the curse his
family had
suffered

generation after generation, she knew it was true. Now Emmy is the center of an ancient battle between vampires and Maldito, a race of half-vampire, half-humans, and is fighting for her own life. Betrayed and alone, Emmy will come face to face with the enemy, and the lines will blur. Caught between good and evil, she will have to make a decision which side she is on. Will her love for Cale help

her to stay in the light or will her taste of darkness send her spiraling out of control to a place where no one can reach her? With each passing moment a choice is not made, the possibilities for disaster grow. But as we know, when love is stronger than death, anything is possible. *The Churchman* Roaring Brook Press Emmy's Question Mornning Tide Press **The Heir**

Expectant Henry Holt and Company (BYR) Nerdy Babies is a series that will ignite curiosity in even the youngest readers and encourage them to ask questions and explore the world around them. In *Nerdy Babies: Dinosaurs*, follow our intrepid babies into the Mesozoic Era. Experience the different shapes, sizes, and colors of the reptiles that roamed the Earth before us.

Plus, learn about how dinosaurs evolved over millions of years until becoming extinct in this simple text written in question-and-answer format. With bright artwork by Emmy Kastner, *Nerdy Babies* is a series that the very littlest nerds will want to return to again and again. Stay curious.

The Stories of Emmy

Penguin Emmy was a

good girl. At least she tried very hard to be good. She did her homework without being told. She ate all her vegetables, even the slimy ones. And she never talked back to her nanny, Miss Barmy, although it was almost impossible to keep quiet, some days. She really was a little too good. Which is why she liked to sit by the Rat. The Rat was not good at all . . .

Hilarious, inventive, and irresistably

rodent-friendly, Emmy and the Incredible Shrinking Rat is a fantastic first novel from acclaimed picture book author Lynne Jonell.

Emmy and the Rats in the Belfry Perigee Books

This book, written primarily for the young adult reader, tells the life story of Emmy Noether, the most important female mathematician of our time. Because no one expected her to grow

into an important scientist, the records of her early life are sketchy. After all, it was assumed that she would grow up to be a wife and mother. Instead, she was a g

 I don't take women to bed. I take them against the wall, hard and fast, and when I come I make sure they remember. They always do. I'm cocky as hell, but sh*t, I've got

reason to be. I own Spades Royale, the sexiest casino in Vegas. F*ck, the sexiest casino in the country. I'm gonna keep building my empire all on my own - my ties with the mafia are in my past, buried with the bones of my family. I like my money clean and my women dirty. That is until I met Emmy Rose. She says she doesn't want a bad boy. I guess I'll have to change her pretty little mind. ***This book contains

a helluva lot of chemistry and smokin' hot sex. Just be prepared, babycakes. And don't say I didn't warn you. xo,

In the irresistible sequel to Emmy and the Incredible Shrinking Rat, Emmy, Joe, and Ratty rescue other children Miss Barmy has preyed upon Emmy Addison is an ordinary girl -- almost. If you don't count the fact that her parents are rich (very), her best friend is a boy (and a soccer star),

and she can talk to rodents (and they talk back), she's very ordinary indeed. But she hasn't been that way for long . . . It was only a few weeks ago that Emmy and her friends Ratty and Joe got rid of the evil Miss Barmy, the nanny who had nearly ruined Emmy's life -- and the lives of five other girls who went missing. Miss Barmy is now a rat. How much harm can she do? Emmy Lou's Road to Grace Xulon Press

Since the early days of television, well before most households had a set, the Academy of Television Arts and Sciences has been handing out honors for the industry's best efforts. Now fans can read about their favorites--and perhaps rediscover some forgotten pleasures--in this reference to prime time and nighttime Emmy winners. Beginning with the heated charade contest known

as Pantomime Quiz, which won Most Popular Program of 1948 in the first Emmy Awards ceremony (held in 1949), each of more than 100 winning shows gets star treatment with an entry that includes the year of award or awards, air times, hosts, guests, casts and a full discussion of the show's history and run. Many of the entries include original interviews with cast or

crew members. With such rich information, each show's entry constitutes a chapter in the history of television through the story of the show and the people who made it happen. The best of variety, drama, game shows, comedies, adventures and many more categories are featured. An appendix offers interesting facts and figures and ranks shows

according to such statistics as longest run, longest delay from debut to win, and most Emmys won.

