*Warm-ups* Faber & Faber  
(Transcribed). 20 studies for the classical guitar written by Beethoven's contemporary, Fernando Sor. Revised, edited and fingered by the great classical guitarist Andres Segovia. These essential repertoire pieces continue to be used by teachers and students to build solid classical technique.

*A History, an Analysis and Performance Considerations* Schott & Company Limited

Although Johann Sebastian Bach did not write any music for the guitar, transcriptions of his unaccompanied string music and

music for lute have long been a part of the guitar repertoire. Despite the respect that this music commands among musicians and audiences debate still exists as to what constitutes an appropriate means of transcribing, interpreting and performing this music on the guitar. It is this debate that prompted this long-awaited edition of Bach's unaccompanied cello suites by scholar and concert guitarists Stanley Yates. This definitive work includes performance scores, comparison scores and an invaluable 40-page guide entitled Arranging, Interpreting, and Performing the Music of J.S. Bach. Furthermore, the author offers comments on his arranging process and suggestions on using this edition including: ornamentation, slurs, fingerings, notation, and implementation of the comparison scores. Written in standard notation in guitar-friendly keys.

What does it mean to perform expressively on the cello? In *Cello Practice, Cello Performance*, professor Miranda Wilson teaches that effectiveness on the concert stage or in an audition reflects the intensity, efficiency, and organization of your practice. Far from being a mysterious gift randomly bestowed on a lucky few, successful cello performance is, in fact, a learnable skill that any player can master. Most other instructional works for cellists address techniques for each hand individually, as if their movements were independent. In *Cello Practice, Cello Performance*, Wilson demonstrates that the movements of the hands are vitally interdependent, supporting and empowering one another in any technical action. Original exercises in the fundamentals of cello playing include cross-lateral exercises, mindful breathing, and one of the most detailed discussions of intonation in the cello literature. Wilson translates this practice-room success to the concert hall through chapters on

performance-focused practice, performance anxiety, and common interpretive challenges of cello playing. This book is a resource for all advanced cellists—college-bound high school students, undergraduate and graduate students, educators, and professional performers—and teaches them how to be their own best teachers.

Cello suite no. 1 CreateSpace

These arrangements of many pieces by J.S. Bach make a great composer's works accessible to the mandolinist. Since the bulk of the music has been adapted from various suites, sonatas, and partitas, the authors provides an explanation of each dance form and other similar pieces. Includes: 'Bauree Anglaise' from Partita in A Minor for solo flute; 'Marche' from Anna Magdalena Bach Book; 'Fantasie' from Partita No. 3 in A Minor; and more. In notation and tablature. Includes a CD which contains 13 of the 26 solos.

Johann Sebastian Bach: Prélude from Suite No. 1 in G Major, BWV 1007 for Solo Violoncello and Wachtet Auf, Ruft Uns Stimme: IV.

Zion Hört Die Wächter Singen, BWV 140 Delphi Classics  
The Suite No. 1 in G major, BWV 1007, for solo violoncello by Johann Sebastian Bach (1685-1750) belongs to a series of six suites written for the violoncello likely between the years 1717-1723 when he was Kapellmeister in Köthen. The Prélude from the first suite is the first movement of a seven-movement work. It is very popularly performed not only on the violoncello, but has been transcribed and adapted for performance on many different instruments. This version is transcribed for the classical guitar, and rather than transposing it to another key, I left it in the original key of G major. Many guitarists transpose it to be performed in the key of D major, and tune the sixth string down to D. Although this isn't a bad option, the result is often that it changes the register of many of the notes. I believe that this

transposition also detracts considerably from the lucidness and coherence fundamental to the Prélude. There is frequently an alternating bass note in many guitar performances which is interesting and appealing, but not found in Bach's manuscript. Since it isn't original, and I don't believe it improves Bach's aim musically or otherwise, I elected not to pursue it in my transcription. Also included in this edition is a transcription of *Wachet auf, ruft uns Stimme: IV. Zion hört die Wächter singen*, BWV 140 by Johann Sebastian Bach. It comes from the cantata of the same name, and is originally scored in E-flat major. I transcribed it to E major for clarity and convenience, but one should tune all the strings down one-half step, and play it sounding in the original key (but appearing to be in the key of E major). For both works, I consulted Bach's original manuscripts and examined the scores from the Bach-Gesellschaft Ausgabe. In both cases, I believe these transcriptions to currently be the most faithful and accurate editions for the classical guitar with regards to Bach's scores and intentions.

