Attention! Learn more about your military now! Does a corporal have to salute a lieutenant or is it the other way around? What are forward-deployed units? Is an "armored cow" a type of tank or something soldiers eat? Are Polaris missiles dropped from the air or launched from a submarine? If someone calls you a "Cat 4" should you be honored or offended? Do you feel lost when it comes to all things military? Sure, you hear things on the news and maybe you know someone who is in the military, but you probably have a hard time fully grasping the acronyms, equipment, and protocol they discuss. That's where A Civilian's Guide to the U.S. Military can help. Author Barbara Schading decodes all things military for you. She discusses each branch—Army, Navy, Marines, Air Force, and the Coast Guard—in simple terms you can understand. You'll get the background information, an easy-to-read chart showing rank and insignia, and an explanation of the organization of each branch. In addition, the book has extensive glossaries that cover terms, acronyms, slang, and equipment. You'll find an entire chapter that covers special

operations forces like the Green Berets, Force Recon, Army Rangers, and more. You'll learn about their specific training, missions, and history. The book also covers other important aspects of the military like:

- flag and saluting etiquette
- military funerals
- the Tombs of the Unknown
- the American Legion, USO, Veterans of Foreign Wars, and other groups
- military law
- military academies
- medals and decorations
- official military music
- an explanation of the Geneva Convention
- and a list of resources to help you find more information

So the next time you read the paper or talk with a new recruit, you don't have to feel lost. Become a knowledgeable civilian with the help of *A Civilian's Guide to the U.S. Military*.

The second edition of this guide to the "Garden State" reveals the historic, cultural, and ecological diversity of the state. Includes extensive coverage of the Jersey Shore and Atlantic City. New Jersey is a state full of wonders to surprise curious travelers and residents alike. This guide leads you away from the busy interstate highways to reveal the cultural, historic, and geographical diversity that lies beyond the New Jersey Turnpike. For wine connoisseurs, there are more than 25 wineries that offer tours, tastings, and festivals; for history buffs, New Jersey, known as the "Cockpit of the Revolution," offers battlefield state parks, monuments, and reenactments. And that's not all: New Jersey's 127-mile shoreline has many diverse communities, including the historic Victorian seaside resort of Cape May, itself a national historic landmark; the casinos of Atlantic City; the natural beauty of Island Beach State Park, with sand dune-scattered, long, white beaches, nature trails, birding, surfing, and guided kayak tours; and the hip shore town of Red Bank, with art galleries, boutiques, bistros, and jazz clubs. In addition, this comprehensive guide to the state includes opinionated listings of inns, B&Bs, hotels, and vacation cabins; hundreds of dining reviews, from diners to four-star restaurants; up-to-date maps; an alphabetical "What's Where" subject guide to aid in trip planning; and handy

icons that point out family-friendly establishments, wheelchair access, places of special value, and lodgings that accept pets.

 TRB's Airport Cooperative Research Program (ACRP) Report 25, Airport Passenger Terminal Planning and Design comprises a guidebook, spreadsheet models, and a user's guide in two volumes and a CD-ROM intended to provide guidance in planning and developing airport passenger terminals and to assist users in analyzing common issues related to airport terminal planning and design. Volume 1 of ACRP Report 25 explores the passenger terminal planning process and provides, in a single reference document, the important criteria and requirements needed to help address emerging trends and develop potential solutions for airport passenger terminals. Volume 1 addresses the airside, terminal building, and landside components of the terminal complex. Volume 2 of ACRP Report 25 consists of a CD-ROM containing 11 spreadsheet models, which include practical learning exercises and several airport-specific sample data sets to assist users in determining appropriate model inputs for their situations, and a user's guide to assist the user in the correct use of each model. The models on the CD-ROM include such aspects of terminal planning as design hour determination, gate demand, check-in and passenger and baggage screening, which require complex analyses to

support planning decisions. The CD-ROM is also available for download from TRB's website as an ISO image.

"Anger is a part of being human ... how one deals with it defines him, as you so aptly describe. The one constant is the ability to let anger go once it's grabbed on to you. Some are better at it than others. Thanks for your thoughts on this ... they were on point." -Tom Watson, eight-time major championship winner on reading Hole No. 7 "It was delightful reading, and your depiction of the Pebble Beach experience was classic (and very much appreciated, I might add ...). The comparison to St Andrews is a terrific debate. Thanks for making it so appealing. Our sincere best wishes to you in bringing this to many readers and golfers throughout the world." -RJ

Harper, Senior VP, Golf at Pebble Beach Company on reading Hole No. 11 "This is the best side-by-side presentation and analysis I've seen." -George Peper, editor, LINKS Magazine on reading Hole No. 9 "Wayne really captured the Augusta National you see in person. It was an enjoyable chapter to read and evoked strong memories of playing the Masters. Well done." -Gary Player, nine-time major championship winner on reading Hole No. 1 "The Verma Cuppers certainly seemed to enjoy themselves and you did well to 'run' on the West Sands, albeit in slow motion, after your experiences the day before! We are delighted you enjoyed the experience at St Andrews and can certainly detect from your writing your appreciation of the history surrounding the Home of Golf." -John Grant, Director of Golf, St. Andrews Links Trust on reading Hole No. 6 "Golf Shorts and Plus Fours: Musings from a Golfing Traditionalist" from Wayne T. Morden is a sometimes comic look at the game of golf in all its glory and idiosyncrasies. Arranged like an eighteen-hole golf course-including trivia refreshments and three additional playoff holes-this collection of short stories offers life lessons and relies heavily on golf's fundamental tenets to remind golfers why they are so obsessed with this pastime. Morden conveys exasperation over the proverbial sand trap and laughs over Star Wars lingo and Verma Cup antics. Golf has not only taught him how to be a sportsman but it has also taught him how to be a better man to his friends, family, and fellow golfers. "Golf Shorts and Plus Fours" is a collection of well-informed, analytical and entertaining bits of wisdom that will warm the heart of any devoted golfer.
