**Trade & Grow Rich 2.0** Binary Options Proven Strategies to Learn How to Trade Binary Options and Become Profitable on a Daily Basis Learn to become a winning trader using fixed-odds binary options, including five specific (and timeless) strategies. The popularity of this unique derivative has recently exploded, with dozens of online brokers now competing for your trading dollar. This creates an attractive environment for small-stakes financial market players. Drew Kasch is an expert in probability games that are played for money, including trading stocks and options. His books will arm you with knowledge and tactics that will give you the best chance for success at your chosen area of risk taking. Fixed-odds binary options are one of his favorite tools, and they'll very likely soon be one of yours as well. The first thing Kasch does is show you what you're up against. He'll actually try to talk you out of this hobby by showing you why 90% of traders in this market fail, and, in particular, how the binary options brokers make so much money from them. If you're stubborn enough not be dissuaded, you will then be taught how to beat this particular probability game by adopting the proper mindset and developing indispensable risk/reward analysis skills. So armed, the five core strategies will then be rolled out, which span all different time frames including an intraday system. Finally, the author will show you how to run your binary options trading as a business and use it to springboard yourself into wealth and trading success in all different markets. The reader will come away from this work with a clear roadmap for becoming a successful trader for life, starting with a tiny amount of capital today.

Binary options - is is betting or trading? A debate that has been raging ever since binary options exploded onto the market, sweeping away convention, tearing up the rule book, and dividing opinion. Indeed, simply mention the word binary and instantly a heated debate will ensue. But love them or loathe them, binary options are here to stay, and Binary Options Unmasked has been written to provide traders with a balanced and considered view of these deceptively simple yet powerful instruments. There are many traps for the unwary, but there are also some solid gold nuggets, if you know where to look. Are Binary Options For Me? This is the question I hope will be answered for you in this book. In writing it, I have tried to provide a complete introduction to the subject, with practical examples of how to approach these innovative instruments. Every aspect of this market is explained - both the good and the bad. Nothing is left unsaid. Binary options have much to offer, and used with common sense and thought, are perfectly valid trading instruments. Applied unthinkingly, they become like any other instrument - a quick way to lose money fast. Binary Options Unmasked reveals the true characteristics of this market. It covers the current market participants, along with their product offering. Moreover, not only are binary options explained in detail, but their application as a trading instrument is also illustrated. Trading strategies and approaches too are explored, along with an innovative and practical approach to interpreting volatility, a key component of any options trading. I hope this book, will give you the confidence at least to consider these instruments in more detail for yourself, with an open mind and your eyes wide open.

As someone who has spent hundreds of hours helping run a Binary Options trade and training room, I know how confusing the topic can be. Most people have heard of Forex, but are unsure how it differs from Binary Options. After participating in the traderoom, one of the questions I would hear frequently had been; "Are there any resources to help guide me, I'm confused!" It was after hearing this I decided to write a no-nonsense, practical guide for beginners. My goal was to help demystify many aspects of the trading world, and include everything I wish I had known before I started trading. Some of the questions I receive from our website are: Where can I download the necessary MT4 software? How to use the software? What are the best currency pairs to watch? What are the best times to trade? How do I recognize and avoid scams? How do I spot winning and losing setups? Just to name a few...

The first comprehensive guide to trading a unique class of options to manage risk and make smarter bets during volatile trading Providing savvy market players with a way to react quickly to event-driven opportunities and trends, exchange traded binary options are a unique type of derivative instrument offering fixed risk and reward. Available on four asset classes—stock index futures, commodity futures, Spot Forex and economic data releases—they are distinctly different from regular put/call options in that their pay-out structure offers only two potential outcomes, or settlement values: 0 or 100. The first guide focussing exclusively on this fast-growing sector of the options market, Trading Binary Options examines the key differences between regular options trading and binary options trading and describes how binary trading is done. It also gives you the lowdown on the most successful binary trading strategies and how and when they should be deployed. Outlines a rigorous approach to trading directionally around specific events, such as an earnings release, a shift in currencies, or a release of economic data Provides the first comprehensive coverage of an increasingly popular but poorly understood trading instrument Offers in-depth discussions of the six characteristics that distinguish binaries from other options and that make them such an attractive vehicle for hedging risk and improving returns