Emmy Award Winning Nighttime Television Shows, 1948-2004

Alexis Peterson's days are filled with scheming, backstabbing, adultery, and murder. She is a soap opera star, after all. But a new role has her feeling like she's in the horror business.

Tabloids and fans are stunned when daytime soap opera star, Alexis Peterson, leaves her popular daytime show for another soap. She's too busy preparing to be a presenter at the Daytime Emmy Awards to even notice. But when her co-presenter loses his life before presenting a winner, Alex realizes she has another murder mystery on her hands. Working

behind the scenes to find out how her co-star could have met such an end, she invites the handsome Detective Frank Jakes back in her life--a man she can't stop imaging having a real love scene with. But first Alex must focus on finding the killer—before she sees another one of Hollywood's brightest stars burn out. Praise for *Death in Daytime*: "Sheer fun."—Carolyn Hart "Had me

format. With bright artwork by Emmy Kastner, Nerdy Babies is a series that the very littlest nerds will want to return to again and again. Stay curious. There's more to learn about everything! Emmy Noether's Wonderful Theorem McFarland N 1964 at the World's Fair in New York I City one room was dedicated solely to mathematics. The display included a very attractive and

informative mural, about 13 feet long, sponsored by one of the largest computer manufacturing companies and presenting a brief survey of the history of mathematics. Entitled, "Men of Modern Mathematics," it gives an outline of the development of that science from approximately 1000 B. C. to the year of the exhibition. The first centuries of this time span are illustrated by pictures from the history of

art and, in particular, architecture; the period since 1500 is illuminated by portraits of mathematicians, including brief descriptions of their lives and professional achievements. Close to eighty portraits are crowded into a space of about fourteen square feet; among them, only one is of a woman. Her face-mature, intelligent, neither pretty nor handsome-may suggest her love of sci-

1 Emmy

Noether's immense and creative gift, but certainly reveals a likeable personality and a genuine kindness of heart. It is the portrait of Emmy Noether (1882 - 1935), surrounded by the likenesses of such famous men as Joseph Liouville (1809-1882), Georg Cantor (1845-1918), and David Hilbert (1862 -1943). It is accompanied by the following text: Emmy Noether, daughter of

the mathematician Max, was often called "Der Noether," as if she were a man.

For Emmy

Emmy's Question
Sometimes no matter how vigilant you are, you can't keep loved ones safe. Dana McCluskey and her father know very well that there can be dangers around every corner. They wanted to keep Emmy safe. But it is impossible to see some dangers coming. And there are

those corners that you'd never see, out-of-the-way places just beyond our grasp where loved ones can get very lost — and the danger there is very real indeed.

Emmy and the Home for Troubled

Emmy feels like it is her fault that her mother is an alcoholic and that she is not helping her mother enough, especially when her mother's stint

in rehab does not help her deal with her addiction.

Allie & Emmy
Morning Tide Press

We live in an age uniquely attentive to the problem of mental illness. More than half of us will be diagnosed with a mental illness or disorder at some point in our lifetime. It has been easy, for centuries, to relegate persistent emotional and mental struggles entirely to the realm of a failed personal work ethic

("Just don't worry so much!"), not enough faith ("Just pray harder!"), or, in recent years, a chemical imbalance in our brains ("Just take this pill!"). Yet, for those of us who live with mental illness, none of these suggestions provides the quick relief it promises, and the continued struggle takes its toll on our already

burdened hearts and minds. In *All Who Are Weary*, Emmy Kegler joins the reader on the long walk of reflection, understanding, and compassion, calling followers of Jesus back to ancient practices of lament, vulnerability, honesty, community, and hope. This book is not a map to a cure, nor a perfectly

restorative prayer. Written with a wide community in mind--patients, but also parents and partners, coworkers and friends, pastors and therapists, and the whole church--*All Who Are Weary* points to the embodied grace known in Jesus, trusting in the promise of a lighter load for all.