**Bach - Six Cello Suites** Oxford University Press

A unique Companion to J S Bach's iconic Cello Suites from internationally-renowned cellist Steven Isserlis. 'Isserlis is the master of the material, yet always able to make it accessible . . . It is an absolute treat to be led to this sublime music by such an enthusiastic expert.' MICHAEL PALIN 'The book I've always wanted: an accessible, eloquent guide to the world's greatest - and maybe most elusive - pieces of music. And written by the man I'd want to tell me about it. This is such a delight.' DERREN BROWN Bach's six Cello Suites are among the most cherished of all the works in the classical music literature. Shrouded in mystery - they were largely unknown for some two hundred years after their composition - they have acquired a magical aura which continues to attract and fascinate audiences the world over. To cellists they represent a musical bible, to listeners, scarcely less. Through what are on the surface simple dance suites, Bach takes us on a spiritual journey like no other, leading us from joy to tragedy, concluding in jubilation, even triumph. Award-winning international cellist Steven Isserlis, whose recent recording of the Suites met with the highest critical acclaim, goes deep into that emotional journey, bringing to bear all his many years' experience of performing the Suites. His book is intended as a rewarding companion for all music lovers, ranging from the casual listener to

the performing musician. By offering his own very personal observations of the music, Isserlis's aim is to take the reader further into the world of the Suites in order to enhance the experience of hearing some of the greatest works ever composed. Praise for Steven Isserlis' BACH: THE CELLO SUITES 'The most wonderful cello-playing, surely among the most consistently beautiful to have been heard in this demanding music.'

GRAMOPHONE 'Isserlis has done the impossible. He has given the listener something new, and indeed something outstandingly good . . . This recording can sit proudly on the shelf alongside the great recordings of Casals and Rostropovich. In fact, I may find myself picking it up as the favourite.' BBC RADIO 3

*Johann Sebastian Bach : Overture-suite No. 1 in C Major BWV 1066* Createspace Independent Pub

J. S. Bach's Suites for Unaccompanied Cello are among the most cherished and frequently played works in the entire literature of music, and yet they have never been the subject of a full-length music analytical study. The musical examples herein include every note of all movements (so one needs no separate copy of the music while reading the book), and undertakes both basic analyses—harmonic reduction, functional harmonic analysis, step progression analysis, form analysis, and syntagmatic and paradigmatic melodic analysis—and specialized analyses for some of the individual movements. Allen Winold presents a comprehensive study intended not only for cellists, but also for other performers, music theorists, music educators, and informed general readers.

Benefiting from the research of eminent Bach scholars, this 1997 Companion examines Bach's work in the context of his age.

**Personal Recollections of Johannes Brahms** Edward B Marks Music

"This five book series will guide the emerging or experienced cellist or teacher through concise, organized steps to becoming or producing a fine cellist. It is designed to be an on-the-music-stand companion for a daily journey of cello discovery."--P. [4] de la couv.

**Johann Sebastian Bach - Cello Suite No.1 in G Major - BWV 1007 - A Score for the Cello** Hal Leonard Corporation

An award-winning journey through Johann Sebastian Bach's six cello suites and the brilliant musician who revealed their lasting

genius. One fateful evening, journalist and pop-music critic Eric Soblin attended a recital of Johann Sebastian Bach's Cello Suites—an experience that set him on an epic quest to uncover the mysterious history of the entrancing compositions and their miraculous reemergence nearly two hundred years later. In pursuit of his musicological obsession, Soblin would unravel three centuries of intrigue, politics, and passion. Winner of the Mavis Gallant Prize for Non-fiction and the McAuslan First Book Prize, *The Cello Suites* weaves together three dramatic narratives: the disappearance of Bach's manuscript in the eighteenth century, Pablo Casals's discovery and popularization of the music in Spain in the late nineteenth century, and Soblin's infatuation with the suites in the present day. The search led Soblin to Barcelona, where Casals, just thirteen and in possession of his first cello, roamed the backstreets with his father in search of sheet music and found Bach's lost suites tucked in a dark corner of a store. Casals played them every day for twelve years before finally performing them in public. Soblin sheds new light on the mysteries that continue to haunt this music more than 250 years after its composer's death: Why did Bach compose the suites for the cello, then considered a lowly instrument? What happened to the original manuscript? A seamless blend of biography and music history, *The Cello Suites* is a true-life journey of discovery, fueled by the power of these musical masterpieces. "The ironies of artistic genius and public taste are subtly explored in this winding, entertaining tale of a musical masterpiece." —Publishers Weekly "Soblin's writing is most inspired when describing the life of Casals, showing a genuine affection for the cellist, who . . . used his instrument and the suites as weapons of protest and pleas for peace." —Booklist, starred review

**The Bach Cello Suites for Guitar** Ricordi

Six of Bach's best Preludes for solo classical guitar (in standard notation and tab). Includes: Prelude No. 1 from the Well-Tempered Clavier, Book I (BWV 846); Prelude No. 6 from the Well-Tempered Clavier, Book I (BWV 851); Prelude No. 3 from the Well-Tempered Clavier, Book II (BWV 872); Little Prelude No. 2 from Six Little Preludes (BWV 934); Prelude for Lute (BWV 999); Prelude from Cello Suite No. 1 (BWV 1007).
