In New York Times bestselling author Alka Joshi's intriguing new novel, henna artist Lakshmi arranges for her protégé, Malik, to intern at the Jaipur Palace in this tale rich in character, atmosphere, and lavish storytelling. It's the spring of 1969, and Lakshmi, now married to Dr. Jay Kumar, directs the Healing Garden in Shimla. Malik has finished his private school education. At

twenty, he has just met a young woman named Nimmi when he leaves to apprentice at the Facilities Office of the Jaipur Royal Palace. Their latest project: a state-of-the-art cinema. Malik soon finds that not much has changed as he navigates the Pink City of his childhood. Power and money still move seamlessly among the wealthy class, and favors flow from Jaipur's Royal Palace, but only if certain

secrets remain buried. When the cinema's balcony tragically collapses on opening night, blame is placed where it is convenient. But Malik suspects something far darker and sets out to uncover the truth. As a former street child, he always knew to keep his own counsel; it's a lesson that will serve him as he untangles a web of lies. "Captivated me from the first chapter to

clinical aspects of glaucoma and myopia, providing essential guidelines for diagnosis and monitoring of glaucoma progression in patients, especially those with high myopias. Many clinical studies are presented by leading experts in the field in an accessible style, making the content suitable not only for ophthalmologists but also for optometrists and certified orthoptists as well as for

students. The relation between myopia and glaucoma has been the subject of many clinical trials and population-based studies. Most of the data has suggested that moderate to high myopia is associated with increased risk of primary open-angle glaucoma, normal tension glaucoma, and ocular hypertension. There are several factors involved in the diagnosis of glaucoma, but

it is often difficult to determine the presence of glaucoma in myopic eyes. A myopic eye, especially in cases of moderate to high myopia, tends to have a thin retina and choroid and to appear thinner than normal. Even with new imaging technologies with improved sensitivity and specificity for detecting glaucoma, each technology presents some challenges when assessing myopic eyes.

This book furnishes an overview of these diagnostic challenges with reference to the growing prevalence and severity of myopia in various parts of the world, providing many valuable hands-on reports and clinical studies by authoritative authors. This knowledge will help to do away with the vague area between high myopia and glaucoma faced by clinicians.

The first time it happened, it seemed like an impossible miracle. Bills were piling up, adding up to more money than I could ever make. Mom's hospital bills.

My baby brother's tuition. My tuition. Rent. Electricity. All of it on my shoulders. And I had just lost my job. There was no hope, no money in my account, no work to be found. And then, just when I thought all hope was lost, I found an envelope in the mail. No return address. My name on the front, my address. Inside was a check, made out to me, in the amount of ten thousand

dollars. Enough to pay the bills and leave me some left over to live on until I found a job. Enough to let me focus on classes. There was no name on the check, just "VRI Inc.," and a post office box address for somewhere in the city. No hint of identity or reason for the check or anything. No mention of repayment, interest, nothing... except a single word, on the notes line: "You." Just those three letters.

If you receive a mysterious check, for enough money to erase all your worries, would you cash it? I did. The next month, I received another check, again from VRI Incorporated. It too contained a single word: "belong." A third check, the next month. This time, two words. Four letters. "To me." The checks kept coming. The notes stopped. Ten thousand dollars, every

month. A girl gets used to that, real quick. It let me pay the bills without going into debt. Let me keep my baby brother in school and Mom's hospice care paid for. How do you turn down what seems like free money, when you're desperate? You don't. I didn't. And then, after a year, there was a knock on my door. A sleek black limousine sat on the curb in front of my house. A driver stood in

front of me, and he spoke six words: "It's time to pay your debt." Would you have gotten in? I did. It turns out \$120,000 doesn't come free. Hostage CRC Press
