How to Avoid a Climate Disaster One World

"Savvy and insightful." --New York Times Technology has become the architect of our intimacies. Online, we fall prey to the illusion of companionship, gathering thousands of Twitter and Facebook friends, and confusing tweets and wall posts with authentic communication. But this relentless connection leads to a deep solitude. MIT professor Sherry Turkle argues that as technology ramps up, our emotional lives ramp down. Based on hundreds of interviews and with a new introduction taking us to the present day, Alone Together describes changing, unsettling relationships between friends, lovers, and families.

The second book in Lois Lowry's Giver Quartet, which began with the bestselling and Newbery Medal-winning *The Giver*. Left orphaned and physically flawed in a civilization that shuns and discards the weak, Kira faces a frighteningly uncertain future. Her neighbors are hostile, and no one but a small boy offers to help. When she is summoned to judgment by The Council of Guardians, Kira prepares to fight for her life. But the Council, to her surprise, has plans for her. Blessed with an almost magical talent that keeps her alive, the young girl faces new responsibilities and a set of mysteries deep within the only world she has ever known. On her quest for truth, Kira discovers things that will change her life and world forever. A compelling examination of a future society, *Gathering Blue* challenges readers to think about community, creativity, and the values that they have learned to accept. Once again Lois Lowry brings readers on a provocative journey that inspires contemplation long after the last page is turned. "This extraordinary novel is remarkable for its fully realized characters, gripping plot, and Lowry's singular vision of a future." —VOYA *The Giver* has become one of the most influential novels of our time. Don't miss the powerful companion novels in Lois Lowry's Giver Quartet: *Gathering Blue*, *Messenger*, and *Son*.

#1 NEW YORK TIMES BESTSELLER • Jake Brigance is back! The hero of *A Time to Kill*, one of the most popular novels of our time, returns in a courtroom drama that *The New York Times* says is "riveting" and "suspenseful." Clanton, Mississippi. 1990. Jake Brigance finds himself embroiled in a deeply divisive trial when the court appoints him attorney for Drew Gamble, a timid sixteen-year-

old boy accused of murdering a local deputy. Many in Clanton want a swift trial and the death penalty, but Brigance digs in and discovers that there is more to the story than meets the eye. Jake's fierce commitment to saving Drew from the gas chamber puts his career, his financial security, and the safety of his family on the line. In what may be the most personal and accomplished legal thriller of John Grisham's storied career, we deepen our acquaintance with the iconic Southern town of Clanton and the vivid cast of characters that so many readers know and cherish. The result is a richly rewarding novel that is both timely and timeless, full of wit, drama, and—most of all—heart. Bursting with all the courthouse scheming, small-town intrigue, and stunning plot twists that have become the hallmarks of the master of the legal thriller, *A Time for Mercy* is John Grisham's most powerful courtroom drama yet. There is a time to kill and a time for justice. Now comes *A Time for Mercy*. Don't miss John Grisham's new book, *THE EXCHANGE: AFTER THE FIRM!*

