The Essential Writings of Christian
 Mysticism New Press, The

Drawn from more than twenty of the books of Thich Nhat Hanh, these are the essential writings of one of the most popular spiritual writers of today.

Thought-provoking and inspiring, this selection is aimed at the mind, body and spirit.-- Provided by publisher.

*Zhuangzi: The Essential Writings with
 Selections from Traditional*

Commentaries Modern Library

The Essential Husserl, the first anthology in English of Edmund Husserl's major writings, provides access to the scope of his philosophical studies, including selections from his key works: Logical Investigations, Ideas I and II, Formal and Transcendental Logic, Experience and Judgment, Cartesian Meditations, The Crisis of European Sciences and Transcendental Phenomenology, and On the Phenomenology of the Consciousness of Internal Time. The collection is an indispensable resource for anyone interested in twentieth-

century philosophy.

The Essential Writings Modern

Spiritual Masters

The importance of this collection of writings of William James lies in the fact that it has been arranged to provide a systematic introduction to his major philosophical discoveries, and precisely to those doctrines and theories that are of most burning current interest. William James: The Essential Writings is a series of philosophical arguments on some of the most "obscure and head-cracking problems" in contemporary philosophy; the relation of thought to its object; the interrelationships between meaning and truth; the levels and structures of experience; the degrees of reality; the nature of the embodied self; the relation of ethics, aesthetics, and religious experience to man's strenuously and "heroically" active nature; and, above all, the structurization of the experienced life-world as the validating ground and origin of all theory; Bruce Wilshire has provided an introduction to William James's thought on these and other related points which is at once both substantial and subtle.

The Essential Writings New Century
Books

Although Auguste Comte is
conventionally acknowledged as one of
the founders of sociology and as a key

representative of positivism, few new
editions of his writings have been
published in the English language in this
century. He has become virtually
dissociated from the history of modern
positivism and the most recent debates
about it. Gertrud Lenzer maintains that
the work of Comte is, for better or for
worse, essential to an understanding of
the modern period of positivism. This
collection provides new access to the
work of Comte and gives practitioners of
various disciplines the possibility of
reassessing concepts that were first
introduced in Comte's writings. Today
much of the ordinary business of
academic disciplines is conducted under
the assumption that the realm of science
is essentially separate from the realms
of politics and science. A close reading of
Comte will reveal how deeply such
current ideas and theories were
originally embedded in a particular
political context. One of his central
methodological principles was that the
theory of society had to be removed
from the arena of political practice
precisely in order to control that practice
by means of these same sciences. It is in
Comte's work that the reader will be able
to observe how the forces of social and
political reaction began to be powerfully
organized to combat the critical forces in
its own and later eras. Auguste Comte
and Positivism will be of importance to
the work of philosophers, sociologists,
political theorists, and historians.

Mother Teresa Hendrickson Publishers
The Father of German Mysticism Meister
Eckhart (1260-1328) was a German
theologian, philosopher, professor, and
mystic. In his distinguished career, he
became a professor of theology at the
University of Paris and took a leading
pastoral and organizational role in the
Dominican Order. Later in his life he was

brought before the local Franciscan-led Inquisition and was tried as a heretic. In response Eckhart produced "The Defense" in which he famously defended his writings and refuted their heretical intent. This book collects his most important writings, including his many sermons, as well as his historic response to accusations of heresy.

Essential Writings of Meredith G. Kline Routledge

Dietrich Bonhoeffer was only thirty-nine years old when he was executed in a Nazi concentration camp in 1945, yet his courage, vision, and brilliance have greatly influenced the twentieth-century Church and theology. Particularly through his bestselling classic, *The Cost of Discipleship*, Bonhoeffer profoundly shaped such minds and movements as Martin Luther King, Jr., and Leonardo Boff, civil rights and liberation theology. *A Testament to Freedom*, completely revised and expanded for this edition, includes previously untranslated writings, excerpts from major books, sermons, and selected letters spanning the years of Bonhoeffer's pastoral and theological career. This magnificent volume takes readers on a historical and biographical journey that follows Bonhoeffer through the various stages of his life--as teacher, ecumenist, pastor, preacher, seminary director, prophet in the Nazi era and, finally, as martyr in pursuit of peace and justice.

Essential Writings Modern Library
"With a substantial introduction Thomas Merton includes a broad range of Merton's writings, including his letters, and highlights his threefold call: to prayer, to compassion, and to unity. It offers the essential writings of one of the greatest spiritual teachers of our time."--BOOK JACKET.

