The Mountain Is You Perfection Learning

A NEW YORK TIMES BESTSELLER One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award "Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." - Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping

World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic

resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring.

THIS IS A BOOK ABOUT SELF-SABOTAGE. Why we do it, when we do it, and how to stop doing it-for good. Coexisting but conflicting needs create self-sabotaging behaviors. This is why we resist efforts to change, often until they feel completely futile. But by extracting crucial insight from our most damaging habits, building emotional intelligence by better understanding our brains and bodies, releasing past experiences at a cellular level, and learning to act as our highest potential future selves, we can step out of our own way and into our potential. For centuries, the mountain has been used as a metaphor for the big challenges we face, especially ones that seem impossible to overcome. To scale our mountains, we actually have to do the deep internal work of excavating trauma, building resilience, and adjusting how we show up for the climb. In the end, it is not the mountain we master, but ourselves.

A CURSED PLACE. A COLD CASE. A KILLER WHO LEFT NO TRACE. The huge International bestseller. Gripping, unputdownable and packed with twists, *The Mountain* is a thriller that you will never forget. "Can be compared (with no fear of hyperbole) to Stephen King and Jo Nesbø" - Massimo Vincenz, *La Repubblica*. Jeremiah Salinger blames himself. The crash was his fault. He was the only survivor. Now the depression and the nightmares are closing in. Only his daughter Clara can put a smile on his face. But when he takes Clara to the Bletterbach - a canyon in the Dolomites rich in fossil remains - he overhears by chance a conversation that gives his life renewed focus. In 1985 three students were murdered there, their bodies savaged, limbs severed and strewn by a killer who was never found. Salinger, a *New Yorker*, is far from home, and these Italian mountains, where his wife was born, harbour a close-knit, tight-lipped community whose mistrust of outsiders can turn ugly. All the same, solving this mystery might be the only thing that can keep him sane. Translated from the Italian by Howard Curtis

### Mountains Come Out of the Sky Misty M. Beller Books, Inc.

"The apparently fixed constellations of family relationships, the recurrent beauties of nature, the flaming or flickering patterns of love and lust—all the elements of Kawabata's fictional world are combined in an engrossing novel that rises to the incantatory fascination of a Nō drama." —Saturday Review Few novels have rendered the predicament of old age more beautifully than *The Sound of the Mountain*. For in his portrait of an elderly Tokyo businessman, Yasunari Kawabata charts the gradual, reluctant narrowing of a human life, along with the sudden upsurges of passion that illuminate its closing. By day Ogata Shingo is troubled by small failures of memory. At night he hears a distant rumble from the nearby mountain, a sound he associates with death. In between are the relationships that were once the

foundation of Shingo's life: with his disappointing wife, his philandering son, and his daughter-in-law Kikuko, who instills in him both pity and uneasy stirrings of sexual desire. Out of this translucent web of attachments—and the tiny shifts of loyalty and affection that threaten to sever it irreparably—Kawabata creates a novel that is at once serenely observed and enormously affecting. Translated from the Japanese by Edward G. Seidensticker

*We're Going to the Mountains* Penguin Group

The Mountains: Book One Take a break from academics, enjoy the Colorado Rockies, fight a fire now and then. That's all Jake Landon expected when he signed up to be a ranger. He'll partner with some crusty old mountain man; they'll patrol the wilderness in a tanker, speak three words a day, and Old Crusty won't be alluring at all. A national forest is big enough to be Jake's closet—he'll spend his free time fishing. Except Old Crusty turns out to be Kurt Carlson: confident, competent, and experienced. He's also young, hot, friendly, and considers clothing optional when it's just two guys in the wilderness. Sharing a small cabin with this walking temptation is stressing Jake's sanity—is he sending signals, or just being Kurt? And how would Kurt react if he found out his new partner wants to start a fire of a different kind? Jake's terrified—they have to live together for five months no matter what. Enough sparks fly between the rangers to set the trees alight, but it takes a raging inferno to make Jake and Kurt admit to the heat between them.
