations in cyberspace, molecular and tissue engineering, genetics, and complex systems theories accelerate, they will drastically change our environment, and therefore, our architecture. When space is reevaluated, the process will inevitably lead to a new articulation of architecture in terms of its use, scale of operation, and aesthetic content, opening up exciting new spatial frontiers. In examining the potential of coming technological innovation, the book enables readers to see the interaction of such techniques and the architecture resulting from them. Specifics addressed include algorithmic and hypertextual architectures, spatial procedures in cyber-space, self-replicating and artificially intelligent structures, a new plasticity in buildings, and other provocative issues.

Ten year old Edwin is surprised to learn that he will be travelling to America on the famous new Titanic. Even more shocking is that he will be going with grandparents he has never known. Why does his mother want to send him away? Edwin explores the ship, meeting men such as Thomas Andrews, Bruce Ismay, and Captain Smith. Along the way, he also learns secrets about his own family's past. When the ship sinks and Edwin ends up in a lifeboat separated from everyone he knows, he wonders if he has survived the worst only to be abandoned in the middle of the

Atlantic.

Distance is an illusion. We are lucky to live in an age where planes and communication technologies have made the world smaller than ever. There are new opportunities galore. We are at the brink of a revolution that changes the way we live, work and play. And the good news is - you can be part of it. Life doesn't have to be a rat race. Why toil away in an office when you could be working from a hammock? Why postpone that round-the-world trip until your retirement? Why retire at all when work can be fun? A growing army of digital nomads are finding their own answers to these questions. Armed with a laptop, they follow their dreams and live unforgettable adventures. Are you ready to join in their footsteps and make the world your playground?

True Reign: The Complete Digital Boxed Set Tor Books

The Complete Series contains all three books in the True Reign Series! That means three books filled with action-packed adventure, romance, and political intrigue. Unlock the secrets within... Seventeen-year-old Rema lives in a brutal kingdom where travel between regions is forbidden, people are starving, and looking at someone the wrong way can mean death. Nineteen-year-old Darmik is the king's son and Commander of

the King's Army. He spends his days roaming the island, doing his father's bidding and trying to maintain control over the people. When a chance encounter throws Rema and Darmik together, they share an instantaneous connection, but any sort of relationship between them is strictly forbidden. Darmik's brother, the Crown Prince, notices Darmik's interest in Rema and, in a calculated, political move, blackmails her. Faced with an impossible choice, Rema is forced to sacrifice her heart in order to save her family. As Rema is taken to the palace with the Crown Prince, Darmik confronts the growing rumor that a legitimate blood heir to the throne exists and is trying to overthrow Darmik's family. In Darmik's quest to hunt down and kill the threat, he discovers that nothing is as it seems. Locked in the king's castle, Rema finds herself a key player in a massive power struggle. When Darmik shows up, she's not sure if she can trust him. The line between friends, enemies, and loyalty becomes blurred. As truths are unlocked, Rema understands that she just might be the key to finding the rightful heir and restoring peace to the kingdom . . . if she can manage to stay alive long enough.

The Ship of Dreams; John Harper of the Titanic

Voracious In this uniquely-written novel memoir, first-time author Steven Rivellino daringly delves into the lives and the minds of three very distinct men as they sail the world on their various voyages of discovery. The book's protagonist, also named Steven, is a young, easily-influenced college student, dangerously on the verge of manhood. While onboard the Norwegian liner, he meets Percy, a somewhat flamboyant British gentleman grandly seeking wealth and good fortune; and Archibald, an author and historical lecturer nearly thirty years his senior whose lifetime search for

acceptance and love inevitably leaves him in circles. Together, they set out on their journey to circumnavigate the globe. Unknowingly, however, they are destined for an epic adventure of great challenge, learning, and naked self-discovery. The events of the world clearly define their roles and along the way, their unique relationships evolve from initial denial and great distrust, to a close and dynamic bond never-before expected; forever true.

Ship of Dreams Christian Focus

A visual adventure of Wes Anderson proportions, authorized by the legendary filmmaker himself: stunning photographs of real-life places that seem plucked from the just-so world of his films, presented with fascinating human stories behind each façade. Accidentally Wes Anderson began as a personal travel bucket list, a catalog of visually striking and historically unique destinations that capture the imagined worlds of Wes Anderson. Now, inspired by a community of more than one million Adventurers, Accidentally Wes Anderson tells the stories behind more than 200 of the most beautiful, idiosyncratic, and interesting places on Earth. This book, authorized by Wes Anderson himself, travels to every continent and into your own backyard to identify quirky landmarks and undiscovered gems: places you may have passed by, some you always wanted to explore, and many you never knew existed. Fueled by a vision for distinctive design, stunning photography, and unexpected narratives, Accidentally Wes Anderson is a passport to inspiration and adventure. Perfect for modern travelers and fans of Wes Anderson's distinctive aesthetic, this is an invitation to look at your world through a different lens.