Hegel, the Essential Writings

Penguin

Physicist, mathematician, and logician Charles S. Peirce (1839-1914) was America's first internationally recognized philosopher, the man who created the concept of "pragmatism," later popularized by William James. *Charles S. Peirce: The Essential Writings* is a comprehensive collection of the philosopher's writings, including: "Questions Concerning Certain Faculties Claimed for Man" (1868), which outlines his theory of knowledge; a review of the works of George Berkeley; papers from between 1877 and 1905 developing the ground of pragmatism and Peirce's theory of scientific inquiry; his basic concept of metaphysics (1891-93); and the important 1902 articles in Baldwin's dictionary on his later pragmatism (or pragmaticism), uniformity, and synechism. Included are Peirce's well-known essays: "The Fixation of Belief" and "How to Make Our Ideas Clear."
Book jacket.

The Essential Writings of Sabina Spielrein Modern Library

This clear and comprehensive anthology, culled from the vast corpus of Christian mystical literature by the renowned theologian and historian Bernard McGinn, presents nearly one hundred selections, from the writings of Origen of Alexandria in the third century to the work of twentieth-century mystics such as Thomas Merton. Uniquely organized by subject rather than by author, *The Essential Writings of Christian Mysticism* explores how human life is transformed through the search for direct contact with God. Part one examines the preparation for encountering God through biblical interpretation and prayer; the second part focuses on the

mystics' actual encounters with God; and part three addresses the implications of the mystical life, showing how mystics have been received over time, and how they practice their faith through private contemplation and public actions. In addition to his illuminating Introduction, Bernard McGinn provides accessible headnotes for each section, as well as numerous biographical sketches and a selected bibliography. Praise for *The Essential Writings of Christian Mysticism* "No one is better equipped than Bernard McGinn to provide a thorough and balanced guide to this vast literature....This is an anthology which deserves to be read not only by those who study Christian history and theology, but by believers who long to deepen their own lives of prayer and service." -- Anglican Theological Review "Bernard McGinn, a preeminent historian and interpreter of the Christian mystical tradition, has edited this fine collection of mystical writings, organizing them thematically....McGinn offers helpful introductions to each thematic section, author and entry, as well as a brief critical bibliography on mysticism. Published in the Modern Library Classic series, this is a great value." -- Christian Century "No-one is better equipped than Professor McGinn to provide a thorough and balanced guide to this vast literature. A first-class selection, by a first-class scholar." -- Rowan Williams, Archbishop of Canterbury "This accessible anthology by the scholarly world's leading historian of the Western Christian mystical tradition easily outstrips all others in its comprehensiveness, the aptness of its selection of texts, and in the intelligent manner of its organization." -- Denys Turner, Horace Tracy Pitkin Professor of Historical Theology, Yale Divinity School

"An immensely rich anthology, assembled and introduced by our foremost student of mysticism. Both the scholar and the disciple will find God's plenty here." -- Barbara Newman, Professor of English, Religion, and Classics, John Evans Professor of Latin, Northwestern University "An unusually clear and insightful exposition of major texts selected by one of the greatest scholars in the field of Christian mysticism, based on his vast erudition and uniquely sensitive interpretation. Like his other books, this one too is destined to become a classic." -- Professor Moshe Idel, Hebrew University, Jerusalem

The Essential Husserl Orbis Books

"The Essential Writings is an anthology of Marion's diverse writings in the history of philosophy, Christian theology, and phenomenology. The general introduction provides students with sufficient background for them to tackle the work of this important contemporary philosopher without first having to take preliminary courses on Husserl and Heidegger"--Provided by publisher

The Book of Mu Harper Collins

"Drawing from all of his many published books, as well as little-known essays and several pieces translated specially for this volume, Gustavo Gutierrez: Essential Writings provides an overview and an entry into the mind of a great modern Christian thinker." "Twenty-five years after the publication of his classic work *A Theology of Liberation*, this anthology offers a comprehensive view of the work of this Peruvian priest and theologian. Gutierrez has permanently altered the modern theological landscape, challenging all theologians and the world church to hear the gospel message from the "underside of history," from the perspective of the poor and oppressed."

-BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved
Howard Thurman Modern Library
 A volume of Thomas Paine's most essential works, showcasing one of American history's most eloquent proponents of democracy. Upon publication, Thomas Paine's modest pamphlet *Common Sense* shocked and spurred the founding American colonies of 1776 to action. It demanded freedom from Britain—when even the most fervent patriots were only advocating tax reform. Paine's daring prose paved the way for the Declaration of Independence and, consequently, the Revolutionary War. For "without the pen of Paine," as John Adams said, "the sword of Washington would have been wielded in vain." Later, his impassioned defense of the French Revolution, *Rights of Man*, caused a worldwide sensation. Napoleon, for one, claimed to have slept with a copy under his pillow, recommending that "a statue of gold should be erected to [Paine] in every city in the universe." Here in one volume, these two complete works are joined with selections from Paine's other major essays, "The Crisis," "The Age of Reason," and "Agrarian Justice." Includes a Foreword by Jack Fruchtman Jr. and an Introduction by Sidney Hook

