Password Journal Small Elsevier

Disclaimer This Ultimate Password Logbook And Internet Password Organizer comes WITH ALPHABETICAL TABS. In this book the tabs are not like traditional CUT OUTS rather each letter is placed on top Right and Left corner of each Odd and Even Pages and Alphabets are on FULL BLACK SQUARE that makes them very easy to find out. Exactly like this:172; 173; 174; Please browse this page through Computer and look inside for better understanding if you are still confused. A password organizer of some sort is essential these days, to help you keep track of the myriad of passwords that you have set up for websites, online accounts and more. □ YOU CAN'T REMEMBER EVERYTHING First, even if you think you can remember all those passwords, frankly, you can't. Everyone's mind slips sometimes, and you may not log in to certain accounts but once or twice a year, making it difficult under the

best circumstances. □ NOT ONLY PASSWORDS BUT YOU SHOULD RECORD OTHER INFORMATION Second, it isn't just the passwords you need to sometimes know, but also usernames, what email address you have associated with the account, the name or web address of where to log in, or a myriad of other information. □ WITHOUT ORGANIZER YOU CAN'T SHARE ACCESS TO YOUR TRUSTED ONES Third, what happens if you're incapacitated for a while? We all should have Plan B in our lives. What will happen if you die suddenly and your beloved and clozed ones can't access to your information that you want them to handle on your absence. Or how would a trusted friend or loved one be able to access the sometimes vital information within these accounts if you are unable to do so if you haven't given them some type of information to go by. 4A5; FLAT 51% OFF FOR NEXT 7 HOURS 4A5; 525; CLICK ADD TO CART NOW - SALE ENDS TODAY 525; This 5" x 8" Elegant Password Organizer consists of 112 white Pages and designed very carefully by experts that's why this is the best designed organizer in the market (at least we believe). The Book Contains: □ Perfectly sized at 5" X 8". We believe this is the perfect size where you will get enough writing space and it is very much portable. □ It has 4 pages (2 front, 2 back) for each letter of the alphabet and tabs for each alphabet at the top right and left corner. So it's easy to flip through and find the page you need. □ Each entry has a spot for the Website Address, Username, Password, Hints or Clues and Notes about your desire website. □ It has 4 EXTRA PAGES at the back where you can write hundreds of passwords and free space to write down your notes/comments or any other vital information. □ 2 dedicated pages at the

beginning to put your Network and Internet Service Provider Information which are missing in most of the other password organizers. You will often need this information specially if you install new operating system or give access to your Wifi Connection to others. □ Premium Glossy Cover Design. You WILL love our Gorgeous cover - we guarantee. □ 110 (90 GSM) White Pages. The pages are not thin like ordinary journals. “ WE GENUINELY WISH YOU TO SAVE YOUR HARD EARNED MONEY. YOU MAY BARELY FIND SUCH WELL DESIGNED PASSWORD ORGANIZER AT SUCH LOW PRICE. SO DON'T MISS FLASH SALE AND GET YOUR COPY NOW. ”

Password Book Saver Independently Published

Keep all your online login details safe and secure with this username and password book All your login passwords and usernames, and lots more, can be kept away from prying eyes with this internet password log book, allowing you to be confident that no-one else has access to your accounts. When you think about it, we regularly login to our favorite sites where passwords and usernames are required but we also use the internet to access things like our store accounts, bank accounts, and social media accounts, and so on. That's a lot of information to remember so a written record, like this username and password keeper, is very often the best way to do so. Most website and password books only allow you to record the sparsest details like the website's URL, and your username and password, but this one lets you record additional information such as: When you opened an account or subscribed to an account on a website Whether it was free to subscribe or if you had to pay If you had to pay, how much it was and how you paid for it If you unsubscribed - the date you did so Any ID or PIN that you had to create The email address that you used to subscribe to the site - many people have more than one email account and it can be frustrating if you can't remember which one you used (see below for more details about email accounts) Sometimes you have to create a security question and answer - this website password book gives you space to record those as well And if that's not enough, there is also a

space to make notes within the password/username section People still love the feel of a physical book, even in this digital age, and this book goes the extra mile to give you value for money: Each page is alphabetically ordered There are 150 pages in total allowing you to record login details for 284 websites At the rear of the book there are sections in which you can record details of all your email accounts - personal and work, etc. together with a space to add notes Also at the back of the book is a stand-alone Notes section in which you can record anything you like, for instance: your house alarm

number; your phone PIN; credit/debit card information; home network information; Wi-Fi password and network ID; software license registration numbers - the list goes on, it's up to you how you use this space The book itself is a flexible paperback measuring 6" wide x 9" high, and the cover is a matte finish. Even with all that it has going for it, and all the features and benefits within it, this book is still very competitively priced and we at Booksy Publishing believe it is the best password organizer for your needs. And of course, should you buy the book and not be satisfied with it, you are covered by Amazon's returns policy. Get your copy now.
