Living with Honour Simon and Schuster

Winner of the 2021 National Jewish Book Award for Contemporary Jewish Life and Practice Finalist for the 2021 Kirkus Prize in Nonfiction A New York Times Notable Book of the Year A Wall Street Journal, Chicago Public Library, Publishers Weekly, and Kirkus Reviews Best Book of the Year A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a

recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition Auschwitz, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children's school, the profound perspective offered

by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

THE JANUARY 2022 REESE'S BOOK CLUB PICK "In the way A Thousand Splendid Suns told of Afghanistan's women, Thrity Umrigar tells a story of India with the intimacy of one who knows the many facets of a land both modern and ancient, awash in contradictions." —Lisa Wingate, #1 New York Times bestselling author of *Before We Were Yours* In this riveting and immersive novel, bestselling author Thrity Umrigar tells the story of two couples and the sometimes dangerous and heartbreaking challenges of love across a cultural divide. Indian American journalist Smita has returned to India to cover a story, but reluctantly: long ago she and her family left the country with no intention of ever coming back. As she follows the case of Meena—a Hindu woman attacked by members of her own village and her own family for marrying a Muslim man—Smita comes face to face with a society where tradition carries more weight than one's own heart, and a story that threatens to unearth the painful secrets of Smita's own past. While Meena's fate hangs in the balance, Smita tries in every way she can to right the scales. She also finds herself increasingly drawn to Mohan, an Indian

man she meets while on assignment. But the dual love stories of Honor are as different as the cultures of Meena and Smita themselves: Smita realizes she has the freedom to enter into a casual affair, knowing she can decide later how much it means to her. In this tender and evocative novel about love, hope, familial devotion, betrayal, and sacrifice, Thrity Umrigar shows us two courageous women trying to navigate how to be true to their homelands and themselves at the same time.

From #1 New York Times bestselling author Danielle Steel, a moving novel of families separated and lives shattered by prejudice during one of the most shameful episodes in American history. A man ahead of his time, Japanese college professor Masao Takashimaya of Kyoto had a passion for modern ideas that was as strong as his wife's belief in ancient traditions. His eighteen-year-old daughter, Hiroko, torn between her mother's traditions and her father's wishes, boarded the SS Nagoya Maru to come to California for an education and to make her father proud. It was August 1941. From the ship, she went to the Palo Alto home of her uncle, Takeo, and his family. To Hiroko, California was a different world. Her cousins had become more American than Japanese. And much to Hiroko's surprise, Peter Jenkins, her uncle's assistant at Stanford, became an unexpected link between her old world and her new. On December 7, Pearl Harbor is bombed by the Japanese. Within hours, war is declared and suddenly Hiroko has become an enemy in a foreign land. On February 19, Executive Order 9066 is signed by President Roosevelt, giving the military the power to remove the Japanese from their communities at will. Takeo and his family are given ten

days to sell their home, give up their jobs, and report to a relocation center, along with thousands of other Japanese and Japanese Americans, to face their destinies there. Families are divided, people are forced to abandon their homes, their businesses, their freedom, and their lives. Danielle Steel portrays not only the human cost of that terrible time in history, but also the remarkable courage of a people whose honor and dignity transcended the chaos that surrounded them. *Silent Honor* reveals the stark truth about the betrayal of Americans by their own government . . . and the triumph of a woman caught between cultures and determined to survive.

Four English sisters share a terrible family secret in this novel from "the suspense writers' suspense writer" and author of *Trick or Treat* (Harper's Bazaar). Winner of the Somerset Maugham and Betty Trask Awards In a decaying house along the marshy Fenlands of Eastern England, four sisters—Milly, Agatha, and identical, inseparable twins Ellen and Esther—have lived in self-imposed isolation for more than sixty years. Like good sisters, they bicker, go about their daily routines, and believe the bright myth they've created about their childhood. Sometimes Milly can recall a blessedly unexceptional youth of ordinary days, domestic tranquility, and young love. But what came after is so much more consuming, and so much harder to forget. So are the questions no one dares to answer out loud . . . Why does Milly still count the knives? What was the corruption their father warned them about? Was their mother really swallowed up by the roaring river? And why does no one sing to Baby George anymore, who's locked away in the cellar? As a ceaseless rain lashes away at the house, the sisters prepare for a coming storm. With it comes the threat of steadily rising waters that will give up the secrets still holding

them in thrall. “A fairytale gone gruesomely wrong”, Lesley Glaister’s debut novel was the recipient of the Somerset Maugham Award, for which she joined the likes of Angela Carter, Doris Lessing, Sarah Waters, and Ian McEwan (The Literary Review). An “eerily tragic and mesmerizing first novel” (Publishers Weekly), Honour Thy Father is “a true original” (The Sunday Times).