The Essential Writings of Vannevar Bush Harper Collins

Introduction by Mary Oliver Commentary by Henry James, Robert Frost, Matthew Arnold, Oliver Wendell Holmes, and Henry David Thoreau The definitive collection of Emerson's major speeches, essays, and poetry, *The Essential Writings of Ralph Waldo Emerson* chronicles the life's work of a true "American Scholar." As one of the architects of the transcendentalist

movement, Emerson embraced a philosophy that championed the individual, emphasized independent thought, and prized "the splendid labyrinth of one's own perceptions." More than any writer of his time, he forged a style distinct from his European predecessors and embodied and defined what it meant to be an American. Matthew Arnold called Emerson's essays "the most important work done in prose." INCLUDES A MODERN LIBRARY READING GROUP GUIDE

Thich Nhat Hanh: Essential Writings
 Orbis Books

Praise for Volume 1: ". . . a first-rate edition, which supersedes all other portable Peirces. . . all the Peirce most people will ever need." —Louis Menand, *The New York Review of Books* Volume 2 of this convenient two-volume chronological reader's edition provides the first comprehensive anthology of the brilliant American thinker Charles Sanders Peirce's mature philosophy. A central focus of Volume 2 is Peirce's evolving theory of signs and its application to his pragmatism.

Jefferson Davis: The Essential Writings Indiana University Press

"Mother Teresa of Calcutta, Foundress of the Missionaries of Charity, is widely regarded as one of the outstanding Christians of the Twentieth century. Before her death in 1997 she had come to embody for many people the modern definition of holiness. This selection of her writings highlights the essential dimensions of her spiritual message."--

Thomas Merton Kregel Academic

Jefferson Davis is one of the most complex and controversial figures in American political history (and the man

whom Oscar Wilde wanted to meet more than anyone when he made his tour of the United States). Elected president of the Confederacy and later accused of participating in the assassination of Abraham Lincoln, he is a source of ongoing dissension between northerners and southerners. This volume, the first of its kind, is a selected collection of his writings culled in large part from the authoritative Papers of Jefferson Davis, a multivolume edition of his letters and speeches published by the Louisiana State University Press, and includes thirteen documents from manuscript collections and one privately held document that have never before appeared in a modern scholarly edition. From letters as a college student to his sister, to major speeches on the Constitution, slavery, and sectional issues, to his farewell to the U.S. Senate, to his inaugural address as Confederate president, to letters from prison to his wife, these selected pieces present the many faces of the enigmatic Jefferson Davis. As William J. Cooper, Jr., writes in his Introduction, "Davis's notability does not come solely from his crucial role in the Civil War. Born on the Kentucky frontier in the first decade of the nineteenth century, he witnessed and participated in the epochal transformation of the United States from a fledgling country to a strong nation spanning the continent. In his earliest years his father moved farther south and west to Mississippi. As a young army officer just out of West Point, he served on the northwestern and southwestern frontiers in an army whose chief mission was to protect settlers surging westward. Then, in 1846 and 1847, as colonel of the First Mississippi Regiment,

he fought in the Mexican War, which resulted in 1848 in the Mexican Cession, a massive addition to the United States of some 500,000 square miles, including California and the modern Southwest. As secretary of war and U.S. senator in the 1850s, he advocated government support for the building of a transcontinental railroad that he believed essential to bind the nation from ocean to ocean."

Ethics Simon and Schuster

Sabina Spielrein's writings explore the burning topics in the early days of psychoanalysis while providing insight into the culture of the time and her own personal struggles. After a comprehensive historical and biographical introduction to Spielrein by John Launer, *The Essential Writings of Sabina Spielrein: Pioneer of Psychoanalysis* presents full-length English translations of her first three and most essential writings, offering deep insight into her brilliant and pioneering mind: The first unabridged English rendition of her medical dissertation of 1911, entitled "On the Psychological Content of a Case of Schizophrenia (Dementia Praecox)", with an afterword by Adrienne Harris A new, improved English translation of Spielrein's seminal essay of 1912, "Destruction as the Cause of Becoming" A faithful English rendition of her 1913 essay "Contributions to Understanding a Child's Mind" *The Essential Writings of Sabina Spielrein: Pioneer of Psychoanalysis* presents a rich source of materials and inspiration to psychoanalysts, psychoanalytic psychotherapists and analytical psychologists, as well as scholars in the humanities and the behavioral sciences.
