Principles, Retail Marketing, and Fashion Retailing. The only retailing text that

exclusively focuses on the fashion segment of the retailing industry, its complete coverage includes the author, s personal experience, in-depth interviews with industry professionals, and a wealth of pertinent photographs, exposi.

Multi-channel retailing is the practice of selling merchandise on more than one sales channel.

It's all about moving beyond your website and exploring channels such as marketplaces, social media, and comparison shopping engines.

Consumers Are Shopping in More Locations Than Ever. Shoppers have many sites to choose from, online and offline.
