Born and raised in a small town, author Zarah Everly grew up in poverty and was regularly exposed to sexual abuse and harmful addictions at a young age.

As she learned about God, she prayed to Him in the hope of leaving the tough situation. In *The Faithful God of Abraham, Isaac, and Jacob*, she shares her life journey, speaking of her evolution as a Christian woman, broken, fallen, and in desperate need of saving. In this memoir, she talks about her intimate walk with God as a sinful, yet justified, individual. Everly chronicles the realities she faced and how she had become an adulterer, fornicator, liar, thief, murderer, coveter, and idolater who was hateful, envious, gossipy, proud, disobedient, unmerciful, and unthankful. And, she describes how by God's grace she was delivered, healed, sanctified, perfected, and made complete. She became a holy, blameless, and justified friend of God. *The Faithful God of Abraham, Isaac, and Jacob* narrates

how God answered Everly's prayers and tells of the warmth and comfort she received in times of desperation, hurt, and pain.

On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her

grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity. Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. FUN FACT: "Becoming Zara" is a standalone novella, but if you're following the character of Samantha Bradford as she crosses off the items of her bucket list (the Single Wide Female Series), this is the book that Samantha publishes to complete her bucket list item #18 (Publish a Book). Note: You can download #1 Learn Pole Dancing of that series for free. \*\*\* Hi, I'm Zara...warrior princess. I don't usually tell that last bit to strangers, but I say it in my head all the time. It's one of the many mantras that have helped me to get to where I am today. And believe me when I say that I've come a long way. Besides, if you're a woman and you happen to have ever struggled with issues of self-esteem, we're probably gonna be fast friends anyway, so I won't hold anything (much) back. Oh, and Zara wasn't the name I was born with- but you'll find out more about that in the book. I don't know about you, but my own struggle with my weight has held me back a bit in life. And my self-esteem took a real nose dive after my fiance dumped me-via text, no less. (I know, right?)

Jerk!...but I don't usually dwell on things in the past, so let's just move right along from that, shall we?) So, I'm still a work-in-progress for sure, but I'm really starting to figure it all out-how to be more of who I'm meant to be every day-including the bumps, the lumps, and my bruised ego along the way. Oh and I love my sisterhood (more about that later) - the women who join me in believing that we are all capable of being strong, amazing, warrior princesses-just the way we are right now."

*How Do You Dance?* The Night Before My Dance Recital

A hockey romance love story challenging the creation of love itself. Is love something manifested through experience, wants, needs, desire and luck? Or is love just "there?" Perhaps the seed of love is planted by the spiritual energies of the universe after which fateful life experience dictates. True love manifested dependent on circumstance.

Uncontrollable, creating anxiety with the thought. Cathy Wilson delivers again with a spectacular story in fiction hockey romance. A tale of two lives so inertly different interconnecting through a passion for hockey.

Marcus, a young man you normally wouldn't notice. Rather plain looking, not many friends, more like acquaintances, definitely a different breed. A people pleaser you could say. Used often by acquaintances and discarded afterwards.

Marcus grounds himself playing hockey, the only time he can shut his "thoughts" off. Falls head over heels for a wonderful woman at a vulnerable time in her life. Trista, a single young mother of three struggling to make ends meet. Desperate to give her kids the world but unable to accept the support she needs to do so. Strong willed, determined, trusting, forgiving, with a carefree spirit and unguarded heart. They meet . . . Her gut says no. Her head says yes. A decision that will change her life forever. Deep dark secrets uncovered, wrongs trying to be made right. Should Trista follow her inert instincts, vulnerable head or confused head? Hockey romance at it's best!

In high school, despite my passion for and acumen in math and science, I was counseled to avoid higher education in these fields because there would not be employment opportunities for a blind man in these disciplines. *Surpassing Expectations: My Life without Sight* is a memoir which describes the activities that brought me international acclaim as a scientist, policymaker, and advocate. Dozens of vignettes are included that portray my joyous and successful life despite having been blind since the age of five. The book was written to be informative, entertaining, and, hopefully for some,

inspirational. Many people have a disability or at least a functional limitation, and too many of them feel lost, not knowing whether life will ever be fulfilling for them. Often they are helped by learning about someone else with a disability who had the motivation, persistence, and tools that allowed him or her to overcome their difficulties and to attain a higher quality of life. My book is intended to serve this purpose. Dispersed throughout the autobiographical material, I answer questions that people regularly pose to me: What emotional crises did I face when adapting to blindness as a child? What barriers did I encounter during my education and when seeking competitive employment? What techniques do I use to ensure safe independent travel especially in foreign countries? What adaptations did I need to make as a husband and father? What type of technological tools do I use to reduce the effects of blindness? What imagery do blind people experience in their thoughts and dreams? The memoir describes legislation that I drafted, which enhanced computer

usability for people with disabilities. I also recount incidents that occurred during my numerous foreign travels, invitations to speak and advise in venues such as the White House and Universal Television studios, and my interactions with famous people from Swedish Queen Silvia to Geraldo Rivera. The book concludes with my thoughts on how I succeeded in my education and arduous career while enjoying an active life. I offer suggestions on how my formula for success and happiness can be emulated by others, especially young people who also have a disability. *Break-Away Activity Book Zone for Kids*  
*Abby* My heart races, palms sweat and knees go weak. I've never seen anyone like Drew in a science lab. He's made me a firm believer in chemistry existing outside a textbook. Until his ego shows up. Nope - No thank you. Moving on. I mean... who has an entourage in college? When our professor announces we'll be stuck as lab partners, I nearly lose my mind - I'm certain my dreams of becoming a doctor will go up in smoke with a distraction like him

around. Drew I don't date during the season. The number of trolls who venture into the arena simply to chase jerseys is unbelievable. In fact, I typically distance myself from the social side of being a college athlete because I have my eye on something bigger than our next D-1 championship. I've taken painstaking measures to avoid distractions - at all costs. This plan has worked perfectly until Abby shows up at my door. Gone is the plain studious girl I left in lab the day before. Left in her place is the intriguing woman I want to know better. Here I thought she wouldn't be a distraction - yeah right... I am so screwed. Abby's gorgeous and there's nothing plain about her. I am this close to having it all. If I let Abby in, will my perfectly laid out plans disappear?

The Empath. The word has found its way into our consciousness accompanied by ideas of healing, sharing emotion and pain. Empaths are sensitive, caring, responsive people who have at the core of their nature an innate ability to receive energy,

information and awareness from others with a depth and intensity that is beyond our customary understanding of empathy. Yet, this very receptivity and permeability brings its own challenges. It is vital for empaths to recognize themselves as such and to consciously explore, understand and address this energetic flow in their life. Self-inquiry is the essential tool to understanding all that motivates and colors your experience of the world. The book explores in

depth this receptivity, as well as tools, concepts and approaches to support understanding and how to flourish with this heightened sensitivity.
