Now in its seventh year, this international two-day conference is firmly established as Europe's premier event for the thermoplastic elastomers industry. The TPE 2004 conference programme discussed technical developments and featured expert presentations on key market trends, new application developments and the very latest material innovations.

*Detroit Book* iSmithers Rapra Publishing

Surveying recent developments in coating polymers and plastics in the automotive industry, this book examines proper materials selection, basic processing mechanics, process selection based on cost and coating mechanics, molding, and performance and durability assessments. Techniques for salvaging plastics from used vehicles are highlighted, and North American and European techniques for coating plastics in the automotive industry are compared. The editors are members of the Federation of Societies for Coatings Technology. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com).

*Thermoplastic Elastomers TPE 2006* SAE International
