The guide to  
shortening  
your  
execution  
cycle down  
from one year  
to twelve

weeks Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized thinking. This book redefines your "year" to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates

focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness

Authors are leading experts on execution and implementation Turn your organization's idea of a year on its head, and speed your journey to success. Business Studies Pitambar Publishing Exam board: Cambridge Assessment International Education Level: IGCSE Subject: Business Studies First teaching: September 2018 First exams: Summer 2020 This title is endorsed by
