ISC Mathematics book  
1 for Class- 11  
This book contains a  
classic guide to  
drawing people,  
offering instructions  
and tips for drawing  
different poses and  
body types. It is split

into sixty-four easy exercises covering such subjects as 'Gesture Drawing', 'Group Poses', 'Study of the Bones', etc. With simple, step-by-step instructions and many helpful diagrams, this is a book that will be of considerable utility to anyone wishing to learn how to draw.

Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new introduction on illustration.

NEW VERSION:

Available now based on the 20th September 2019 CBSE Sample Paper. This Maths (Standard) book is extra special as it was prepared by a CBSE author who knows about CBSE markings, official paper setting and CBSE Class 10th Exam patterns more than any other CBSE expert in the country. We were lucky to have him prepare the papers of this Maths book. It's been bought by more than 20,000+ students

since it came out in October 2019 and is our best-seller already. This Book Covers the following: - 10 Practice Papers (solved) - 4 Self-assessment papers - CBSE September 2019 Sample Paper - CBSE March 2019 Board Paper (solved by topper) - CBSE 2018 Topper Answer Sheet Extra value items Added in this Book: - Utilising 15 minute reading time just before the exam (by CBSE topper) - Structuring your Maths Exam 3 hours smartly (by CBSE Markers) - 2020 marking scheme points (value points) underlined in each sample paper solution (CBSE markers look for these key points in your answers to allot full Marks). - The geometry section

diagrams are accurately drawn to clear your understanding of all kinds of geometry questions that can appear in the upcoming February 2020 exam. A must buy book as vouched by many experts in Mathematics!

For 2022 Examinations (2021-22) Hodder Education  
Oswal Publishers presents their series of ISC Most Likely Question Bank for Chemistry, for students preparing for class 12 ISC 2019 Examinations. This Question Bank comprises all types of questions sorted chapterwise and category wise, such as fill in the blanks, multiple choice questions, match the column, identify the

compounds/ products/ reagents, IUPAC nomenclature, reasoning based questions, balance the chemical equations, formula/ structure based questions, short answer questions/ definitions, numerical problems, differentiate between, laws and naming reactions, conversions, mechanism of reactions, description based questions.

ISC Mathematics book 1 for Class- 11 Arihant Publications India limited  
This text introduces the spirit and theory of hacking as well as the science behind it all; it also provides some core techniques and tricks of hacking so you can think like a hacker, write your own hacks or thwart potential system attacks.

This book explains the basic principles of Discrete Mathematics and Structures in a clear systematic manner. A contemporary approach is adopted throughout the book. The book is divided in five sections. First section discusses Set Theory, Relations and Functions, Probability and Counting Techniques; second section is about Recurrence Relations and Propositional Logic; third section is related to Lattices and Boolean algebra; fourth section includes study of Graph and Trees and the last section is about Algebraic Structures and Finite State Machines.

Suitable examples, illustrations and exercises are included throughout the book to facilitate an easier understanding of the subject. The book would serve as a comprehensive text for students of Computer Science & Engineering, Computer Applications and Information Technologies.

*Self-Help to ICSE MCQs  
Physics Class 10 (For  
Term I & II)* Goyal

Brothers Prakashan

Quantum theory is so shocking that Einstein could not bring himself to accept it. It is so important that it provides the fundamental underpinning of all modern sciences.

Without it, we'd have no nuclear power or nuclear weapons, no TV, no computers, no science of molecular biology, no understanding of DNA, no genetic engineering. In *Search of Schrodinger's Cat* tells the complete story of quantum mechanics, a truth stranger than any fiction. John Gribbin takes us step by step into an ever more bizarre and fascinating place, requiring only that we

approach it with an open mind. He introduces the scientists who developed quantum theory. He investigates the atom, radiation, time travel, the birth of the universe, superconductors and life itself. And in a world full of its own delights, mysteries and surprises, he searches for Schrodinger's Cat - a search for quantum reality - as he brings every reader to a clear understanding of the most important area of scientific study today - quantum physics. In *Search of Schrodinger's Cat* is a fascinating and delightful introduction to the strange world of the quantum - an essential element in understanding today's world.