"My father lost my mother one evening in a final round of gambling at the poker table," writes the narrator of "When She Was Queen," the title story of a new collection by bestselling novelist and two-time winner of the Giller Prize, M.G. Vassanji. That fateful evening in Kenya becomes "the obsessive and dark centre" of the young man's existence and leads him, years later in Toronto, to unearth an even darker family secret. In "The Girl With The Bicycle," a man witnesses a woman from his hometown of Dar es Salaam spit at a corpse as it lies in state at a Toronto mosque. As he struggles to fathom her strange behaviour, he finds himself prey to memories and images from the past—and to perilous yearnings that could jeopardize his comfortable, middle-aged life. Still reeling from the impact of his wife's betrayal, a man decides to stop in on an old college friend in "Elvis, Raja." But he soon realizes that it's not always wise to visit the past as he finds himself trapped in a most curious household, where Elvis Presley has replaced the traditional Hindu gods. The other stories in the collection also feature exceptional lives transplanted. A young man returns to his roots in India, hoping to find his uncle and, perhaps, a bride. Instead, he becomes a reluctant guru to the residents of his ancestral village. A mukhi must choose between granting the final sacrilegious wish of a dying man and abiding by religious custom in a community that considers him a representative of God. A woman is torn between the voice of her dead husband—a cold and grim-natured atheist—and her new, kind and loving husband whose faith nevertheless places constraints on her as a woman. On Halloween night, a scientist lays bare his horrifying plan to seek vengeance on the man who thwarted his career. Set variously in Kenya, Canada, India, Pakistan, and the American Midwest, these poignant and evocative stories portray migrants negotiating the in-between worlds of east and west, past and present, secular and religious. Richly detailed and full of vivid characters, the stories are worlds unto themselves, just as a dusty African street full of bustling shops is a world, and so is the small matrix of lives enclosed by an intimate Toronto neighbourhood. It is the smells and sentiments and small gestures that constitute life, and of these Vassanji is a master. Vassanji's seventh book and his second collection of short stories, *When She Was Queen* was shortlisted for the 2006 Toronto Book Award. The jury said: "Vassanji's Naipaulian language is like a sharp short knife that cuts through the superficial and gets to the heart and soul of the narrative."

The dot.com crash of 2000 was a wake-up call, and told us that the Web has far to go before

achieving the acceptance predicted for it in '95. A large part of what is missing is quality; a primary component of the missing quality is usability. The Web is not nearly as easy to use as it needs to be for the average person to rely on it for everyday information, commerce, and entertainment. In response to strong feedback from readers of *GUI BLOOPERS* calling for a book devoted exclusively to Web design bloopers, Jeff Johnson calls attention to the most frequently occurring and annoying design bloopers from real web sites he has worked on or researched. Not just a critique of these bloopers and their sites, this book shows how to correct or avoid the blooper and gives a detailed analysis of each design problem. Hear Jeff Johnson's interview podcast on software and website usability at the University of Canterbury (25 min.) Discusses in detail 60 of the most common and critical web design mistakes, along with the solutions, challenges, and tradeoffs associated with them. Covers important subject areas such as: content, task-support, navigation, forms, searches, writing, link appearance, and graphic design and layout. Organized and formatted based on the results of its own usability test performed by web designers themselves. Features its own web site (www.web-bloopers.com) with new and emerging web design no-no's (because new bloopers are born every day) along with a much requested printable blooper checklist for web designers and developers to use.

#1 NEW YORK TIMES BEST SELLER • In this urgent, authoritative book, Bill Gates sets out a wide-ranging, practical—and accessible—plan for how the world can get to zero greenhouse gas emissions in time to avoid a climate catastrophe. Bill Gates has spent a decade investigating the causes and effects of climate change. With the help of experts in the fields of physics, chemistry, biology, engineering, political science, and finance, he has focused on what must be done in order to stop the planet's slide to certain environmental disaster. In this book, he not only explains why we need to work toward net-zero emissions of greenhouse gases, but also details what we need to do to achieve this profoundly important goal. He gives us a clear-eyed description of the challenges we face. Drawing on his understanding of innovation and what it takes to get new ideas into the market, he describes the areas in which technology is already helping to reduce emissions, where and how the current technology can be made to function more effectively, where breakthrough technologies are needed, and who is working on these essential innovations. Finally, he lays out a concrete, practical plan for achieving the goal of zero emissions—suggesting not only policies that governments should adopt, but what we as individuals can do to keep our government, our employers, and ourselves accountable in this crucial enterprise. As Bill Gates makes clear, achieving zero emissions will not be simple or easy to do, but if we follow the plan he sets out here, it is a goal firmly within our reach.