#1 NEW YORK TIMES BESTSELLER • OPRAH’S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • “An instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, The New York Times
The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a

darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball’s Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a

reexamination of what lies under the surface of ordinary lives and of American life today.

While it is often said that a person with a negative attitude cannot be helped, it is also true that a person with a positive attitude cannot be stopped. Life is an obstacle course in which we can often become our own biggest obstacle, but a positive attitude can be transformational. In one sense, this book is a road map for a life journey in achieving more. It offers direction and can help you make positive decisions in a noisy and cluttered environment. Success is neither a miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis. Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action. This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes. The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment

but, once learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.

Following the success of their first book "The Leader, The Teacher, & You", which won the Singapore Literature Book Prize in the Non-Fiction Category in 2014, Siong Guan and Joanne H Lim have collaborated again to produce their new book "Winning with Honour: In Relationships, Family, Organisations, Leadership, and Life". The book draws upon wisdom from history, geography, culture, religion, the wisdom of the ancients, as well as writings and examples from all over the world. The book posits that there is a universality in the message of Honour that can prove valuable to all who would care to reflect on how to sustain success in one's life, family, community, organisation and/or nation. The purpose of this book is to invite you to think about what winning in life actually means, and seeks to raise consciousness about the virtue of Honour in our lives, particularly in the two dimensions of "Honouring Our Word" and "Honouring Each Other". Written in a unique format that is accessible to people from all walks of life, the book seeks to showcase what is possible if imagination and human enterprise are coupled with honour.

Ape Man, Space Man Earth's colonists have spread throughout the cosmos, and have almost divided into two separate species. One is the Swimmers, who have adapted to living in zero-gravity, and regard themselves as the next step in evolution, and those who prefer to live on the surface of a planet as little better than apes. The latter group, the Walkers, are not about to say farewell to the planets they grew up on, and think the Swimmers are not

so much advanced as deranged. Crowell, born a Swimmer but now a Walker by choice, is caught in the middle as the two sides seem headed for war. Then he discovers the true cause of the altercation: a hidden alien race moving behind the scenes to provoke a war so that they can pick up the pieces after the two sides have obliterated each other. And if Crowell cannot head off the war and convince both sides of the existence of the real enemy, both branches of the human race may be headed for untimely extinction. Note: 50% of the proceeds from this book will be donated to a mental health organization focused on helping anxiety, depression, and suicide.* Hey YOU! Yes... you... the (really cool) person reading the back summary of this book. How are you? Having a good day? Since you are reading the back cover of this book I'm guessing that you're curious what the heck it's about. Right? Well, let me tell you, this ain't no children's book. Full of love, sex, anxiety, and depression this book will chew you up and spit you back out before chapter 4. The story begins with me, sitting in a cafe with my girlfriend of three months. Overcome by love, I (stupidly) decide to proclaim my love for her in the middle of a coffee shop. "I love you. And I know that one day I'm supposed to marry you." Man... do I regret that moment -/ I wish I could tell you that the awkwardness stops there but that would be a bold faced lie. If I was in marketing (I'm not) I would say something like... "From navigating online dating apps and relationships, to self-centered friends, and emotionally abusive alcoholics, James (that's me!) constantly feels like he's at the bottom of the social food chain. His only comfort is his love for music, which displays itself in the form of original lyrics throughout the book. One crazy day, James runs into Nikki, a bold, spit-fire, do-things-her-own-way type of person who changes his world-view forever." Well... If you made it down here I'd say this book is for you. If you didn't, oh well.

When Rahmat Sulemani reported his girlfriend Banaz missing, it quickly became clear to DCI Caroline Goode that something was very wrong. In fact, Banaz had contacted her local police station multiple times before, even listing the names of the men she expected to murder her in a so-called 'honour' killing. Her parents didn't seem worried, but Banaz had already accused them of being part of the plot. DCI Goode's team took on the investigation before they even had proof that a murder had taken place. What emerged was a shocking story of betrayal and a community-wide web of lies, which would take the team from suburban south London to the mountain ranges of Kurdistan, making covert recordings and piecing together cell phone data to finally bring the killers to justice.