MCDORMAND,

RICHARD JENKINS, AND

BILL MURRAY In a voice

more powerful and compassionate than ever before, New York Times bestselling author Elizabeth Strout binds together thirteen rich, luminous narratives into a book with the heft of a novel, through the presence of one larger-than-life, unforgettable character: Olive Kitteridge. At the edge of the continent, Crosby, Maine, may seem like nowhere, but seen through this brilliant writer's eyes, it's in essence the whole world, and the lives that are lived there are filled with all of the grand human drama—desire, despair, jealousy, hope, and love. At times stern, at other times patient, at times perceptive, at other times in sad denial, Olive Kitteridge, a retired

schoolteacher, deplores the changes in her little town and in the world at large, but she doesn't always recognize the changes in those around her: a lounge musician haunted by a past romance: a former student who has lost the will to live: Olive's own adult child, who feels tyrannized by her irrational sensitivities; and Henry, who finds his loyalty to his marriage both a blessing and a curse. As the townspeople grapple with their problems, mild and dire, Olive is brought to a deeper understanding of herself and her life—sometimes painfully, but always with ruthless honesty. Olive Kitteridge offers profound insights into the human

condition—its conflicts, its tragedies and joys, and the endurance it requires. NAMED ONE OF THE BEST BOOK OF THE YEAR BY People • USA Today • The Atlantic • The Washington Post Book World • Seattle Post-Intelligencer • Entertainment Weekly • The Christian Science Monitor • San Francisco Chronicle • Salon • San Antonio Express-News • Chicago Tribune • The Wall Street Journal “Perceptive, deeply empathetic . . . Olive is the axis around which these thirteen complex, relentlessly human narratives spin themselves into Elizabeth Strout's unforgettable novel in stories.”—O: The Oprah Magazine “Fiction lovers, remember this name: Olive Kitteridge.

. . . You'll never forget her. . . [Elizabeth Strout] constructs her stories with rich irony and moments of genuine surprise and intense emotion. . . . Glorious, powerful stuff."—USA Today

**BONUS:** This edition includes an excerpt from Elizabeth Strout's *The Burgess Boys*.  
ISC Chemistry Book 1 for Class XI (2021 Edition) Routledge

1. This book deals with CBSE New Pattern English Core Core for Class 10
2. It is divided into 3 Sections as per Term 1 Syllabus
3. Quick Revision Notes covering all the Topics of the chapter
4. Carries all types of Multiple Choice Questions (MCQs)
5. Detailed Explanation for all types of questions
6. 3 practice papers based on entire

Term 1 Syllabus with OMR Sheet With the introduction of new exam pattern, CBSE has introduced 2 Term Examination Policy, where; Term 1 deals with MCQ based questions, while Term 2 Consists of Subjective Questions. Introducing, Arihant's "CBSE New Pattern Series", the first of its kind providing the complete emphasize on Multiple Choice Questions which are designated in TERM 1 of each subject from Class 9th to 12th. Serving as a new preparatory guide, here's presenting the all new edition of "CBSE New Pattern English Core for Class 10 Term 1" that is designed to cover all the Term I chapters as per rationalized syllabus in a Complete

& Comprehensive form. Focusing on the MCQs, this book divided the first half syllabus of English Core into 3 Sections giving the complete coverage. Quick Revision Notes are covering all the Topics of the chapter. As per the prescribed pattern by the board, this book carries all types of Multiple Choice Questions (MCQs) including; Assertion - Reasoning Based MCQs and Cased MCQs for

the overall preparation. Detailed Explanations of the selected questions help students to get the pattern and questions as well. Lastly, 3 Practice Questions are provided for the revision of the concepts. TOC Section A: Reading, Section B: Writing, Section C: Literature, Practice Papers (1-3).