The story of Kurt Vonnegut and Slaughterhouse-Five, an enduring masterpiece on trauma and memory Kurt Vonnegut was twenty years old when he enlisted in the United States Army. Less than two years later, he was captured by the Germans in the single deadliest US engagement of the war, the Battle of the Bulge. He was taken to a POW camp, then transferred to a work camp near Dresden, and held in a slaughterhouse called Schlachthof Fünf where he survived the horrific firebombing that killed thousands and destroyed the city. To the millions of fans of Vonnegut's great novel Slaughterhouse-Five, these details are familiar. They're told by the book's author/narrator, and experienced by his enduring character Billy Pilgrim, a war veteran who "has come unstuck in time." Writing during the tumultuous days of the Vietnam conflict, with the novel, Vonnegut had, after more than two decades of struggle, taken trauma and created a work of art, one that still resonates today. In *The Writer's Crusade*, author Tom Roston examines the connection between Vonnegut's life and Slaughterhouse-Five. Did Vonnegut suffer from Post-Traumatic Stress Disorder? Did Billy Pilgrim? Roston probes Vonnegut's work, his personal history, and discarded drafts of the novel, as well as original interviews with the writer's family, friends, scholars, psychologists, and other novelists including Karl Marlantes, Kevin Powers, and Tim O'Brien. *The Writer's Crusade* is a literary and biographical journey that asks fundamental questions about trauma, creativity, and the power of storytelling.

NATIONAL BESTSELLER • NOW A MAJOR MOTION PICTURE starring Abigail Cowen, Tom Lewis, Nina Dobrev, with Logan Marshall Green and Eric Dane, special appearance by Famke Janssen. Distributed by Universal Pictures with a screenplay by Francine Rivers and D.J. Caruso. California's gold country, 1850. A time when men sold their souls for a bag of gold and women sold their bodies for a place to sleep. Angel expects nothing from men but betrayal. Sold into prostitution as a child, she survives by keeping her hatred alive. And what she hates most are the men who use her, leaving her empty and dead inside. Then she meets Michael Hosea, a man who seeks his Father's heart in everything. Michael obeys God's call to marry Angel and to love her unconditionally. Slowly, day by day, he defies Angel's every bitter expectation, until despite her resistance, her frozen heart begins to thaw. But with her unexpected softening comes overwhelming feelings of unworthiness and fear. And so Angel runs. Back to the darkness, away from her husband's pursuing love, terrified of the truth she no longer can deny: her final healing must come from the One who loves her even more than Michael does . . . the One who will never

let her go. A powerful retelling of the story of Gomer and Hosea, *Redeeming Love* is a life-changing story of God's unconditional, redemptive, all-consuming love. Includes a six-part reading group guide!

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. As a sentimental story with a moral lesson about gift-giving, it has been popular for adaptation, especially for presentation at Christmas time.

[Redeeming Love \(Movie Tie-In\)](#) Simon and Schuster

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

[Billboard](#) Radcliffe Publishing

Content protection and digital rights management (DRM) are fields that receive a lot of attention: content owners require systems that protect and maximize their revenues; consumers want backwards compatibility, while they fear that content owners will spy on their viewing habits; and academics are afraid that DRM may be a barrier to knowledge sharing. DRM technologies have a poor reputation and are not yet trusted. This book describes the key aspects of content protection and DRM systems, the objective being to demystify the technology and techniques. In the first part of the book, the author builds the foundations, with sections that cover the rationale for protecting digital video content; video piracy; current toolboxes that employ cryptography, watermarking, tamper resistance, and rights expression languages; different ways to model video content protection; and DRM. In the second part, he describes the main existing deployed solutions, including video ecosystems; how video is protected in broadcasting; descriptions of DRM systems, such as Microsoft's DRM and Apple's FairPlay; techniques for protecting prerecorded content distributed using DVDs or Blu-ray; and future methods used to protect content within the home network. The final part of the book looks towards future research topics, and the key problem of interoperability. While the book focuses on protecting video content, the DRM principles and technologies described are also used to protect many other types of content, such as ebooks, documents and games. The book will be of value to industrial researchers and engineers developing related technologies, academics and students in information security, cryptography and media systems, and engaged consumers.
